## Los cuatro elementos

La existencia como tal, representada por sus cuatro elementos fundamentales: Fuego, Tierra, Agua y Aire, sirvió de inspiración para la exitosa organización y celebración de los XIX Juegos.

Cuatro elementos que son parte integra de la competencia, de la felicidad por la victoria, de la tristeza por la derrota y del drama humano por alcanzar la gloria.

**Fuego**
Energía siempre joven de los atletas participantes, de la competencia.

**Tierra**
Espacio que habitamos los seres vivos, el esplendor mismo de la naturaleza.

**Agua**
Elemento perfecto y complementario de la vida, cuyo significado envuelve vida, evolución, sacrificio, amor, dolor y muerte.

**Aire**
Es vitalidad, energía, esencia del triunfo, aliento de vida, porque el soplo divino garantizó su perpetuidad.

## The four elements

Existence as such, represented by its four fundamental elements: Fire, Earth, Water and Air, was the inspiration for the successful staging on and celebration of the XIX Games.

Four elements which are integral parts of competition, of the joy of victory, of the desolation of defeat and of the human drama of the quest for glory.

**Fire**
Forever young energy of the athletes taking part, the human burst heat of competition.

**Earth**
Habitat of living beings, the very splendour of nature herself.

**Water**
Perfect element complementary to life, the meaning of the which involves life, evolution, sacrifice, love, pain and death.

**Air**
Vitaly, ehergy, the very essence of triumph, true life breath because it was the blow of the divine that granted it for perpetuity.

El Salvador 2002

## INTRODUCCIÓN

Para los salvadoreños, haber realizado los XIX Juegos representó la ocasión para demostrar con hechos, lo mucho que hemos crecido con respecto al ranking deportivo de la región, esto medido tanto en capacidad competitiva, la cual cualitativamente otorga un lugar importante a nuestros atletas; así como en capacidad organizativa, en la que nos consideramos líderes con amplia ventaja sobre el resto de países.

Los XIX Juegos, considerados por los países participantes y la misma ODECABE, como los más grandes de la historia, nos dieron la oportunidad de exhibir nuestra capacidad como nación, para ello el Comité Organizador (COSSAL) estuvo liderado por la ambición y espíritu de triunfo de su presidente, Enrique Molins, quien en todo momento contó con el respaldo de quien se autoproclamó amigo incondicional de los Juegos, el Presidente de la República, Francisco Flores.

Sólo así reconociendo que los Juegos eran un proyecto de nación, se podría alcanzar el éxito programado desde un principio, por ello los beneficios y el impacto social de los mismos serían enormes para la sociedad salvadoreña.

La construcción y reconstrucción de escenarios deportivos nunca representaron un gasto para la economía nacional, al contrario se convirtieron en la más exquisita inversión para el deporte salvadoreño; lo mismo ocurrió con la asignación de presupuesto para la reconstrucción de la Universidad de El Salvador, cuyas instalaciones fueron utilizadas como Villa CABE, y que como legado, hoy en día los estudiantes disfrutan de uno de los campus universitarios más modernos de Latinoamérica.

## INTRODUCTION

For us, Salvadorans, to have celebrated the XIXth. Games represented the occasion to show with facts how much have we grown with respect to the sports ranking of the region, and this measured as much in competitive capacity, the which qualitatively bestows an important position to our athletes, as in organizational capacity, on which matter we got a right to consider ourselves leaders with a wide way ahead over the rest of the participant and neighboring countries.

The XIXth. Games, considered by the participant countries and the very same ODECABE as the greatest of their kind in our History, gave us the opportunity to show us our capacity as a Nation. For that purpose, the Organizing Committee (COSSAL) was led by the ambition and winning spirit of its President, Enrique Molins, who was at all times supported by the President of the Republic, Francisco Flores, who proclaimed himself "unconditional friend" of the Games.

Only thus, acknowledging the Games were a Nation project, could be achieved -as it was- the since the beginning programmed success and it was because of it that the benefits and social impact of the same would be the enormous they were for Salvadoran society.

The building and re-building of sports grounds, locations and sites never represented an expense for the national economy; on the contrary, they became the most exquisite and by then indispensable investment on Salvadoran sports activities, the which settings were used as CABE (Central American and Caribbean Games) Village and will continue being used for sports as a legacy. From then on and nowadays, students enjoy of one of the most modern University sports campus of Latin America.

Con esa convicción se fueron dando uno a uno los pasos del éxito que distinguen al COSSAL, un modelo de seguridad impecable, el área de voluntariado excepcional, el protocolo recibió las mejores exclamaciones de admiración, el servicio de transporte siempre estuvo a tiempo, la Dirección Técnica realizó una labor que ha quedado plasmada como un formato a imitar para las futuras organizaciones, el Comedor de la Villa rozó la excelencia, esos son sólo algunos de los aciertos que en este documento quedan plasmados para la posteridad.

Mención especial para las espectaculares ceremonias de Inauguaración y clausura, donde la belleza y el colorido sacaron más de una lágrima de emoción a quienes tuvieron el privilegio de vivirlas, sean atletas, público en general o autoriadades del Comité Organizador.

Producir esta memoria como un documento que reúna todos esos ingredientes exquisitos de la labor de los salvadoreños en la organización de los XIX Juegos, es un motivo de orgullo para todos, un apretón de manos muy fuerte para la ODECABE, por no haber dudado nunca de nuestra capacidad, pese a que cuando miramos para atrás, en el camino vemos como hoy sólo son prueba superadas aquellas adversidades que incluso la misma naturaleza nos impuso, como lo fueron los terremotos de 2001, suscitados en la propia cintura de nuestra organización.

It was with that conviction in mind that were given all the necessary steps for the success that with these Games so much distinguished the Organizing Committee (COSSAL); amongst which steps were a neat safety and security model, an exceptional volunteer service area, a protocol that received the best admiration exclamations and foreign praise, a transportations service always timely and on time, a Technical Staffing work that fulfilled a task that has become a model format of what should be followed in future similar logistics of international events and the Village dining hall neared excellence. Those are only some of the successes that remain registered on this document for coming generations.

Special mention must be made of the spectacular Inauguration and Closing ceremonies, during which beauty and colorfulness brought out more than one emotive tear to all those who had the privilege to be present there to live them, either were they athletes, public in general or authorities of the Organizing Committee.

To produce this Memoir as an official document that meets all of those exquisite ingredients of the Salvadorans work previous to and during the organization of the XIX Games is a reason of pride for each one of us. Let us figuratively give a very strong hands shake to ODECABE for never having doubted nor questioned our capacity, despite when we look back the performed way, we see today how much those are only overcome tests on the path the adversities that even Nature imposed us as a country, like were the earthquakes of 2001, which cracked everything right in the middle of our organizing process.

Esperamos que disfrute esta Memoria, tal y como los salvadoreños hemos disfrutado en su producción, para que nuestros XIX Juegos sean recordados como lo que son, los mejores de la historia.

We hope you to enjoy this Memoir, just as us Salvadorans have enjoyed its production, so that our XIXth. Central American and Caribbean Games be remembered as they were, the best of their kind in our History.

## AGRADECIMIENTO

El Comité Organizador de los XIX Juegos Deportivos Centroamericanos y del Caribe, El Salvador 2002, quiere dejar plasmado, el más sincero agradecimiento por el respaldo recibido por parte del Presidente de la República, Lic. Francisco Flores, cuyo aporte garantizó el éxito de los mismos, los cuales han quedado registrados en la historia como lo más grandes de su género.

Y son los más grandes porque desde 1997, cuando el ex Presidente, Dr. Armando Calderón Sol, tuvo la visión de dar el aval para que se solicitara la sede de los Juegos, quedó claro que El Salvador contaba con el respaldo que sólo los grandes gobiernos le brindan a los grandes países, algo que el Presidente Flores así entendió de su antecesor y que no tuvo reparo en darle seguimiento.

No nos queda la menor duda que este Comité Organizador, los Juegos como tal y el deporte en general hemos gozado de los beneficios que nos brindó la capacidad de gobernar del Presidente Flores, que lo caracterizan como líder indiscutido de nuestro país.

Su afán de heredarle a El Salvador una juventud emprendedora, cuyo deseo de superación se cultiva en su período presidencial, permitió que nunca dudara en la inversión realizada, la cual nos brinda los escenarios deportivos más modernos y mejor equipados de Centro América.

Una y otra vez le hemos escuchado reconocer que el deporte nos permite contar con una juventud integral, educada con "disciplina e identificada con el trabajo en equipo", cualidades que marcan la diferencia entre las personas de bien y quienes prefieren las cosas fáciles que sólo el ocio, el sedentarismo y la delincuencia proporcionan.

Señor Presidente, del 23 de noviembre al 7 de diciembre de 2002, los salvadoreños vimos hecha realidad una de las decisiones más

## GRATITUDES

The Organizing Committee of the XIXth. Central American and Caribbean Games / El Salvador 2002 (COSSAL), would like to express its more sincere thanks to the President of the Republic, Mister Francisco Flores, for his support to this event, whose contribution certainly determined the success of the Games, which remain registered in our History as the greatest of their kind.

And they are the greatest because ever since 1997, when former President, Doctor Armando Calderón Sol had the stately vision to approve the official international request of being the seat of the Games, it remained more than clear that El Salvador could count with the support that only the great governments use to offer great countries, something that President Flores thus assumed from his predecessor and had no inconvenient to accept and follow-up.

We have not the slightest doubt that this Organizing Committee, the Games as such and sports activity in general, we all have enjoyed the benefits offered us by the stately governing capacity of President Flores, capacity that outline him as the indisputable leader of our country.

His zeal to inherit El Salvador a youth with initiative, the growth desire of the which be eagerly cultivated during his Executive period, allowed him never to doubt about the investment to be done, which, at present, has meant for us the most modern and best furnished sports venues in Central America.

Time after time we have heard him that sports let us count on an integral youth, educated with "discipline and identified with team work", qualities that make the difference between positive, good, noble people and those who rather look for the easy things that only laziness, being sedentary, delinquency and in general easy-money life may supply with.

Mister President, since November 23rd. to December 7th. of 2002, we Salvadorans have witnessed come true one of the most important decisions we have no motive to doubt you

importantes, que no dudamos usted tomó, como lo fue el hecho de haber apoyado sin ningún tipo de limitantes, que nuestro territorio sirviera de anfitrión de estos Juegos.

El impacto social para el país, sólo puede medirse en forma positiva, la historia le identificará como aquel Presidente que tuvo la brillante idea de reconstruir la Universidad de El Salvador, la cual fue utilizada como Villa durante los Juegos, y que posteriormente se convierte en una de las universidades más modernas de América Latina.

La infraestructura de la máxima casa de estudios superiores públicos de El Salvador, se encontraba en ruinas, cruelmente golpeada por terremotos como los de 1986 y 2001, así como por el deterioro al que fue sometida, a través de la guerra.

Sin embargo, cuando usted conoció la propuesta de que la universidad fuera la Villa, nunca dudó en aprobarla y con mucho entusiasmo nos contagió a los miembros del COSSAL, para brindar nuestro máximo esfuerzo en la realización de éste, que acaso, fue el proyecto más significativo que en forma conjunta realizamos, con lo cual usted le dio una gran lección, hasta quienes por medio de la política se hacen llamar amigos de la universidad, pero que en realidad la tenían sometida al más extremos de los abandonos.

Su presencia en los diferentes escenarios donde compitieron los atletas salvadoreños, fue un estímulo especial para ellos, las imágenes viéndole premiar los triunfos de Eva María Dimas, Francisco Suriano, Jorge Jiménez y los muchachos de la selección de fútbol, han quedado grabadas con mucha satisfacción en las mentes de quienes aplaudimos y nos emocionamos con esas heroicas hazañas de estos campeones.

Señor Presidente Flores, muchas gracias por este apretón de manos que le ha brindado al deporte salvadoreño, y a las futuras generaciones en general. Un buen trabajo, bien hecho.

took, as it was the fact of having unlimitedly backed that our territory could host the athletes and public that came to these Games.

The social impact for the country can only be positively measured and History will point at you as the President who had the bright idea to re-build the National University of El Salvador, with the design to use it as the athletes' Village during the Games and which, later on, becomes one of the most modern universities of Latin America. Because it is to be reminded that the infrastructure of the highest superior learning house of El Salvador was in ruins, cruelly ravaged by the 1986 and 2001 earthquakes, as well as by the deterioration it was submitted to along the civil conflict.

Nevertheless, when you officially knew the proposal that the National University be the host campus of the Athletic Village, you did not doubt a minute to approve it and very enthusiastically communicated the concept to the members of COSSAL, so we could offer our utmost effort for the staging of this, which well might have been the most meaningful project we ever had fulfilled as a team; decision with the which you gave a great lesson even to those radicals that through constant political activity insist to call themselves "friends of the University" but who, really, had gave it up to the most extreme careless and forsaken material condition.

Your presence on the different sporting fields where Salvadoran athletes competed was a special stimulus to all of them. The images showing you presenting the golden and silver awards to Eva María Dimas, Jorge Jiménez, Francisco Suriano and the boys of the National Soccer Team remain imprinted in the minds of those who got excited and applauded the various heroic deeds of these champions.

Mister President Flores, thank you a lot for this impulse grasp you have give to Salvadoran sport and top the future young generations in general. A good work, well done.

## Mensaje del Presidente de la República, Lic. Francisco Flores

*Discurso del Presidente de la República de El Salvador, Lic. Francisco Flores, en la Ceremonia de Clausura de los XIX Juegos Deportivos Centroamericanos y del Caribe, El Salvador 2002, realizada el 7 de diciembre de 2002, en el Estadio Nacional de la Flor Blanca.*

Luego de quince días, en los cuales hemos presenciado el esfuerzo, la nobleza y el entusiasmo de nuestra juventud representada en más de 7 mil atletas de 31 naciones hermanadas por el deporte, hemos llegado a la meta final de estos XIX Juegos Centroamericanos y del Caribe, El Salvador 2002.

31 naciones, con un impresionante sentimiento de hermandad, hemos vivido inolvidables momentos marcados por el amor a los colores patrios. Le hemos demostrado al mundo, que Centro América y el Caribe es una tierra mágica donde prevalecen la hermandad, el entusiasmo y la esperanza para nuestros pueblos.

El Salvador, se siente muy honrado, por haber sido durante estas dos últimas semanas más que el anfitrión de este magno evento, el hogar de todos los que nos visitaron. Nos sentimos orgullosos que en nuestros escenarios deportivos se hayan escrito memorables páginas para la historia del deporte regional.

A los atletas, que dieron lo mejor de si mismos, que por quince días poblaron de entusiasmo y energía los graderíos de nuestros escenarios deportivos para deleite de nosotros los salvadoreños y de nuestros visitantes, les damos las gracias desde nuestros corazones.

Hemos aprendido mucho de cada uno de ustedes, hemos aprendido de su tenacidad, de su valor, de su disciplina, de su constancia.

Nuestro más profundo agradecimiento a los miembros de las delegaciones participantes y a los familiares de atletas y aficionados del continente que nos distinguieron con su presencia. Con enorme satisfacción fuimos testigos de cómo y en no pocas ocasiones delegaciones, atletas y aficiones de otros países aplaudieron y se emocionaron por las victorias de atletas cobijados por otras banderas, lo cual fue un hermoso gesto de hermandad.

De manera muy especial saludar a los atletas salvadoreños, que con hidalguía sin precedentes, con una tenacidad digna de los mas grandes y con una grandeza que trasciende las fronteras de nuestro pequeño país, fueron muchísimo mas allá de cualquier expectativa y supieron colocar en la cima de la gloria deportiva, el nombre de nuestra querida patria El Salvador.

## Message by Mister Francisco Flores, President of El Salvador

*Speech offered by the President of the Republic of El Salvador, Mister Francisco Flores, during the Closing Ceremony of the XIXth. Central American and Caribbean Games, El Salvador 2002, which took place on December 7th of 2002, at the "Flor Blanca" National Stadium.*

After fifteen days, along the which we have witnessed the efforts, nobleness and enthusiasm of our youth represented by over 7 thousands athletes of 31 Nations harmonized as brothers and sisters in sports, we have now reached the finish line of these XIXth. Central American and Caribbean Games, El Salvador 2002.

31 Nations, with an impressive feeling of brotherhood have lived unforgettable moments highlighted by the love to country colors. We have shown the world that Central America and the Caribbean are lands of magic where brotherhood, enthusiasm and hope for our peoples prevail above all.

El Salvador feels very much honored for having been along these last two weeks, more than the host of this magnificent event, the home of all of you who visited us. We feel proud that it had been on our sporting fields that memorable pages had been written for the History of regional sports.

To the athletes, who gave the best of themselves, who during fifteen days filled up with enthusiasm and energy the row seats of our sports sceneries for all Salvadorans and our visitors delight, we thank you all wholeheartedly.

We have learned a lot from each one of you all, we have learned from your tenacity, from your courage, from your discipline and your proof-tested consistency.

Our deepest wholehearted gratitude to the members of the participant delegations and to the relatives of the athletes as well as continental fans who honored us with their presence. It was with enormous satisfaction that we were witnesses of how; in no few occasions, delegations, athletes and fans from other countries applauded and got excited by the victories of athletes competing under other flags, even adversaries, which was a beautiful expression of brotherhood.

I would specially want to hail Salvadoran athletes, who with unprecedented nobleness, with a tenacity worthy of the greatest and with a grandeur that goes beyond the frontiers of our little country, were far beyond any previous possible expectations and found the way to place on top of sports glory the name of our beloved fatherland, El Salvador.

Queridos atletas salvadoreños, por encima de las más de 100 medallas conquistadas, ustedes han prendido en el alma nacional y de todos y cada uno de los salvadoreños, un nuevo fuego de optimismo y de esperanza. Una enorme calificación merecen los aficionados salvadoreños. Ustedes estuvieron presentes en cada uno de los escenarios deportivos, siempre apoyando a nuestros deportes hasta el último aliento de cada competencia. Supieron también, con mucha nobleza, reconocer y aplaudir las victorias de los grandes atletas que nos visitaron. La afición salvadoreña también se ha ganado una medalla de oro.

Los Décimos Novenos Juegos Centroamericanos y del Caribe han llegado a su final. Este ha sido, gracias a los organizadores, a las autoridades del deporte mundial que confiaron en nosotros, a las 31 naciones que nos honraron con su participación entusiasta, a todos los salvadoreños que mostraron su calidez a nuestros huéspedes, el más grande evento deportivo en la historia de nuestro país.

Como dije en mis palabras de inauguración de estos juegos, valores como la Paz, la Democracia y la Libertad, que con tantos sacrificios ha alcanzado nuestra región, tienen su permanencia garantizada en una generación que valora el deporte como condición indispensable para el desarrollo integral de la sociedad.

Los valores humanos que en estos XIX Juegos han aflorado se resumen en la muy ejemplar actitud de la Delegación Venezolana. Muy a pesar de la desaparición de Alexis Cova, a quien todavía seguimos buscando.

Jamás olvidaré lo que al inicio de la competencia me dijo un miembro de la delegación de ese hermano país, Presidente. Ya no vamos a competir pensando en medallas. Vamos a remar pensando en Alexis Cova. Y compitieron y se colocaron donde se ubican los ganadores en homenaje a Alexis.

Y esa actitud de nobleza humana y fuerza anímica impregnó a todas las demás delegaciones y puso un sello único en la historia de los Juegos Centroamericanos y del Caribe.

Al sentir el aire de alegría que aquí se respira, nos queda claro que la competencia deportiva, diferente a otro tipo de competencias, tiene la enorme virtud de hacer que todos los participantes se sientan triunfadores.

Los que ganaron se sientes felices y satisfechos por el triunfo conquistado. Los que no, se sienten satisfechos por haber dado lo mejor de sus esfuerzos y tener la clara certidumbre que pueden hacer mucho más en el futuro

Este día en el que estamos declarando clausurados los XIX Juegos Centroamericanos y del Caribe, puedo decirles en nombre de todos los salvadoreños que nos sentimos satisfechos de haber sido para todos ustedes queridos atletas, su hogar.

Muchísimas gracias.

Dear Salvadoran athletes, over the more than 100 conquered medals, you have lit inside the national soul and in those of each and all of Salvadorans, a new light of optimism and hope. An excellent remark deserve Salvadoran fans. You were present at each of the sports venues, always supporting our sports performance until the last competition sprint. You also knew, with great generosity, acknowledge and applaud the victories of the great athletes who visited us. Salvadoran fans have also won a golden medal.

The Nineteenth Central American and Caribbean Games have come to their finish line. Thanks to the organizers, to the world sports authorities who trusted in our capacity, to the 31 nations who honored us with their enthusiastic participation and presence, to all Salvadorans who showed their warmth to our guests, this has been the greatest sports event in the History of our country.

As I said in my speech words of the inauguration ceremony of these Games; values such as freedom, peace and democracy, the which with so much sacrifices our region has reached, have their permanence granted in a generation like this, which values sport as an indispensable condition for the integral development of society.

The human values that along these memorable XIXth. Games have blossomed can be resumed in the most exemplary attitude shown by the Venezuelan Delegation, very much in spite of Alexis Cova disappearance, whom we still are in the look for.

I will never forget what at the beginning of the competitions told me a member of the delegation of that fraternal country: -"Mister President, we are not going to compete thinking just in medals anymore. We will row thinking on Alexis Cova". And so they competed and placed themselves where winners are to be, thus making homage to Alexis. And that attitude of human nobleness and spiritual strength permeated all the rest of delegations and set a unique seal to the History of the Central American and Caribbean Games.

Feeling the joy hanging in the air here breathed, it is clear that the sport competition, differently to other types of competitions, has the huge virtue of making all of its participants feel winners. Those who won feel happy and satisfied for the conquered victory and those who did not, feel themselves satisfied for having given the best of their effort and having the clear certainty they will be able to do much more in the future.

Today that we are declaring officially closed the XIXth. Central American and Caribbean Games, I can tell you in the name of all Salvadorans that we feel satisfied of having been for all of you, dear athletes, your home.

Thank you very much.

# Mensaje del Presidente de COSSAL, Ing. Enrique Molins Rubio

Cuando paso revisión al trabajo realizado en la organización de los XIX Juegos, así como al desarrollo de los mismos, nuevamente se me acelera el ritmo del corazón, por el excitante triunfo que los salvadoreños nos anotamos, al realizar con tanta espectacularidad el evento más grande, honesto y transparente de la historia nacional.

Nuevamente debemos agradecer las bondades que el deporte nos brinda, porque nos han servido de inspiración para sentirnos triunfadores, en esto que quizás en un principio se vio como una aventura, pero que más adelante sólo fue otra muestra de lo emprendedor, creativo y eficiente que es el pueblo salvadoreño.

Los Juegos ciertamente lo fueron de todo El Salvador, razón por la que confirmo que siempre estuvimos acertados en la nominación de los mismos: El Salvador 2002

Debo agradecer la presencia de los treinta países que nos visitaron, porque han respetado y han rendido honor al deporte, el lazo que nos une como una sola patria.

A la Organización Deportiva Centroamericana y del Caribe, ODECABE, porque hizo de El Salvador la Capital de la región, distinguiéndonos con la confianza que se le deposita a las grandes naciones. Una vez más deseo honrar la memoria del remero venezolano Alexis Cova, cuya desaparición unió más el sentimiento de hermandad entre los pueblos que amamos el deporte, vaya mi respeto y solidaridad con la familia Cova.

Estos XIX Juegos nos plantean a los salvadoreños, nuevos retos de cara al futuro, ya que hemos podido confirmar el incremento de la calidad de nuestros atletas, cuyos resultados nos invitan a seguir trabajando para recompensar su esfuerzo, disciplina y sacrificio.

Muchas gracias a todos, que Dios bendiga a la región Centroamericana y del Caribe, nos encontramos en Cartagena de Indias 2006.

**Enrique Molins Rubio**
Presidente de COSSAL

# Message by Engineer Enrique Molins Rubio, President of COSSAL

When I review the task developed for the organizing of the XIXth. Games as well as for their fulfillment, my heart-pumping rhythm accelerates again, because of the exciting triumph Salvadorans scored staging so spectacularly the greatest, most honest and transparent event in national History.

Once again we must give thanks for all the goods sport offers us, because they have served as inspiration to make us feel triumphant in this enterprise that may be at the beginning was seen as somehow and adventure, but that later on turned out to be only another example of how creative, efficient and enterprising are indeed Salvadoran people.

Certainly the Games belonged to all of El Salvador, which is the reason why I confirm we were right since the beginning in their denomination: El Salvador 2002. I must thank very much the presence of the over thirty countries which visited us, because all of them have respected and rendered homage to sport, the link which unites all of us as one and only fatherland.

To the Central American and Caribbean Sports Organization, **CACSO,** our gratitude because it made out of El Salvador the region's capital, distinguishing us with the trust deposited upon great nations. Once again I wish to honor the memory of the Venezuelan rower Alexis Cova, whose disappearance united all of the more the fraternal feeling amongst peoples who love sports. May my regrets and solidarity go out to all of the Cova family.

These XIXth. Games pose for us Salvadorans, new challenges face to the coming future, given we have been able to confirm the growth of the quality levels of our athletes, whose achievements invite us to continue working in order to reward their efforts, discipline and sacrifices.

Thanks a lot to all of you, may God bless the Central American and Caribbean region; we will meet again at Cartagena of the Indies in 2006.

**Enrique Molins Rubio**
President of COSSAL.

# Mensaje del Presidente de ODECABE, Dr. Joaquín Puello

*Discurso del Presidente de la Organización Deportiva Centroamericana y del Caribe, ODECABE, Dr. José Joaquín Puello, en la Ceremonia de Clausura de los XIX Juegos Deportivos Centroamericanos y del Caribe, El Salvador 2002, realizada el 7 de diciembre de 2002, en el Estadio Nacional de la Flor Blanca.*

Excelentísimo Señor Presidente de la República de El Salvador
Señor Presidente del COES
Señor Presidente de COSSAL
Atletas y Dirigentes Deportivos
Damas y Caballeros, tengan buenas tardes

Finaliza hoy con gran esplendor e inmenso júbilo la décima novena edición de los Juegos Centroamericanos y del Caribe.

Y debo decir a todo pulmón que El Salvador ha ganado un 10. Sin duda estos Juegos pervivirán en la memoria de aquellos que fuimos testigos de primera mano.

Un gran legado deja usted a su país Señor Presidente Flores. En todos los ordenes; pero sobre todo en el humano y en el social. Ha demostrado usted, junto a miles de salvadoreños que es posible crecer, que los sacrificios y la perseverancia rinden beneficios a la patria cuando se trabaja con tesón y con visión de futuro. Por todo ello mil gracias a nombre de la juventud deportiva Centroamericana y el Caribe.

Mañana, desde las primeras horas del alba partiremos hacia nuestros hogares, algunos con lágrimas en nuestros ojos. Dejamos atrás sueños y triunfos, pero llevamos en nuestros ojos la imagen de esta tierra que fue nuestro hogar por dos semanas.

Solamente me resta decir que ¡El Salvador ha cumplido! Que Dios los bendiga. ¡Que viva el deporte! ¡Que viva El Salvador!

**Joaquín Puello**
Presidente de ODECABE

# Message by Doctor Joaquin Puello, President of CACSO

*Speech offered by the President of the Central American and the Caribbean Sports Organization, CACSO, Doctor José Joaquín Puello, during the closing ceremony of the XIXth. Central American and Caribbean Games, El Salvador 2002, which took place on December 7th. at the "Flor Blanca" National Stadium.*

His Excellence Mister President Of the Republic of El Salvador,
Mister President of COES,
Mister President of COSSAL,
Athletes and Sports Leaders,
Ladies and Gentlemen,
May you all have good afternoon:

Today, with immense joy and great splendor comes to an end the Nineteenth edition of the Central American and Caribbean Games.

And I must wholeheartedly say that El Salvador, as the host country, has definitively earned a mark of 10 plus. No doubt these Games will remain alive in the memories of those of us who could be present, first-hand witnesses of them.

Mister President Flores, you certainly leave a great legacy to your country.
On every area, but above all, in the human and social aspects. Along with hundreds of thousands of Salvadorans, you have exemplified that it is possible to grow, that perseverance and sacrifices render benefits to one's homeland when you work with tenacity and a firm, sporting vision of the coming future. Because of it all, I wish to present you my greatest gratitude on behalf of the sporting youths of Central America and the Caribbean.

Tomorrow, since the very first hours of dawn we will take off towards our countries, some with tears in their eyes. We leave back dreams and triumphs, but we will carry in our eyes the images of this land which was our home for over two weeks.

It only remains me to say that: El Salvador has fulfilled!. May God bless you all. Long life Sport and long life El Salvador!.

**Joaquín Puello,**
President of CACSO.

COSAL

Comité Organizador
El Salvador 2002

EL SALVADOR 2002

EL SALVADOR 2002

# Historia de los Juegos Deportivos

Durante los Octavos Juegos Olímpicos desarrollados en la ciudad de París, nació la idea de crear los Juegos Deportivos Centroamericanos y del Caribe, aunque en sus primeras tres ediciones sólo fueron llamados los Juegos Centroamericanos.

El 16 de Octubre de 1925 se reunieron en la ciudad de México los delegados de Cuba, Costa Rica, Colombia, El Salvador, Haití, Guatemala, Honduras, México, Jamaica, Nicaragua, Panamá y República Dominicana, este último como invitado, en una junta general presidida por el Mexicano Moisés Sáenz, ante quién quedó definido el nacimiento de este evento y se escogió a la capital de México para realizar la primera edición del 12 de Octubre al 2 de Noviembre de 1926.

# History of the Games

During the Eighth Olympic Games held at the City of Paris, the idea was conceived to create the Central American and Caribbean Games, although during its first three editions they were called just Central American Games.

On October 16th. of 1925 met at México City the delegates of Colombia, Costa Rica, Cuba, El Salvador, Guatemala, Haití, Honduras, Jamaica, Mexico, Nicaragua, Panamá and the Dominican Republic, this last as a guest, during a general joint meeting presided by the Mexican Moisés Sáenz, before whom was defined the birth of this event and México City was chosen to hold its first edition from October 12th. to November 2nd. of 1926.

## I Edición / Irst. Edition

Los I Juegos Centroamericanos se desarrollaron en México en 1926, con la participación de México, Cuba y Guatemala y un total de 269 atletas. Los deportes que se incluyeron fueron: Atletismo, Baloncesto, Béisbol, Natación, Clavados, Esgrima, Tiro, Voleibol y Ténis.

The Irst. Central American Games took place at México City in 1926, with the participation of Cuba, Guatemala and México and a total of 269 athletes. The first sports to be included were: Athletics, Baseball, Basketball, Diving, Fencing, Shooting, Swimming, Tennis and Volleyball.

## II Edición / IInd. Edition

Los II Juegos Centroamericanos se llevaron a cabo en Cuba, del 15 de Marzo al 5 de Abril de 1930. En estos ya participaron las mujeres por vez primera y fue en tenis donde jugaron las Cubanas entre sí. Se añadió un nuevo deporte: el Fútbol.

The Second Central American Games were held in Cuba, from March 15th. to April 5th. of 1930. Now women participated of the event for the very first time, and it was in Tennis, in which category Cuban ladies played amongst themselves. Soccer was added as a new sport.

## III Edición / IIIrd. Edition

La última vez que estos Juegos se llamaron Centroamericanos le tocó a El Salvador organizarlos y fueron del 16 de Marzo al 5 de Abril de 1935. Esta III edición no pudo efectuarse en 1934 debido a un fuerte temporal sufrido un año antes, pero El Salvador no desistió, sino pidió prórroga de un año, alterando el ciclo cuatrienal.

It was the chance to El Salvador for organizing these Games the last time they were called merely Central American, and they were held from March 16th. to April 5th. of 1935. This IIIrd. Edition could not take place in 1934 due to a strong tropical storm that took place the year before, but El Salvador did not give up, instead it requested a postponing of one year, thus altering the four years cycle.

## IV Edición / IVth. Edition

La IV edición de estos Juegos se llamó por primera vez Los Juegos Centroamericanos y del Caribe. Su sede fue Panamá y por primera vez participó Colombia y Venezuela. Polo acuático, Levantamiento de Pesas, Frontenis y Ciclismo aparecieron como nuevos deportes.

---

For the first time, this edition (the IVth.) of the Games was called a Central American and Caribbean one. Its host city was Panamá and also for the first time participated Colombia and Venezuela. Cycling, Paddle Tennis, Water Polo and Weightlifting were included as new sports. These Central American and Caribbean Games, the first of their complete and present name, were held since February 5th. to February 24th. of 1938.

## VII Edición / VIIth. Edition

Los VII Juegos estaban destinados a realizarse en Panamá, pero debido a problemas económicos desistieron los canaleros, dejando a México organizarlos del 5 al 20 de Marzo de 1954, en el Distrito Federal. Fue en esta ocasión que se oficializó el himno alusivo a estos Juegos y donde por primera vez se encendió el pebetero con la llama traída del Cerro de la Estrella.

---

The VIIth. Games were designed to be held in Panamá, but due to budgetary problems the Channel citizens had to give up their intention, thus having to let México to organize them since March 5th. to the 20th. of 1954 at the Federal City District. It was on that occasion that was first chorused the official international song of the event and whence it was for the first time lit the votive fire burner with the sporting brotherhood flame brought from the Mexican pre-Columbian site of "Cerro de la Estrella" (Hill of the Star).

## V Edición / Vth. Edition

La V edición de los Juegos se realiza por primera vez en suelo sudamericano, siendo este Colombia y su ciudad de Barranquilla, ya que Costa Rica había renunciado a ser la sede de los Juegos del 5 al 25 de Marzo de 1942. Pero la II Guerra mundial impide la celebración de los Juegos Olímpicos de 1940 y 1944, posponiendo a la vez los Juegos Centroamericanos y del Caribe del 8 al 28 de Diciembre de 1946.

---

The Vth. Edition of the Games took place for the first time on South American soil, being the chosen place the Colombian city of Barranquilla, since Costa Rica had resigned its right to be the host country of the event when they had to take place since March 5th. to March 25th. of 1942. But the fact was that the IInd. WW did not allow to celebrate the Olympic Games neither of 1940 nor of 1944, something which, in turn, postponed the Central American and Caribbean Games till December 8th. - 28th. of 1946.

## VI Edición / VIth. Edition

Durante el 8 de Febrero y el 12 de Marzo de 1950 se realizó la VI edición, contando con la participación de Haití en las 14 delegaciones y un total de 1,390 atletas a participar en 19 disciplinas en la ciudad de Guatemala.

---

The VIth. Edition was held since February 8th. to March 12th. of 1950, for the first time with the presence of Haiti amongst the delegations and a total of 1390 athletes to participate in 19 disciplines at Guatemala City.

## VIII Edición / VIIIth. Edition

Se había anunciado la contienda de los VIII Juegos del 2 al 18 de Diciembre de 1958, pero debido a el rompimiento de la dictadura de Marcos Pérez Jiménez, estos se trasladan del 6 al 15 de Enero de 1959 en la ciudad de Caracas, Venezuela.

---

The contest of the VIIIth. Central American and Caribbean Games was announced for December 2nd. to 18th. of 1958, but due to the ousting of General Marcos Pérez Jiménez dictatorship at that country, they were moved to January 6th. to 15th., 1959, at Caracas City, Venezuela. This was the first time Cuba did not attend, because of then being amidst political turmoil.

## IX Edición / IXth. Edition

Pareciera ser que nadie quería organizar los IX Juegos, a tal grado que la asamblea general designó a Puerto Rico, pero dos días más tarde ya habían renunciado y se escogió a Jamaica, abaratando la contienda se decidió montar los Juegos del 15 al 28 de Agosto de 1962 en Kingston.

For this Edition it seemed that nobody really wanted to organize the IXth. Games, up to the point that Puerto Rico was designed by the Assembly, but two days later it abandoned the idea and chose Jamaica, which by then was still a British Caribbean colony, in order to reduce the costs of the contest, so it was decided to hold over there the Games since August 15th. to August 28th. of 1962, at Kingston.

## X Edición / Xth. Edition

Los X Juegos se celebraron en Puerto Rico del 11 al 25 de Junio de 1966, con una participación de 1,689 atletas de 18 países. Las Islas Vírgenes Norteamericanas hicieron su debut en los Juegos, al igual que el Judo como deporte.

The Xth. CAC Games were held at Puerto Rico since June 11th. to 25th. of 1966, with the participation of 1689 athletes of 18 countries. American Virgin Islands debuted at the Games, and Judo as a sport was then introduced, as first of the Martial Arts.

## XI Edición / XIth. Edition

La sede de los Juegos Centroamericanos y del Caribe se repite por primera vez en Panamá, organizando estos del 28 de Febrero al 13 de Marzo de 1970, con una asistencia de 2,096 atletas y 20 países. Es en esta edición que empieza a dominar Cuba, ganando por una abismal diferencia a México.

For the first time Panamá City repeats to be the host place of the CAC Games, organizing them since Feb. 28th. to March 13th. of 1970, with an attendance of 2096 athletes from 20 countries. It was in this Edition that Cuba began to prevail, winning México for the first time by an abysmal difference.

## XII Edición / XIIth. Edition

Fue en Santo Domingo, República Dominicana donde se llevó a cabo los XII Juegos, entre el 27 de Febrero y el 13 de Marzo de 1974, con la participación de 2,052 atletas de 23 países. Cuba dominó nuevamente en 14 de las 18 especialidades, arrasando con el medallero y duplicando en numero de medallas a su seguidor que fue México.

It was in Santo Domingo, capital city of Dominican Republic, where the XIIth. Games were fulfilled, since Feb. 27th. to March 13th. of 1974, with the presence of 2052 athletes of 23 countries. Cuba prevailed once again in 14 of the 18 sporting specialties, sweeping the medal counter and doubling the number of medals of its nearest competitor which was México.

## XIII Edición / XIIIth. Edition

Después de 36 años vuelve a ser Colombia sede de esta justa deportiva, donde Medellín alberga a 2,605 atletas de 21 países para organizar los XIII Juegos.

After 36 years, Colombia turns again to be the seat of this sports contest, wherein the City of Medellín hosted 2605 athletes from 21 countries for the XIIIth. CAC Games, held in 1978.

## XIV Edición / XIVth. Edition

Los XIV Juegos se montaron en la Habana, Cuba del 7 al 18 de Agosto de 1982, aunque estaban previstos a ser en Mayagüez, Puerto Rico. Esta vez asistieron 2,799 atletas y 22 naciones, incluyendo por primera vez a Granada e Islas Vírgenes Británicas. En esta justa retornó la vela y se añadieron a las competencias Tenis de Mesa, Tiro con Arco, Remo y Hockey sobre Césped.

The XIVth. Games were set up at Havana, Cuba, since August 7th. to the 18th. of the same month of 1982, even though they were previously supposed to take place in Mayagüez, Puerto Rico. This time attended the meet 2799 athletes of 22 nations, including for the first time Grenada and the British Virgin Islands. Along this contest returned Archery, Field Hockey, Rowing, Sailing and Table Tennis ("Ping Pong" for Chinese and Spanish speakers). Were added as new specialties.

## XV Edición / XVth. Edition

Santiago de los Caballeros, República Dominicana fue la sede de los XV Juegos Centroamericanos y del Caribe, al reunir 26 naciones para dirimir en 25 disciplinas. Fue esta la primera vez que los Juegos tuvieron dos países como subsedes, Cuba para Esgrima y México para Remo y Hockey de Césped.

---

Santiago de los Caballeros, in Dominican Republic, was the seat of the XVth. CAC Games in 1986, gathering 26 nations to compete on 25 disciplines. This was the first times the Games, due to their magnitude, had two countries as sub-sites: Cuba for fencing and México for Field Hockey and Rowing. It was agreed this would not be the last time to design sub-sites whenever necessary.

## XVI Edición / XVIth. Edition

Luego de que Cartagena y Guatemala no pudieran cumplir y debieran renunciar a la organización de los XVI Juegos, México aceptó el ofrecimiento y desarrolló este evento del 20 de Noviembre al 4 de Diciembre de 1990. A esta versión asistieron 29 países, entre los cuales hicieron su debut Aruba y San Vicente.

---

After Cartagena and Guatemala cities admitted they could not perform the task and had to resign to organizing the CAC Games, México accepted the offer and fulfilled this event since November 20th. to December 4th. of 1990. To this Edition attended 29 countries, amongst the which debuted Aruba and Saint Vincent.

## XVII Edición / XVIIth. Edition

Puerto Rico celebró los 500 años del descubrimiento de su territorio y fue así que adelantó la celebración de los juegos ocho meses para que coincidieran las fechas. Estos se dieron en Ponce del 19 al 30 de Noviembre de 1993. En los XVII Juegos asistieron 31 países de los 32 miembros de ODECABE, con la participación de 3,570 atletas. Se registraron 3 récords mundiales y 104 nuevas marcas Centroamericanas y del Caribe.

---

Puerto Rico was celebrating the 500 years of the discovery of its territory and thus its Government re-scheduled the celebration of the Games to eighth (8) months before the previously foreseen, so that the dates could match. They were held at the City of Ponce since November 19th. to 30th., 1993. To these Games attended 31 of the 32 member countries of CACSO, with the participation of 3570 athletes. Three (3) World Records and 104 new Central American and Caribbean sports record scores were established then and there.

## XVIII Edición / XVIIIth. Edition

Los XVIII Juegos Centroamericanos y del Caribe se llevaron a cabo del 8 al 22 de Agosto de 1998. Venezuela fue por segunda vez el país anfitrión y la ciudad honrada fue Maracaibo. Guatemala fue la sede del Remo para estos Juegos.

---

The XVIIIth. Central American and Caribbean Games were held for the second time in Venezuela but now the honored host city was that of Maracaibo, since August 8th. to 22nd. of 1998. Guatemala City was chosen as sub-site for Rowing in these Games.

## XIX Edición / XIXth. Edition

La última edición de los Juegos Centroamericanos y del Caribe se realizó en El Salvador del 23 de Noviembre al 7 de Diciembre de 2002. La ODECABE elogió la organización de estos, que se caracterizaron por ser los Juegos más limpios en la historia de la organización. Participaron 31 países en 33 disciplinas deportivas. Los primeros diez lugares le correspondieron a: México, Venezuela, Colombia, República Dominicana, Puerto Rico, Guatemala, El Salvador, Jamaica, Trinidad y Tobago y Costa Rica.

---

The till now last Edition of the CAC Games took place in El Salvador, since November 23rd. to December 7th. of 2002. CACSO highly praised the organizing of these Games, which, according to the international Sports entity, were characterized because of having had the fairest level of competition in the History of this organization. Thirty one (31) countries in thirty three (33) sports disciplines took part. The first ten positions in the over-all total of the medals count table corresponded to: México, Venezuela, Colombia, Dominican Republic, Puerto Rico, Guatemala, El Salvador, Jamaica, Trinidad & Tobago and Costa Rica, and they were a whole nation-wide event.

## Y el ganador es...El Salvador

Los VI Juegos Deportivos Centroamericanos, San Pedro Sula 1997, marcaron el inicio de una nueva era para el deporte salvadoreño, se trataba de un encuentro con el éxito, ya que los atletas cuscatlecos se habían convertido en Campeones de la región, al conquistar el primer lugar del medallero.

Aquel triunfo representaba un reto muy grande para los dirigentes deportivos, sus atetas los desafiaban para que hicieran cosas importantes, acordes a ese crecimiento experimentado y que medido en resultados, hacía lucir a El Salvador como la auténtica potencia del deporte centroamericano, éxito alcanzado a base de trabajo planificado, el cual debería seguir su curso para lograr un desarrollo más allá de nuestro istmo.

Es así como ese mismo año '97, una comisión avalada por el entonces Presidente de la República, Doctor Armando Calderón Sol, se presenta en República Dominicana para participar en una Asamblea Ordinaria de la Organización Deportiva Centroamericana y del Caribe, ODECABE, ante la cual se solicita la sede de los XIX Juegos.

Aquella comisión fue presidida por el Ex Vicepresidente de la República, Doctor Enrique Borgo Bustamante, el Ex presidente del Comité Olímpico de El Salvador, COES, Ing. Melecio Eduardo Rivera y el Presidente del Instituto Nacional de los Deportes de El Salvador, INDES, Ing. Enrique Molins.

Pese a que hubo que competir contra la solicitud de otros países como Guatemala y Puerto Rico, los salvadoreños estaban convencidos que podían organizar los mejores Juegos de la historia, por lo que se recurrió, como cartas de presentación, a imágenes, videos, fotografías y una propuesta clara que incluía el compromiso incondicional del apoyo por parte del Gobierno de la República, lográndose un resultado categórico de seis votos a favor, de los siete del Comité Directivo de la ODECABE.

La sede le pertenecía a El Salvador y el 2 de abril de 1998, el Dr. Armando Calderón Sol declaró legalmente constituido al Comité Organizador de los XIX Juegos Deportivos Centroamericanos y del Caribe, mediante el Decreto Ejecutivo No.39 publicado en el Diario Oficial, Tomo No. 339.

El 7 de mayo ese mismo año, se nombran a los diez miembros del Comité Ejecutivo quienes se encargarán de la organización, administración y ejecución de los Juegos y se le denominó Comité Organizador, El Salvador 2002, COSSAL.

*ODECABE ha asignado la sede a El Salvador, Puello felicita a Enrique Molins.*

***CACSO has assigned El Salvador to be the host Country, Puello congratulates Enrique Molins.***

## And the winner is...El Salvador

The VIth. Central American Games held at San Pedro Sula, Honduras, in 1997, marked the beginning of a performance and technical New Era for Salvadoran sport. It meant a meeting with success, because Salvadoran athletes turned out to be regional Champions, conquering the over-all first place of the medal count.

That victory represented a huge challenge for the sports leaders and sponsors, the quality of their athletes defied them to realize important developments according to the experienced growth, which, measured in results, made El Salvador to look as the authentic power leader of Central American sports, success which was no casual but achieved based on planned work, which was clear enough that had to follow its traced path in order to reach development goals beyond our Isthmus.

It is thus how that same year of 1997, a Committee endorsed by the then President of the Republic, Doctor Armando Calderón Sol, went to Dominican Republic in order to take part of an Ordinary Meeting of the Assembly of the Central America and the Caribbean Sports Organization, CACSO, before the which they were to request El Salvador to be the host country for the XIXth. CAC Games.

The Committee was presided by the then Vice President of the Republic, Doctor Enrique Borgo Bustamante; the former President of the Olympic Committee of El Salvador (COES), Engineer Melecio Rivera and the then and now (2003) President of the National Institute of Sports of El Salvador (INDES), Engineer Enrique Molins.

Even though it was necessary to compete against the request of other states such as Guatemala and Puerto Rico, Salvadorans were convinced we could organize the best CAC Games in their History, which is why our delegation resorted as presentation resources to images, videos, pictures and a clear proposal that included an unconditional compromise of institutional support on behalf of the Government of the Republic, thus achieving a categorically positive result of six (6) votes in favor of the proposition, out of all the seven (7) votes of the members of the Executive Committee of CACSO.

The seat place was thus assigned to El Salvador and on April 2nd. of 1998, Doctor Armando Calderón Sol declared legally established the Organizing Committee of the XIXth. Central American and Caribbean Games through Executive Order Number 39, published in the Official Journal, Volume Number 339.

On May 7th. of that same year were appointed the ten (10) members of the Executive Committee who would be in charge of the organizing, administration and executive processes of the Games and they were denominated Organizing Committeee, El Salvador 2002, COSSAL.

## Proyecto de Nación

En 1999 el nuevo Presidente de la República, Lic. Francisco Flores informó que su Gobierno había destinado 50 millones de dólares para la ejecución de los XIX Juegos. Este presupuesto dado al COSSAL fue gracias a un préstamo otorgado por el Banco Centroamericano de Integración Económica (BCIE).

La dimensión de los Juegos era enorme para los salvadoreños, tal es así que el Presidente Flores los califica como un proyecto de nación, asegurando que los fondos destinados cubrirían aspectos de vital importancia en la organización, tales como infraestructura, compra de equipo deportivo, fuente de trabajo, divisas, participación ciudadana, etc.

En cada evento alusivo a la realización de los XIX Juegos, se observó que el soporte del Gobierno Central estaba presente, tanto que el mismo Presidente de la República se declaró ante los atletas salvadoreños como "el amigo incondicional" que "estaría en cuerpo y alma con cada uno de ellos". Sin lugar a dudas, se trató de la inversión educativa y la obra social más grande en la historia del país.

## NATIONAL PROJECT

In 1999, the new President of the Republic, Francisco Flores, informed that his Government had destined $ 50 millions to the fulfillment of the Games project. The volume of this budget assigned to COSSAL was thanks to a loan granted by the Central American Bank of Economic Integration (BCIE, by its Spanish acronym).

The magnitude of the Games was enormous for Salvadorans, so much that President Flores defined them as a national project, asserting that the assigned funds would cover vitally important aspects for the organizing scheme, such as infrastructure, acquisition of sports equipment, job sourcing, foreign currency purchase, civil participation etcetera. Along each and every event of the Games it was observed the presence of the support from the central Government, to a measure that the President of the Republic proclaimed himself as the "unconditional friend" who would "body and soul be with each one of them". No doubt it was the largest educational investment and the largest social work in the History of the country.

## Reconstrucción, valentía y perseverancia

El año 2001 en su inicio estremece el territorio salvadoreño, dos terremotos entre enero y febrero, causan destrucción a nivel nacional, por lo que la celebración de los Juegos se relega a un plano secundario, entendiéndose que en ese momento la prioridad número uno era la reconstrucción del país.

Ante tal desgracia surge la interrogante acerca del futuro de los Juegos, las construcción y reconstrucción de los escenarios deportivos apenas empezaban, pero el Gobierno Central interviene nuevamente y hace el anuncio oficial: los Juegos se efectuarían pese a esa adversidad de la naturaleza, y como un homenaje a la valentía de los salvadoreños, se dejan escuchar frases y calificativos que señalaban a la XIX edición, como "Los Juegos de la Reconstrucción".

La Comisión Técnica de la ODECABE, acompañada por el Presidente de la organización, Dr. José Joaquín Puello, visitaron el país en abril de 2001, para corroborar la magnitud del desastre y a la vez supervisar las instalaciones deportivas que serían utilizadas para la justa.

El Dr. Puello resaltó que el optimismo y la firmeza eran de mucho valor para el pueblo salvadoreño, y recalcó que los "Juegos de la Reconstrucción", también debería agregárseles los "Juegos de la valentía y perseverancia", al asegurar que la cita regional se realizaría en la ciudad de San Salvador.

La ODECABE reafirmó una vez más, su confianza en los salvadoreños y dio muestras de solidaridad al Comité Organizador, haciendo hincapié que la prioridad era involucrar a todos los sectores del país, ya que con este acierto se unirían todos los salvadoreños y se plasmaría la mejor fiesta regional en la historia de la organización.

## Reconstruction, courage and perseverance

The beginning of year 2001 shakes up all over of the Salvadoran territory. Between January and February, two intense earthquakes cause national-wide destruction, thus making it clear that in those moments number one priority was no other than reconstruction of the country.

Facing such disasters, comes the natural questioning as for the future of the Games. The building up and reconstruction of the sports installations had only just begun, but central Government intervened once again and made the official announcement that the Games would be held despite this Mother Nature's smash and, also, that they would take place as a homage to the courage of Salvadorans. Adjectives and phrases began to be expressed, qualifying the XIXth. CAC Games as the "Reconstruction Games".

The Technical Committee of CACSO, with the personal presence of the President of the Organization, Doctor José Joaquín Puello, visited the country on April 2001, in order to corroborate the magnitude of the disasters and at the same time supervise the sports venues that would be used for the tournaments.

Doctor Puello pointed out that optimism and firmness of spirit were very much valuable for the Salvadoran people and emphasized that to the naming of "Reconstruction Games" should also be added that of "Courage and Perseverance Games", when announcing and assuring that the regional meet would take place in the City of San Salvador.

Once more time, CACSO reaffirmed its trust in Salvadorans and gave its demonstrations of solidarity to the Organizing Committee, emphasizing that the priority was to involve all of the possible country sectors, because with this wise hit all Salvadorans would unite around something positive and life-celebrating and that would create the best regional sport festival in the History of the organization, as it was.

## ODECABE, PASO A PASO

Desde que El Salvador obtuvo la sede, la ODECABE y sus diferentes comisiones se mantuvieron vigilantes de toda la estructura que comprendía la preparación de esta edición.

Entre junio de 1999 y abril de 2000 la ODECABE realizó cuatro visitas preliminares al país, en donde le dio el visto bueno a la labor y al avance que se tenía con respecto a la organización. Para esa época la agenda de trabajo se basó en una supervisión de las instalaciones deportivas que albergarían las competencias, estas visitas fueron un intercambio de ideas, para identificar anteriores experiencias y evitar que se repitieran errores en El Salvador.

*Puello pide a El Salvador que siga trabajando.*

*Puello request El Salvador to keep on the good work.*

Para octubre de 2000 la Comisión Técnica de ODECABE integrada por Héctor Cardona y Humberto Cintrón de Puerto Rico, Francisco Hurtado de Panamá y Ciro Pérez de Cuba, quienes fueron acompañados por el Canciller de la misma, Luis Elpidio Cumba, se hacen presentes en San Salvador y reciben del COSSAL el plan operativo de los Juegos, la estructura organizativa de la Dirección Técnica y un primer Programa Deportivo con las instalaciones para las competencias.

La comitiva se muestra satisfecha y solicita que se determinen y se den a conocer en la próxima reunión, las instalaciones para entrenamiento y su distancia y tiempo al lugar donde se instalaría la Villa Centroamericana y del Caribe (CABE).

Luego de los terremotos, cuando la ODECABE a través del Dr. Puello, reiteró su confianza en los salvadoreños, también envió un mensaje de estímulo para que se comenzara a trabajar de inmediato, en tal sentido invitó al COSSAL a no perder ni un minuto, por lo que pidió que se iniciaran cuanto antes los trabajos de construcción y reconstrucción de las instalaciones deportivas y de la Universidad de El Salvador (UES), la cual se convertiría en la Villa CABE.

Además en esa oportunidad aprovechó para señalar inquietudes existentes entre los países miembros de la ODECABE, por conocer

*Seguimiento de ODECABE en el Estadio Flor Blanca.*

*Follow up by CACSO at the "Flor Blanca" stadium.*

## CACSO, STEP BY STEP

Ever since El Salvador was granted the seat, CACSO and its different Committees kept watching the whole of the structure that demanded the due preparation of this Edition.

Between June of 1999 and April of 2000, CACSO made four (4) preliminary visits to the country, where it gave its OK to the works and advances of the organizational process. By that time the task agenda was focused on the supervision of the sports sceneries where the competitions would take place, visits which were to exchange of ideas, to identify former experiences and to avoid the repetition of previous mistakes in El Salvador.

By October 2000 the Technical Committee of CACSO, made up by Héctor Cardona and Humberto Cintrón from Puerto Rico, Francisco Hurtado from Panamá and Ciro Pérez from Cuba; who were joined by the by the CACSO Chancellor, Luis Elpidio Cumba from Dominican Republic, made themselves present in San Salvador and received out from COSSAL the operational schedule of the Games, the organizational structure of the same out of the Technical Direction and a preliminary Sports Program together with the competition venues to be used in it.

The retinue showed itself satisfied and requested to be informed in the next meeting about the location of the training areas and their time and distance spacing from the spot where the Central American and Caribbean (CABE)Village would be built.

After the earthquakes, when CACSO through Doctor Puello reiterated its trust in Salvadorans, it also sent an urging on message so all the necessary work would begin immediately. In that sense, it invited COSSAL not to waste a minute of time and it asked to start as soon as possible the building and re-building works of the sports venues and of the National University of El Salvador (UES), where the CABE Village would be sited at.

acerca de los trabajos en la Villa CABE, para lo cual, luego de realizar una visita por el campus universitario pronosticó que se trataría de la "mejor villa" que los Juegos hayan tenido.

## Verificando avances

*Un gran convenio.*
*A great agreement.*

En mayo de 2000, se da uno de los hechos más significativos en el montaje de los Juegos y que representaría uno de los beneficios más importantes que éstos le brindarían a la sociedad salvadoreña.

En un acto sin precedentes, el Presidente del COSSAL, Enrique Molins y la Rectora de la Universidad de El Salvador, María Isabel Rodríguez, contando con el Presidente Francisco Flores como testigo de honor, firman el convenio que declara al Campus Universitario como sede para la Villa CABE, que albergaría a los siete mil atletas y delegados que asistirían a los Juegos.

Uno a uno se van dando los avances que convierten a El Salvador en la capital Centroamericana y del Caribe, se dan a conocer las instalaciones para entrenamiento y su ubicación; la nómina de nexos técnicos de las Federaciones Nacionales; los instructivos de competencia; el listado de pruebas-eventos y categorías, la ODECABE reconoce el avance en el proceso demostrado por la Dirección Técnica del COSSAL.

## 2002, el año de los Juegos

Al interior del Comité Organizador se recibe con mucho entusiasmo la llegada del año 2002, se iniciaba la recta final de la cuenta regresiva en la organización de los Juegos, los cronogramas de trabajo estaban a tiempo, por lo que el ambiente deportivo comenzaba a imperar en el territorio nacional.

A mediados de enero de 2002, en San Salvador se realiza la Asamblea General Ordinaria de ODECABE, una de las pruebas más importante a superar por parte del COSSAL, ya que se daría a conocer un avance general del proyecto. Los augurios fueron prometedores tanto así, que el Dr. Puello destacó aquella ponencia, como "la mejor presentación" en la historia de la ODECABE.

*COSSAL superó otra prueba de la ODECABE.*
*COSSAL approved good enough another test by CACSO.*

The retinue also took the opportunity to point out its doubts to the member countries of CACSO, as for the work being done at the CABE Village, which is why a visit was made to the National University campus, predicting afterwards that this would be the "best Village" the Games had ever had.

## Verifiying progresses

*Una alianza histórica.*
*An historic alliance.*

On May 2000 takes place one of the most important events in the setting up of the Games and, in fact, one that would represent one of the most relevant benefits that the event could give as a legacy to Salvadoran society.

In an unprecedented act; Engineer Enrique Molins, President of COSSAL and María Isabel Rodríguez, President of the National University of El Salvador, together with President Francisco Flores as honor guest and protocol witness to the ceremony, signed the official agreement that established the University Campus as the site for CABE Village, the structure that would host the seven thousands (7000) athletes, celegates and sports functionaries that would attend the Games from abroad.

One by one progress steps keep on that would make of San Salvador the sports temporary capital city of Central America and the Caribbean, training installations and their locations are duly informed to the involved personnel, along with the list of technical link people amongst the different National Federations as well as the competition brochures and the list of tests by events and their categories, with CACSO acknowledging the progress in the process shown by the Technical Direction of COSSAL as a very professional one.

## 2002, the year of the Games

The coming of year 2002 was enthusiastically received within the Organizing Committee because the finish line of the final count of the Games organizational process had begun, the tasks logs were on time and the sporting atmosphere began to be felt all over the country.

By the middle of January 2002 takes place in San Salvador the CACSO General Ordinary Assembly, one of the most important tests to be approved by COSSAL performance till then, because there it would be presented a general report of the advancement of the project. Perspectives were promising enough, so much that Doctor Puello stressed the exposition as the "best presentation" in the History of CACSO Games. It was in that same sense that he expressed his trust in the

En ese sentido, manifestó su confianza al Comité Organizador y al Presidente Flores, ya que el COSSAL estaba al cien por ciento a favor de llevar a cabo una organización casi perfecta.

El Dr. Puello, durante su estadía aseguró que las intenciones de velar por la organización de los Juegos, era para contribuir a que los mismos fueran un éxito mediante el cumplimiento de las exigencias que la ODECABE realizaba en cada encuentro.

A esta reunión también asistieron los tres vicepresidentes del organismo: Fernando Romero de Venezuela; Alexander Chapman de Trinidad y Tobago; Ciro Pérez de Cuba; el Secretario General, Héctor Cardona de Puerto Rico, el Tesorero, Felipe Muñoz de México; los vocales Edward Pitts de Belice; Hans Lawaetz de Islas Vírgenes; Andrés Botero de Colombia; Melecio Eduardo Rivera de El Salvador y el Canciller Luis Elpidio Cumba, de República Dominicana.

También los miembros de la Comisión Técnica: Francisco Hurtado, de Panamá; Keith Joseph, de San Vicente; Humberto Citrón e Ismael Delgado, de Puerto Rico. Asimismo los de la Comisión Médica, Mario Granda Fraga de Cuba y Milton Pinedo de República Dominicana.

Posteriormente, durante otra visita la Comisión Técnica de ODECABE conoció por medio de la Dirección Técnica del COSSAL, el listado de visitas oficiales de los Delegados Técnicos Internacionales concluidas y por realizar, el procedimiento para la designación de Jueces y Árbitros Internacionales; así como las indicaciones finales de inscripción y acreditación de Atletas, Jueces y Delegados Técnicos.

## Hacia la recta final

El 26 de agosto de 2002 fue una fecha crucial para el COSSAL, los Jefes de Misión de los países miembros de la ODECABE visitaron El Salvador, para conocer la organización que se tenía para la tan esperada celebración de los XIX Juegos, que estaban a menos de tres meses de iniciarse. Sin duda alguna, El Salvador iniciaba el recorrido del último tramo, para hacer realidad aquel proyecto que en 1997 surgió como un sueño.

En total fueron 29 delegados de los países participantes los que se dieron cita con las autoridades del Comité Organizador El Salvador 2002, para obtener una respuesta a sus interrogantes. Hasta ese momento eran pocas

good work done to the Organizing Committee and to President Flores because he noticed COSSAL looked completely committed to the fulfillment of a perfect organization of the event. During his stay in the country, Doctor Puello assured that the supervision intent on the Games organization was in order to contribute to make a success of them, through the strict compliance with the rules and demands established by CACSO for every event of its kind.

To this meeting also attended the three (3) Vice Presidents of the entity: Fernando Romero from Venezuela, Ciro Pérez from Cuba, Alexander Chapman from Trinidad & Tobago; the Secretary General, Héctor Cardona from Puerto Rico; the Treasurer, Felipe Muñoz from México; the Voting Members Edward Pitts from Belice, Hans Lawaetz from the American Virgin Islands, Andrés Botero from Colombia, Melecio Eduardo Rivera from El Salvador and Chancellor Luis Elpidio Cumba, from Dominican Republic. Were present also the members of the Technical Committee: Francisco Hurtado from Panamá, Keith Joseph from Saint Vincent & the Grenadines, and Humberto Cintrón and Ismael Delgado, from Puerto Rico.

As well, assisted the Sporting Medical Committee, through its presiding delegates Mario Granda Fraga from Cuba and Milton Pinedo, from Dominican Republic.

Later on, during another visit along the year, CACSO Technical Committee was presented by COSSAL Technical Direction with the chronogram of official visits of the International Technical Directors already made and /or scheduled, the procedure to fulfill for the designation of international Judges and Referees, as well as the final instructions for the registry and accreditation of athletes, judges, referees and technical delegates.

## Heading to Dateline

August 26th. of 2002 was a crucial date for COSSAL because the Mission Chiefs of CACSO member countries visited El Salvador in order to know on the spot the organization displayed for the so much awaited celebration of the XIXth. Games which would take place less than three months Since then on. No doubt El Salvador had begun the last mile towards the date line that would make come true the project that in 1997 started up as a mere dream.

They were in total 29 the Delegates of the countries to take part in the event those who met the authorities of the Organizing Committee El Salvador 2002, with the purpose to obtain answers to their questions. Till then, the fact was that there were few the doubts that came up, such as about accreditations to

las inquietudes que sobresalieron: las acreditaciones de los periodistas, el impuesto en el aeropuerto y la forma como se manejaría el aseo en la Villa CABE entre otras, fueron algunos de los cuestionamientos aclarados por el COSSAL a través de su Director General, Juan José Gómez.

journalists, the existence or not -and the possible amount- of airport fares and the way how would it be handled the cleansing of CABE Village during the sports contests amongst other topics, were some of the questionings cleared up by COSSAL in that opportunity through its General Director, Juan José Gómez.

En este sentido, en una sesión de más de diez horas los Jefes de Misión despejaron sus dudas, creció el entusiasmo por los XIX Juegos y la admiración de los delegados coincidió en que no parecía haber nada que perturbara el evento deportivo, el ambiente que se vivía era de entusiasmo.

On these matters, in a session of over ten (10) hours, the Mission Chiefs cleared up all of their doubts, the enthusiasm grew for the XIXth. Games and the wholly admired Delegates coincided all of them in the fact that there seemed to be nothing that could really disturb the due realization of the sporting event, the atmosphere of the which was generally felt as one of organization and enthusiasm.

La agenda también incluyó una crucial visita a la Universidad de El Salvador, donde se construía la Villa CABE, así como a los escenarios de competencia, ocasión que el Presidente del COSSAL, Ing. Enrique Molins aprovechó para enviar un mensaje contundente: "Hoy vamos a pasar de la teoría a la práctica, verán los grandes avances que tenemos y de paso vamos a quedarnos con la mejor Universidad de América Central".

The agenda also included a most important visit to the National University of El Salvador, where CABE Village was being built, as well as to the different competition sceneries, opportunity that Eng. Enrique Molins, President of COSSAL, took to emit a clear message: -"Today we are going to move from theory to practice, you will see the great progresses we have made so far and, as a consequence, it will remain to us the best State University of Central America". Action began once finished up the protocol ceremony. The inspection within the University campus started at the Dentistry Faculty building, then continued to the Dining Hall, the Governor of the Village Control and Managing Bureau and ended up at the Sports Complex.

Una vez cerrado el protocolo, comenzó la acción. El recorrido dentro del recinto universitario inició en el edificio de odontología, luego continuó en el Comedor, la Gobernación, para finalizar en el Complejo Deportivo.

La visita al Comedor CABE acaparó la atención y elogios de los vistantes. En el trayecto, les explicaron los avances de cada una de las instalaciones, así como los detalles que faltaban en otras que ya estaban terminadas.

The visit to CABE Village Dining Hall certainly hoarded the attention and praises from the visitors. On the walk, they were dutifully explained the accommodation and technological advancements of each of the venues, as well as the still lacking finishing details in others that were almost complete.

Los Jefes de Misión terminaron con buen sabor de boca, en especial al finalizar el recorrido en el Complejo Deportivo Universitario, el cual constaba de un Estadio para fútbol con iluminación y graderías para trece mil personas, pista de atletismo, un polideportivo donde se realizarían las competencias oficiales de Tae Kwon Do y Judo, así como una piscina olímpica, instalaciones que estarían a la disposición de los atletas albergados en la Villa.

It is to be said that the Mission Chiefs finished their inspection very pleased with everything of the already done, specially at the end of the walk through the Varsity Campus Sports Complex, which they could verify that was made up of a Soccer field together with its proper lighting iron towers installations and row seats for thirteen thousands ( 13, 000 ) spectators, Athletics track and field grounds, a Sports Complex where the official competitions of Judo and Tae -Kwon -Do were to be fought, as well as a standard-patterned Olympic sized pool, venues which would be ready for the athletes hosted at the CABE Village and their competitions programmed planned to be held right there.

## A los escenarios

De la Villa, el contingente evaluador se trasladó al Estadio Nacional Flor Blanca, destinado para eventos importantes como las ceremonias de Inauguración y Clausura, así como las competencias de atletismo y algunos encuentros de fútbol.

La buena vibra causada por el estadio, fue contagiante en la visita al Gimnasio Nacional "José Adolfo Pineda", escenario que albergaría las competencias de baloncesto. El Complejo Deportivo de Ciudad Merliot igualmente se robó la aprobación. Las canchas de tenis, la piscina y polideportivo son instalaciones que los visitantes catalogaron de primera calidad.

El recorrido continuó en las instalaciones del Maya Country Club, en donde los delegados coincidieron que las competencias de squash contarían con un excelente ambiente. De igual forma al visitar el Complejo para Deportes Acuáticos, el impacto positivo se reflejaba entre los Jefes de Misión, ya que el escenario de la natación y disciplinas afines, se encontraba listo.

Esta era otra prueba que el COSSAL pasaba con una magnífica calificación, hecho comprobado por 29 jefes de misión y principalmente, por miembros directivos de la ODECABE, quienes además fueron testigos claves del éxito con que concluyó este encuentro que significaba el rumbo hacia la recta final.

## To the venues

From the Village, the examining Committee displaced itself to the "Flor Blanca" National Stadium, destined for some of the more important events such as those of Inauguration and Closing ceremonies (celebrated there also in the El Salvador 1935 precedent CAC Games event), as well as Track and Field events and some (the most expected National Teams clashes) of the Soccer matches.

The good vibe caused by the visit to the Stadium also heightened the spirits during the visit to the National Gymnasium "José Adolfo Pineda", scenery where would take place the basketball matches. In the same way, the Sports Complex of Merliot City equally received palmary approval of the Committee. The Tennis Courts, the Olympic-sized pool and the Sports Complex were the venues that the visitors appraised and rated as first class ones.

The path went on to the installations of Maya Country Club, where all the Delegates coincided that the Squash competitions would take place in an excellent ambiance and Courts. In the same way, when visiting the Aquatic Sports Complex, the positive impact was clearly observable amongst the Mission Chiefs, given the Swimming and similar Water Sports venues were completely ready.

This was another test COSSAL approved with highly good marks, a fact verified by 29 Mission Chiefs and mainly by CACSO Board Members, who besides were the key witnesses of the success with which was closed this meeting that meant the heading towards the last stretch of the final countdown to the celebration dateline.

## Congreso Médico

Como parte de lo programado en los XIX Juegos, se realizó el Congreso Centroamericano y del Caribe de Medicina y Ciencias Aplicadas al Deporte "Hacia la Salud por la Actividad Física".

El Congreso se realizó del 26 al 28 de septiembre de 2002, y contó con la participación de 260 profesionales en el área de medicina, entre los que se destacaron: médicos, nutricionistas, odontólogos, fisioterapistas, psicólogos, entrenadores, preparadores y educadores físicos precedentes de países como México, Guatemala, Honduras, Costa Rica, Venezuela, Colombia, República Dominicana, Barbados, San Vincent y El Salvador.

Sus contenidos se enfocaron al deporte de alto rendimiento orientados al fomento de la actividad física en pro de la salud, abordados en 40 conferencias medicas especializadas, dos talleres prácticos y cinco conferencias magistrales en donde participaron 15 expertos extranjeros y 18 salvadoreños.

Una de las áreas que obtuvo mayor beneficio fue la de Odontología Deportiva, contó con la participación de profesionales de la Facultad de Odontología de la Universidad de El Salvador, que trabajaban con atletas miembros de los equipos nacionales en el programa preventivo y curativo

## Medical Convention

As a part of the events planned for the XIXth. CAC Games preparation, it was held the Central American and the Caribbean Medical and Applied Health Sciences Convention named "Towards Health Through Physical Activity". The Convention took place amongst September 26th. and 28th. of 2002, and took part in it over 260 professionals in the fields of Medicine and Health Applied Sciences, amongst the which standing out MD's, Nutritionists, Dentistry doctors, Physiotherapists, Sports Psychologists, Coaches, Trainers and Physical Disciplines educators coming everywhere from countries such as Barbados, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, México, Saint Vincent & the Grenadines and Venezuela.

The focus of the expositions was set upon high intensity performance sports oriented to the fostering of favorable to health physical activit, topics which were discussed along forty (40) specialized medical speeches, two practical workshops and five academic masterly lectures, events wherein took part 15 foreign experts and 18 Salvadoran ones.

It is to be said that one of the areas that got main profit to the effects of the coming competitions was that of Sports Dentistry, wherein there was the meaningful participation of professionals belonging to the Dentistry School of the National University of El Salvador who were to work with

de salud oral. Por el interés del tema, se incluyó el desarrollo de un taller práctico, que consistió en la elaboración de los protectores bucales como demostración a la importancia de la salud bucal de los atletas.

Este Congreso Médico fue significativo aún más, por haberse destacado el año 2002 como el "Año de la Actividad Física", por la Organización Mundial de la Salud (OMS). Por esta razón se propuso la promoción de la actividad física en todos los países, como alternativa para la prevención de enfermedades ocasionadas por el sedentarismo.

the athletes members of the national teams in the preventive and therapeutic program of oral hygiene. Due to the importance of the topic, it was included in its exposition a practical workshop which consisted of the crafting of dental protectors as a hands-on demonstration of the importance of the athletes' oral health.

This Medical Convention was even more meaningful because of 2002 having been designated "Physical Activity International Year" by the World Health Organization (WHO). For that reason it was posed the international promotion of physical activity in all countries as an alternative for the prevention of illnesses caused by being systematically sedentary.

# Desarrollo de los XIX Juegos: Direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

CAPITULO / CHAPTER III

COSSAL
Comité Organizador
El Salvador 2002

## Logo y Mascotas

Como ocurre en todos los Juegos Deportivos, el país sede debe crear una identificación visual, a través de logo y mascota oficial, que se convierten en algo así como la marca registrada del evento. En el caso de los XIX Juegos, estos fueron representados de la siguiente manera:

### Logo

La identidad de los Juegos El Salvador 2002, se logra a través de su logo, uno de los elementos visuales de mayor importancia con los que se cuenta, el cual está conformado por una llama de color amarillo, lo cual significa lo cálido de la tierra Centroamericana y representa la pasión que surge del deseo competitivo de los Juegos, así como la del oro de las medallas; además, posee las virtudes energéticas de nuestra raza.

Dentro de esta llama están los números romanos XIX, que dominan las ediciones de estos Juegos, y los representa dos figuras humanas en forma de equis, saludando con los brazos en alto; la roja representa a la mujer, la pasión y el sentimiento de ganar.

La barra fusiforme de color verde, en el centro, representa la esperanza del triunfo y la nobleza del deporte, que sirve para hermanar a los pueblos, en este caso los países que compiten con un solo objetivo, triunfar. La azul representa al hombre, la unidad, la simpatía y pureza de los Juegos.

## Logo and Mascots

As usual in all Games, the host country must create a visual identity through the logo and the official mascot, which become kind of the trademark of the event. In the case of the XIXth. Games, these were represented as follows:

### Logo

The identity of the El Salvador 2002 Games is achieved through its logo, one of its most important visual elements, the which is constituted by a yellow-colored flame meaning the human and weather warmth of the Central American and Caribbean lands and also representing the passion that emerges out from the competitive will of the Games, as well as the passion for the gold medals; besides, it also holds the energetic virtues of our race. Within that flame are the Roman Numbers XIX, meaning the edition of the event, represented by two human front silhouettes X-shaped waving with their arms high up, the red one representing women, the passion and win-for lust.

The green-colored spindle-shaped bar of the middle represents the hope for victory and nobleness of sporting, which help to the fraternization of peoples, in this case, all the countries which compete with one and only objective: To win. The blue X-shaped silhouette represents men, the unity, sympathy and pureness of purpose of the Games.

San Salvador 2002

## Mascotas

Complementariamente al logo vienen tres mascotas cuya contribución es amplificar la identificación de los juegos entre la gente de América Central y del Caribe.

### Chica

Es una Periquita, posee entre sus virtudes el deseo de volar en procura de preseas doradas, desafiando el peligro y luciendo en su plumaje el verde de la madre naturaleza. Representa la supervivencia, el futuro del medio ambiente y el reto de la mujer del nuevo siglo.

Es un Mapache, de las criaturas del maíz viviente, el cual, aún con su antifaz, no oculta sus ansias de triunfo; es un buen cazador y con el espíritu de un niño travieso, representa la hospitalidad del salvadoreño.

### Chamba

Es un Águila, la más imponente, poderosa y privilegiada de las aves del universo, que se eleva más lejos que toda criatura y cuyo límite de acción es el cielo infinito, simboliza el más alto triunfo de los atletas y representa nuestra libertad y esperanza.

## Mascots

Complementary to the logo come up three mascots; their contribution is to enlarge the visual regional identification of this edition of the Games among the Central American and Caribbean people.

A she-parakeet, amongst her virtues is the desire to fly after the golden trophies, defying danger and displaying in her plumage the green of Mother Nature. She represents survival and the Environment's future, which is the challenge of New Century women.

### Chepe

He is a raccoon, one of the creatures of live y corn who, even with his sympathetic mask can not hide his wish of triumphs; he is a good hunter with the wit of a mischievous kid, representing Salvadorans' hospitality.

He is an eagle, the most imposing, powerful and privileged of the birds of Earth, who flies higher and beyond any other creature's reach and whose only limit is sky itself, symbolizing the highest triumphs of athletes and representing our freedom and hopes.

Estas tres mascotas representan la fauna salvadoreña, y son símbolos ecológicos para la conservación de las especies.

These three mascots represent Salvadoran fauna and are the ecologic symbols of wild species conservation.

## La luz de los Juegos

Quince días faltaban para que los Juegos El Salvador 2002 iniciaran oficialmente, un acontecimiento trascendental daría el punto de partida de la justa deportiva más importante de Centroamérica y del Caribe. Para tal efecto el surgimiento del Fuego Nuevo marcaría el camino hacia la celebración de la tan esperada XIX edición.

Cuatro años pasaron desde que en la Ceremonia de Clausura en los XVIII Juegos celebrados en Maracaibo, Venezuela, a El Salvador se le entregara la sede de la siguiente edición y el encendido del Fuego Centroamericano y del Caribe indicaba la cercanía de los mismos.

El Fuego que alumbraría el Pebetero de los XIX Juegos, fue encendido el 7 de noviembre de 2002, ante las autoridades del deporte salvadoreño y de la ODECABE, en una ceremonia de raíces precolombinas, en el sitio arqueológico de Teotihuacan, al norte de la ciudad de México.

Con luces y sonidos se recreó el espectacular ritual a los dioses. En las Pirámides de Teotihuacan tres danzantes se presentaron con movimientos sincronizados al compás de la música, mientras que en la majestuosa Pirámide de la Luna un grupo de representantes aztecas revivieron otros tiempos de la historia y del deporte.

Los sonidos emitidos de caracoles, flautas y tambores anunciaban la danza y el ritual del Fuego Nuevo, los cantos pregonaban la esperanza de un nuevo amanecer por el esfuerzo y sacrificio en busca de la victoria. A la vez convocaron al dios Huehetetéotl (dios viejo y del fuego), para encender el brasero ritual y obtener el Fuego Nuevo.

## The light of the Games

Fifteen days before the official beginning of the El Salvador 2002 Games, a transcendental event would mark the starting point of the most important sports contest of Central America and the Caribbean. To that purpose, the New Fire lighting would trace the path head to the celebration of the so much expected XIXth. Edition. Four (4) years went by since the closing ceremony of the XVIIIth. Games celebrated in Maracaibo, Venezuela, and to El Salvador would be bestowed no less than the official site of the following edition and the lighting of the Central American and Caribbean New Fire signifying the coming of the Games.

The Fire would light the votive burner of the XIXth. Games, which was lit on November 7th. of 2002 before CACSO and Salvadoran sports leaders in a ceremony of pre-Columbian roots at the archaeological site of Teotihuacán, north of México City. With present days lights and sounds was re-created the ancestral ceremony to the gods. On top of Teotihuacán pyramids, three dancers represented with their synchronized movements the music compasses while on the grandiose Moon pyramid a group of people representing the Aztecs revived past times of sports and History.

The sounds coming out of conch shells, flutes and drums announced the dance and ceremony of the New Fire, the songs proclaimed the hope of a new dawn through the efforts and sacrifice in search for victory. At the same time they convoked god Huehuetéotl (the old god of Fire) to lit up the votive fire burner and so to obtain the New Fire within it.

El Presidente del COSSAL, Enrique Molins, presenció el acto en la Plaza de la Pirámide de la Luna en compañía del Canciller y representante de ODECABE, Luis Elpidio Cumba.

Durante la espectacular ceremonia, el presidente del Comité Olímpico Mexicano (COM), Felipe Muñoz, explicó que "Así como en Atenas se inicia el fuego de los Juegos Olímpicos, en México se enciende el de los Juegos Centroamericanos y del Caribe, por ser el país que le dio origen a la justa regional".

El funcionario manifestó que la ceremonia trata de apegarse lo más posible a la danza original del Fuego Nuevo, danzas sincronizadas, coloridos trajes, imágenes aztecas, música prehispánica, sonidos de caracoles, así como el espectáculo de luz, también se basan en las creencias originales de los antepasados que veneraban el fuego y especialmente al sol.

*Enrique Molins recibe el Fuego de manos de Felipe Muñoz.*

*Enrique Molins receiving the Fire out of the hands of Felipe Muños.*

Por su parte el Presidente del COSSAL se mostró muy emocionado por el recibimiento de las autoridades mexicanas, y aprovechó la oportunidad de anunciar que los salvadoreños esperaban ansiosamente los XIX Juegos, un sueño que a pesar algunas adversidades se haría realidad.

Por otra parte, el Canciller de la ODECABE, durante su intervención pronunció que para la Organización Deportiva era un honor compartir el Fuego que alumbrará los XIX Juegos, tomando en cuenta que históricamente la llama ha salido de las Pirámides de Teotihuacan divulgando las buenas nuevas y que sin lugar a dudas, anuncia que esta edición será exitosa.

Tras la ceremonia ancestral engalanada por un centenar de danzantes y el espectáculo de luces que realzó la belleza de las pirámides del Sol y la Luna, la llama partió rumbo a El Salvador.

## Fuego Nuevo en territorio salvadoreño

Era una mañana calurosa del 9 de noviembre de 2002, cerca de 10 mil salvadoreños que asistieron al acto esperaban ansiosamente la llegada del Fuego Nuevo. Tres paracaidistas comenzaron su descenso sobre el estadio Flor Blanca, uno de ellos portaba el Fuego que recién había nacido en las Pirámides de Teotihuacan en México.

El Presidente de la República, Lic. Francisco Flores, acompañado del Presidente del COSSAL, Ing. Enrique Molins fueron testigos del recibimiento del Fuego Nuevo.

Enrique Molins, President of COSSAL was present at the ceremony at the Moon Pyramid plaza together with the Chancellor and CACSO leading member Luis Elpidio Cumba (Dom. Rep.).

Along the spectacular Ceremony, President of the Mexican Olympic Committee (C.O.M.), Felipe Muñoz, explained that "Just as in Athens initiated the Fire of the Olympic Games, in Mexico is lit up the one of the Central American and Caribbean Games, because of being this the country that originated the regional tournament".

Besides, the functionary expressed the ceremony tries to copy as close as possible the original, primeval New Fire dance with its synchronized movements, colorful dressings, Aztec images, pre-Columbian music, conch shells blow-sounds as well as the lighting show, all of which also based on the original beliefs of ancestors who adored light and specially that of the Sun. On his turn, the President of COSSAL expressed to be overwhelmed by the welcome offered by the Mexican authorities and took the opportunity to manifest that Salvadorans awaited eagerly the XIXth. Games, reminding that historically the flame has left from the Teotihuaçán pyramids proclaiming the New Year good news and that, no doubt, this time the Fire announced this Edition would be a most successful one.

After the ancestral-based spectacle adorned by the performance of a hundred dancers and the illumination show that enhanced the beauty of the Sun and Moon pyramids, the flame left on its journey head down to El

## The new fire on salvadoran soil

It was the warm morning of November 9th. of 2002 and near 10 thousands Salvadorans attended the preliminary event where they eagerly awaited the coming of the New Fire. Three (3) parachutists began to descend precisely and softly over the "Flor Blanca" Stadium, one of them carrying the Fire just recently lit up at the Teotihuacán pyramids ceremonial site far there, in México.

The President of the Republic, Mister Francisco Flores, together with President of COSSAL, Engineer Enrique Molins, were witnesses to the arrival of the New Fire.

El Flor Blanca se vistió de gala, la entrada del Fuego Nuevo fue mágica cayó desde los cielos para ser recibida por el Presidente Flores, y fue precisamente él quien encendió la antorcha que desde entonces le daba luz a los XIX Juegos.

## Orgullos cuzcatlecos

*El Presidente Flores recibió desde el cielo el Fuego.*
*President Flores received the New Fire from sky.*

Tras el encendido de la antorcha, el Presidente Flores le cedió la flama a la estrella del fútbol, Jorge "El Mágico" González, para que iniciara un recorrido alrededor del estadio Flor Blanca y durante 200 metros que corrió con ella, la elevó al cielo y la mantuvo siempre en alto a la vista de todos los presentes.

El arquero Jorge Jiménez recibió la Antorcha de manos del "Mágico", para correr con ella dentro de la pista del coloso, más adelante lo esperaba otro orgullo salvadoreño, el luchador Gustavo Manzur, quien se alistaba para recibir el relevo, el último dentro del estadio antes de salir a recorrer todo El Salvador.

"El Mágico", Jiménez y Manzur fueron los primeros tres salvadoreños en correr con la luz que iluminaría los XIX Juegos Deportivos Centroamericanos y del Caribe, orgullo que mostraron por haber sido los afortunados de tenerla en sus manos.

Durante su intervención ante tan emotivo acontecimiento, el Presidente Francisco Flores, se mostró seguro y a la vez emocionado al recalcar que la fe que los salvadoreños tienen en el futuro de El Salvador, es lo que más impulsa a dar lo mejor de sí en los XIX Juegos.

De igual manera, expresó que el gran ganador de la fiesta atlética más grande de la historia del país, será la juventud salvadoreña, agregó además que la nación ha ganado la medalla de la fraternidad, por la dedicación, apoyo, optimismo y servicio, características que ponen en alto el nombre de El Salvador.

El Ing. Molins, por su parte expresó que el éxito obtenido durante y después del evento deportivo será el resultado del sacrificio y espíritu de superación que todos los salvadoreños han hecho por llevar a cabo este magno evento.

The "Flor Blanca" Stadium was dressed up in gala, the entrance of the New Fire was grandiose and magical: It fell down from over the skies just to be received by President Flores and it was precisely him the one who lit the torch that since then on lighted the events of the XIXth. Games.

## Sports heros El Salvador must be proud of:

After the lighting of the torch, President Flores passed on the flame to Soccer national star, Jorge "El Mágico" ("The Magician"). González for him to begin a run around the exterior perimeter of the "Flor Blanca" Stadium and along the 200 meters he ran with it high-up, he held it to the sky and kept it well up for every one to observe it. Then, archer Jorge Jiménez received the torch out of the hands of "El Mágico" for him to run with it along and on the Stadium inner-circuit track wherein, some hundred meters ahead, waited him another Salvadoran sports hero, wrestler Gustavo Manzur, who was getting ready to take in hands the relay, the last within the Stadium before exiting to keep it all around and over El Salvador for the people to watch it.

"El Mágico" ("The Magician") González, Jiménez and Manzur were the first three (3) Salvadorans to run with the fire that would over and upon the events of the XIXth. CAC Games, an honor they were proud of having been the selected champions to keep it in their hands. During his speech on that exciting event, President Francisco Flores showed himself sure enough of the success of the event and at the same time touched when remarking that the faith that Salvadorans hold in the future of El Salvador was certainly what pushed them the most to offer the best of themselves along the XIXth. Games.

*El Mágico González inició el recorrido del Fuego.*
*"The Magician" González begins the run around with the New Fire.*

He equally manifested that the great winner of the greatest athletic festival along the History of the country was going to be the sporting youths, adding to that, besides, that on his criterion, the Nation had won the fraternity medal because of its devotion, mutual support, optimism and service spirit, character features that place high enough the reputation of El Salvador.

On his part, Engineer Molins expressed that the success level obtained before and after the sports event was to be the result of the coordination, sacrifice and self-improvement spirit which all Salvadorans got to have and perform in order to make this great event come true.

## De oriente a occidente

Luego del espectáculo en el estadio Flor Blanca, el Fuego Nuevo salió de la capital salvadoreña para llevar su calor a todo el país anunciando la llegada de los XIX Juegos. Era hora que todo El Salvador se uniera a la fiesta deportiva.

En caravana el Fuego Nuevo partió hacia el departamento de Usulután, la pesista Eva María Dimas, portó la Antorcha por el Puente de Oro, que conduce hacia la ciudad oriental.

Con el calorcito que se caracteriza en el oriente de El Salvador, en Usulután la Antorcha tuvo una bienvenida con mucho fervor, ahí la flama descansó en espera de otro contingente que la trasladaría hacia la Isla de Meanguera, en el departamento de La Unión.

El 10 de noviembre la Antorcha partió hacia la Isla de Meanguera, aproximadamente a las 5:30 de la tarde, acompañada por 100 balsas artesanales que iluminaron el recorrido con pequeños faroles desde las costas del Pacífico salvadoreño.

*Mágico González*

*Gustavo Manzur*

*Jorge Jiménez*

Para acompañar el recorrido, cada ciudad del oriente del país donde el Fuego Centroamericano y del Caribe llegó, preparó actos culturales propios de la región. Entre el 11 y el 18 de noviembre la antorcha cruzó por los departamentos y ciudades de La Unión, San Francisco Gotera en Morazán, San Miguel, San Vicente, Sensuntepeque en Cabañas, Cojutepeque en Cuscatlán, Chalatenago hasta llegar a Nueva San Salvador en La Libertad.

Posteriormente, el 19 de noviembre el Fuego partió hacia el occidente de El Salvador, y Sonsonate fue la primera en engalanarse con la llegada de la Antorcha. El Volcán de Izalco se convirtió, una vez más, en el "Faro del Pacífico". En esta oportunidad la Federación Salvadoreña de Montañismo fue la encargada de portar la llama hasta llegar al cráter del volcán, mientras que en el parque central de la ciudad se celebraba el arribo con quema de pólvora.

## From east to west

After the entry show at the "Flor Blanca" Stadium, the New Fire left the Salvadoran capital city, keeping its bright and warmth to all over the country as well as proclaiming the coming of the XIXth. Games. The time had arrived for El Salvador as a whole to join to the sports celebration.

Heading a caravan, the New Fire went towards the province of Usulután; weightlifter Eva María Dimas was the chosen woman to carry the Torch over the Golden Gate (a local bridge, scale-to-the-country copy of its same name model on San Francisco Bay) which takes you to that Eastern city.

Under the familiar hot weather characteristic of the Eastern region of El Salvador, the Torch received a much fervent welcome in Usulután, wherein the symbolic Flame stopped awaiting another group which would take it to the island of Meanguera, out of the shores of the province of La Unión.

On November 10th., the Torch went high sea to the island of Meanguera at about 5:30 pm, sailing accompanied by a tiny squadron of one hundred (100) fishermen rowboats which illuminated the route with little lanterns from the Pacific Ocean coast line of El Salvador until the island.

In order to join the route, each Eastern city of the country whereto the Central American and Caribbean Fire arrived, prepared native, out-of-the-region cultural numbers and spectacles. Between November 11th. and 18th. of 2002, the Torch went on through the cities and provinces of La Unión, San Francisco Gotera in Morazán, San Miguel, San Vicente, Sensuntepeque in Cabañas province, Cojutepeque in Cuscatlán province and Chalatenango, wherefrom it reached New San Salvador in La Libertad province.

Righ afterwards, on November 19th the fire left to the West region of El Salvador and Sonsonate became the first city to dress-up with public decoration to receive the Torch. One more time, Izalco Volcano became the "Lighthouse of the Pacific" (a name by which it was well known even till as recently as 1965 by sailors on their navigation maps, due to its flaming eruptions). This time it was the Salvadoran Mountain Climbing Federation the entity in charge to keep the flame up to the Volcano's border of the crater at a visible spot, while at the central square of city downtown, people celebrated its arrival with fireworks.

Los siguientes destinos eran Ahuachapán, luego en las Ruinas del Tazumal en Santa Ana, los lugareños le dieron la bienvenida a la Antorcha con un acto cultural previo al recorrido por la ciudad heroica.

El 22 de noviembre inició su camino al Lago de Coatepeque, y como recta final hacia el Monumento del Hermano Lejano. De ahí la flama partió para las Plazas las Américas en la capital para culminar su trayectoria con un festival de marimba y orquestas nacionales. Era tiempo de fiesta.

Por fin la fecha había llegado, el Fuego Nuevo que recorrió todo El Salvador en 14 días llegó justo a tiempo a la majestuosa Ceremonia de Inauguración, en el estadio Flor Blanca, para encender el Pebetero, y por 15 días fue la luz que iluminó los XIX Juegos Deportivos Centroamericanos y del Caribe, El Salvador 2002.

## Una fiesta deportiva con mucho brillo

La Ceremonia de inauguración de los XIX Juegos Deportivos Centroamericanos y del Caribe fue toda una sorpresa. Se abrió el telón con un espectáculo de primera calidad colmado de elementos de la cultura de nuestro país, haciendo realce de la idiosincrasia de los salvadoreños.

Para el COSSAL cada minuto era primordial, no debía faltar ningún elemento y su hora de inicio debería de ser exacta, pues con ello se demostraba que la organización del evento deportivo más grande en la historia del país, no tendría contratiempos.

A las 5:00 p.m., un grupo acrobático con atuendos coloridos le daban la bienvenida a los espectadores- integrado por más de 100 personas en monociclos, hombres con zancos, malabaristas y payasos- acto que indicaba que la noche de encanto estaba por iniciarse.

Posteriormente, llega el turno de los paracaidistas de la Fuerza Aérea de El Salvador. Cada uno de ellos portaba las banderas de los 31 países que se unían a la gran fiesta deportiva durante los 15 días de competencias, era tan grande la emoción de celebrar la fiesta: deportiva que los espectadores los recibían con un caluroso aplauso y vitoreando el nombre de El Salvador.

people celebrated its arrival with fireworks.
Following destinations were Ahuachapán and then Tazumal ruins in the province of Santa Ana, whereto the inhabitants welcomed the arrival of the Torch with a cultural occasion previous to its run throughout main streets of the Heroic City (as Santa Ana is called by Salvadorans because of former days military actions.- Note of the T.). On November 22nd. the Light started its way to Coatepeque (Hill of the Snake.- N. of the T.) Lake and from there on, made its way back to San Salvador until the Far Away Brother Monument. From that spot, the flame was kept on the run to "Las Américas" plaza, already properly within the Capital city, just to culminate its route amidst a xylophones and local music band groups festival. It was time to party.

The date had finally arrived, the New Fire that journeyed all over El Salvador in fourteen (14) days arrived just in time to the great Inauguration Ceremony at the "Flor Blanca" (White Flower.- Note of the Translator) Stadium in order to lit up the votive fire burner and along fifteen (15) days was to become the pure will-power light that flamed and shone over the XIX$^{th}$. CAC Games, El Salvador 2002.

## A highly brightsome sport celebration

The Inauguration Ceremony of the XIX$^{th}$. Central American and Caribbean Games was all of a surprise. The curtain was opened with a first class show packed with our country's own cultural elements, thus heightening up Salvadorans idiosyncrasy.

For COSSAL Committee each minute was vital, no element could be forgotten and its starting times had got to be exact, because through all of these details was to be demonstrated that the organizing of the greatest sporting celebration in the History of the country would not experiment setbacks.

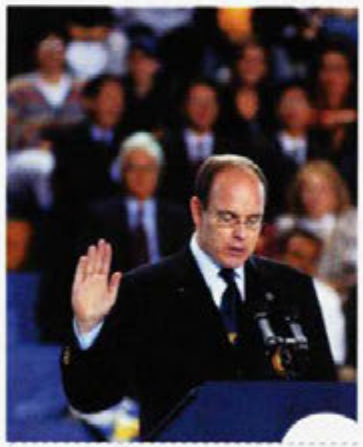
At 5:00 pm, an acrobatic group with colorful attires constituted by more than one hundred (100) people on monocycles, stilts, jugglers and clowns welcomed the public, number which indicated that the enchanted night was about to begin.

Later on came the chance of the sky-diver paratroopers of Salvadoran Air Force. Each of them descended carrying one flag of each of the 31 countries that were to be part of the great sports celebration along the fifteen (15) days of competition, in fact, emotions went so high amidst spectators because of the festival that the public received them with a warm applause and cheering up the name of

El colosal "Flor Blanca" se empezó a vestir de azul y blanco con más de 4 mil 80 voluntarios (mosaicos) que animaron el evento con las tradicionales olas y cánticos como "que nos vengan a ver, que nos vengan a ver, somos los mosaicos de El Salvador" y el conocido estribillo: "El Salvador, El Salvador, El Salvador", sin duda alguna los salvadoreños entregaron su cuerpo y alma para darle la bienvenida a las 31 naciones participantes.

Luego, llegó el turno para las personalidades cuya orden de entrada era propiamente protocolar: Lic. Francisco Flores, Presidente Constitucional de la República, Ing. Enrique Molins Rubio, Presidente del Comité Organizador COSSAL, Dr. Joaquín Puello, Presidente de la ODECABE, Dr. Benjamín Ruíz Rodas, Ex Presidente del Comité Olímpico de El Salvador, Monsieur Jacques Rogge, Presidente del Comité Olímpico Internacional y por último su Alteza Serenísima, El Príncipe Alberto de Mónaco.

Consecutivamente, se llevó a cabo el ingreso de las delegaciones en orden alfabético, encabezadas por una banda musical juvenil con atuendos de los Mayas, una vez en sus posiciones de guerreros atléticos y diferenciados por sus uniformes deportivos alusivos a su país de origen, estos reflejaban en sus rostros la alegría de estar en una nueva fiesta deportiva y fue así que la luz del sol se escondió en el horizonte dando lugar a la entrada del imponente Fuego Nuevo, que le daba el toque de distinción a una noche llena de sorpresas.



*El Príncipe Alberto juramentó a los atletas.*
*Prince Albert of Mónaco took the athletes' oath.*

El ingresó del Pabellón Nacional fue emotivo, se recordaron momentos históricos, pues los dignos representantes y que tenían el orgullo de portar el Pabellón eran nada más y nada menos que los medallistas de Oro de 1954 y 1959 en los Juegos Deportivos Centroamericanos y del Caribe, en las disciplinas de Baloncesto y Fútbol.

Siguiendo con el acto solemne, se dio la izada de pabellones y canto de himnos de El Salvador, COI y ODECABE. Acto seguido el Presidente de COSSAL, Ing. Enrique Molins Rubio, se manifestó orgulloso de poder brindar a sus invitados la más calurosa de las bienvenidas.

Igualmente, el Presidente de la ODECABE, Dr. Joaquín Puello dijo estar impresionado por la capacidad de los salvadoreños en organizar un evento de alta calidad, a pesar de las adversidades que el destino impone.

El Salvador.

The huge "Flor Blanca" began to dress blue and white colors with the movements of over 4 thousands 80 volunteers (the so-called "mosaics") who gave life to the celebration with the classic waves and chants like the one that chorused: -*"Let them come watch us, let them come watch us, let them come watch us: We are the mosaics of El Salvador"*, a beautiful demonstration that brought out tears of emotion in more than some, followed by the well known cheer, the three-timed compass: -*"El Salvador, El Salvador, El Salvador"*. Doubtlessly, Salvadorans gave themselves heart and soul to welcome the 31 nations taking part.

Then came the arrival of the leading personalities, whose order of entrance was strictly protocolar: Francisco Flores, Constitutional President of the Republic; Engineer Enrique Molins Rubio, President of COSSAL Organizing Committee; Doctor Joaquín Puello, CACSO President; Doctor Benjamín Ruiz Rodas, Ex President of the Olympic Committee of El Salvador; Monsieur Jacques Rogge, President of the International Olympic Committee and last, but not least; His Most Serene Highness, Prince Albert of Mónaco.

*Los mosaicos crearon pinturas en vivo durante el acto de Inauguración.*
*Mosaics created live pictures during the Inauguration Ceremony.*

Following came the entrance of all Delegations in their alphabetical order, headed by a youth musical band attired Mayan-style. Once in their places the athletic warriors and differenced by their country of origin sporting uniforms, it was evident they projected in their faces the joy of being present at a new sports celebration and thus it was that Sun light hid under the horizon, giving place to the entrance of the impressive New Fire, which provided a touch of distinction to a night packed with surprises.

The entrance of the National Flag was filled with emotion and historic moments were remembered, because the fit representatives chosen to carry on the Flag were no less and no more than the gold medallists of the 1954 and 1959 in the Basketball and Soccer disciplines. Following with the solemn ceremony, flags were raised and the anthems sung of El Salvador, of the International Olympic Committee and CACSO. Next, President of COSSAL, Eng. Enrique Molins Rubio, expressed himself being proud of being able to offer his guests the most warm of welcomes to the encounters.

Similarly, CACSO President Doctor Joaquín Puello said to be impressed by Salvadorans' capacity to organize such a high quality level event, despite the

Asimismo, se llevó a cabo la juramentación de los deportistas de parte de Su Alteza Serenísima El Príncipe Alberto de Mónaco, quien a la vez entregó un pergamino y una medalla para los deportistas salvadoreños, los cuales fueron recibidos por nuestro máximo estandarte de Tiro con Arco, Jorge Jiménez. Igualmente, el Príncipe de Mónaco recibió una medalla de los Juegos por Stephany Platero de Ciclismo.

*La delegación salvadoreña fue la más entusiasta al inaugurar la fiesta deportiva.*

***The Salvadoran Delegation was by far the more enthusiastic at the Inauguration Ceremony of the sport celebration.***

Conforme pasaba el tiempo y a la noche se le impregnaba la magia de las luces artificiales que decoraban el cielo salvadoreño; los atletas y los invitados de honor esperaban ansiosamente la declaración oficial de la inauguración de los Juegos por parte del Presidente de la República, Lic. Francisco Flores.

"A los más de 7 mil atletas, delegados y dirigentes que nos visitan, quiero extenderles una cordial bienvenida y asegurarles que El Salvador, como anfitrión de este evento histórico, se siente honrado de recibirlos y de ser la sede de sus glorias deportivas", y su mensaje lo cerró con broche de oro al exclamar: "¡El Salvador, los recibe con los brazos abiertos!".

Este fue el inicio de la gran fiesta que reunía el calor del Fuego Nuevo y anunciaba el comienzo de la más importante justa deportiva regional, en donde brilló la esperanza y la amistad.

El plato fuerte de la noche fueron los actos artísticos iluminados con luces de colores en los que se reflejaron los cuatro elementos vitales: Fuego, Tierra, Agua y Aire; como un regalo de los dioses para el mundo.

El escenario se encontraba en plena penumbra y comenzó la danza cuando los bailarines se encontraban en estado de congelamiento, acto seguido encendieron sus antorchas e iniciaron su peregrinación hacía donde se encontraban 30 bailarines con antorchas encendidas, posteriormente, se incorporaron estéticamente a la coreografía que ejecutaba giros y saltos

adversities sometimes imposed by Destiny on the way to making it true.
In the same way was fulfilled the taking of the oath to the athletes by His Most Serene Highness, Prince Albert of Mónaco, who at the same time offered a scroll and a medal to Salvadoran sports men and women, which were received by our highest Archery exponent, Jorge Jiménez. Equally, the Prince of Mónaco received a commemorative medal of the Games out of the hands of Stephany Platero, who competed under the Cycling category.

As time kept on going and night permeated with the magic of the fireworks which decorated Salvadoran sky, honor guests and athletes expected eagerly the official proclamation of the Inauguration of the Games by the President of the Republic, Francisco Flores.

*-"To the over 7 thousands athletes, delegates and sports leaders who visit us, I would like to offer you a cordial welcome and ensure you that El Salvador, as the host country of this Historic event, feels honored to receive you and to have been chosen as the site of your coming sports deeds"*, said he, and closed his message exclaiming: -*"El Salvador welcomes you all with open arms!"*.

This marked the true beginning of the great celebration that joined the warm of the New Fire and the proclamation of the starting point of the most important regional tournament wherein shone through friendship and hope.

The main course of the night were the artistic numbers illuminated with color lights where they were reflected the four (4) vital Nature's elements: Air, Earth, Fire and Water, as a gift of the gods for the world. The venue was completely at dark and the representation began with the dancers in a kind of freezing state, then they lit their torches and began a pilgrimage towards the spot where thirty (30) dancers were awaiting with their already lit torches, next on they joined aesthetically to the staging executing revolutions and leaps to the compasses of Indian-like percussive musical expressions clearly allusive to gratitude to the Fire God. The dance finished when forty (40) dancers in an offering attitude pointed to the arrival of the torch

*El Fuego iluminón por segunda ocasión el Estadio Flor Blanca.*

***The New Fire illuminated "Flor Blanca" Stadium for the second time in History, after the IIIrd. Edition of the Games, El Salvador 1935.***

al compás de expresiones musicales percusivas, haciendo una clara alusión de gratitud al Dios fuego. La danza finalizó cuando 40 bailarines en forma oferente indicaron la llegada de la Antorcha Centroamericana y del Caribe.

El Estadio quedó parcialmente a obscuras para recibir al "Fuego Nuevo", el cual fue portado por campeones salvadoreños en justas anteriores - Enrique Trabanino, Miguel Merz, Juan Carlos Vargas, Jaime Comandari, Eva María Dimas, Mayra Fonseca, Francisco Suriano, Mauricio Cienfuegos y Carlos "Famoso" Hernández", uno a uno recorrió el Estadio, hasta llegar a la Gran Pirámide que sostenía al Pebetero que mantendría la llama del Fuego durante los 15 días de fiesta deportiva.

La celebración continuó con la "Fiestas de Mi Pueblo", 500 bailarines vistieron trajes coloridos y danzaron al son de los "Centuriones de Simón", "Los Historiadores de Cuisnahuat", "Los Pastores y los Micodioeses de Nahuizalco" y "El Torito Pinto". A este acto se le sumó la quema de pólvora y fuegos artificiales; tradición que demuestra una gran celebración para los salvadoreños.

Fue una noche mágica, donde el espíritu de los salvadoreños brillo y se quedó impregnado en los invitados de honor. Se cerró el telón con la llegada de la Luna llena, su posición fue estratégica, le dio un toque de distinción al realzar su belleza a lado derecho del Pebetero que resguardaba el Fuego Nuevo. ¿Qué más se podía pedir, si todo lo que se percibía era la contagiosa alegría de recibir una fiesta deportiva que quedaría guardada en el corazón de cada uno de los salvadoreños?.

Y nuestros huéspedes de honor se llevaron marcado en sus mentes una frase retomada del libro Maya "Popol Vuh", "piensen en nosotros cuando sale el sol y cuando llueve, recuérdennos al ver la luna y las estrellas y no nos borren de sus mentes".

Fire, which was carried by Salvadoran champions who were part of previous tournaments, heroes like Mauricio Cienfuegos, Jaime Comandari, Eva María Dimas, Mayra Fonseca, Carlos "El Famoso" ("The Famous") Hernández, Miguel Merz, Francisco Suriano, Enrique Trabanino and Juan Carlos Vargas, all of whom, one by one, circuited the Stadium until reaching the Great Pyramid that supported the votive fire burner that would feed the Games Fire flame along the fifteen (15) days of the sports festival.

The celebration continued with the interpretation of "The Festivities of My Town", wherein five hundreds (500) dancers dressed in colorful peasant-like attires and danced to the music sound of "Simon's Centurions", "Shepherds and Monkey Gods of Nahuizalco", the "Torito Pinto" (name of a rural dance about the usual restlessness of Spotted Calves) and the "Storytellers of Cuisnahuat". To these dance numbers were added fireworks and feast petards, a popular use that for Salvadorans means that some important celebration is going on.

It was a magical night when the Salvadorans national spirit shone and permeated the honor guests. The curtain was closed with the arrival of Full Moon, the position of the which was undoubtedly strategic, giving a touch of silvered distinction to the whole scenery by shining all the more beautiful than ever to the right side of the votive fire burner that fed the New Fire. What else could be asked for if all you could feel was the contagious joy of receiving and inaugurating an immense sports party that would thus remain forever kept within the hearts and memories of each of the Salvadorans attending it?.

And it was thus that our honor guests left with a sentence remarked in their minds, taken from the Mayan Sacred Book, the "Popol Vuh": - *"Think of us, the Gods and ancestors, the heroes of old, when Sun raises and when it rains; remember us in corn and when watching the Moon and the stars, and be pious, do not erase us out of your minds, because life is only too short but great is life's beauty"*. And far away, a drum seemed to drum it.

*Eva María, Suriano, Cienfuegos y "El Famoso" encendiero el pebetero de los XIX Juegos.*
*Eva Maria, Suriano, Cienfuegos and "The Famous" lit up the XIX$^{th}$. CAC Games votive Fire burner.*

## Una Clausura sin precedentes

Luces y mucha satisfacción se vivió en el Estado Flor Blanca, luego de que el Presidente de la República y autoridades del Comité Organizador, El Salvador 2002, dieran por clausurados la XIX edición Juegos Regionales más antiguos del mundo.

Los aplausos de más de 25.000 aficionados se hicieron sentir, cuando los atletas hicieron su entrada triunfal al estadio Flor Blanca que albergó estas competencias por segunda vez en 67 años de historia de los Juegos. La primera ocasión fue en la III edición de los Juegos Regionales en 1935.

"El Salvador, se siente muy honrado por haber sido durante estas dos últimas semanas más que el anfitrión de este magno evento, el hogar de todos los que nos visitaron. Nos sentimos orgullosos que en nuestros escenarios deportivos se hayan escrito memorables páginas para la historia del deporte regional", expresó el Presidente Salvadoreño Francisco Flores en su discurso de clausura.

*El Salvador 2002 conluyó, ahora Cartagena 2006.*
*El Salvador 2002 has finished, now comes Cartagena, Colombia 2006.*

A su vez, La ODECABE elogió la organización de estos, que se caracterizaron por ser los Juegos más limpios en la historia de la organización. Y felicitó al COSSAL por el trabajo, esfuerzo y dedicación que se vio reflejado durante la realización del evento deportivo.

El momento cúspide de la noche fue cuando el Fuego de los XIX Juegos, se extinguió tras 15 días de competencias y el tradicional traspaso de la bandera a las autoridades de Cartagena de Indias, Colombia, sede de la próxima justa en el 2006.

## An unprecedented closing ceremony

Amidst lights and with a lot of satisfaction were lived the historical closing moments at the "Flor Blanca" Stadium, after the President of the Republic and leaders of the Organizing Committee, El Salvador 2002, declared closed the XIXth. Edition of the oldest regional games in the world.

The applauses and cheers of over 25,000 fans were deeply felt when the athletes made their triumphal entrance to "Flor Blanca" Stadium, the venue which hosted these competitions for the second time in the last sixty seven (67) years of the most recent History of the Games. The first occasion was for the third Edition of these regional games, back in 1935.

-"El Salvador really feels very much honored for having been along these last two (2) weeks, more than merely the host of this magnificent event, the home of all those of you who visited us. We feel proud that it had been in our sports venues where memorable pages for the History of regional sports had been written in this occasion", expressed Salvadoran President Francisco Flores during his Closing Ceremony speech.

On its turn, CACSO praised again the organizing of the Games, which they considered their main feature that of having been the cleanest played and fought in the History of their editions. And congratulated COSSAL for the well-done work, dedication and effort projected them to along the staging of the sports event.

The peak moment of the night was when the XIXth. CAC Games Fire flame was solemnly extinguished after fifteen (15) days and nights of competitions and the traditional passing out of the standard of the Games to the sports authorities of Cartagena de Indias, Colombia, chosen site for the next tournament in 2006.

# Dirección de Informática

# Data Processing Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Informática

La Dirección de Informática tuvo una responsabilidad muy grande, ya que coordinó las Direcciones del COSSAL. Entre ellas, proyectó con la Compañía Española de Diseño de Redes MSL una exposición del funcionamiento del sistema de acreditaciones, Congreso de Jefes de Misión y el acceso de resultados de las competencias a través de la Página Oficial http://www.elsalvador2002.org.sv

Por ello, entre sus objetivos se destacaron:

- La definición formal del centro de cómputo de los XIX Juegos.
- Estableció los mecanismos idóneos para que el servicio de informática entre sedes centrales, sub sedes, hotel sede, hotel jueces, medios de prensa y otros, funcionaran a la perfección.
- Definió áreas de trabajo, horarios, alimentación de computadoras, salidas telefónicas, planos, dispositivo de comunicaciones interna y externa y logística con la empresa proveedora de software.
- Instaló y supervisó la red de Internet en el Centro Principal de Prensa, que se instaló en la Feria Internacional de El Salvador.
- Coordinó con MSL el envío de suministro de equipos para las pruebas de software en España.

Con las Direcciones de COSSAL coordinó:

- El mecanismo de manejo de las gráficas en televisión, con la Dirección de Promoción y Mercadeo.
- Los programas deportivos, horarios y eventos con sus respectivos aproximados de participación, la aplicación de bases de competencia y la oportunidad de resultados, con la Dirección Técnica.
- Además de definir reuniones con las Federaciones Deportivas, a través de la Dirección Técnica, para que el servicio de informática contribuyera a que los resultados llenaran las expectativas de la prensa y la población, respecto a su disponibilidad, exactitud y rapidez.

## Digital data direction (DDD)

The Digital Data Direction had a great responsibility, since it coordinated the steps of all other COSSAL Organizing Committee operational directions. Together with the Spaniard network linking company MSL, it designed an exhibit of the working way of the official accreditations system, the Mission Chiefs' Convention and how to access the competitions through the then official web page http: // www.elsalvador2002.org.sv.

Because of that reason, amongst its objectives were relevant the following:

- The formal design of the Computing Center of the XIXth. CAC Games.
- The establishing of the ideal mechanisms for the data providing services amongst the centralizing sites, sub-sites, hosting hotels, hotels for the judges, mass media and others so they may coordinate well altogether.
- It defined work areas, chronograms, computer materials feeding, telephone outlets, working plans, diagrams, external and internal communications devices and the logistics with the software-providing enterprise.
- It installed and supervised the Internet Web design at the Main Media Center operating at El Salvador's International Fair.
- DDD coordinated with MSL Networking system the equipments shipping for the software tests in Spain.

With the other Directions of COSSAL, DDD coordinated the following:

- With the Marketing and Promotion Direction, the elaboration and handling of TV demonstrative graphics.
- With the Technical Direction, the projection of the sports programs, timetables and events together with their respective approximations of participation, the application of the competitions basis and the opportunity of results capture.
- Also with the Technical Direction, it defined meetings with the different Sports Federations so that the data providing services could contribute to the effect that the results could fulfill the media and public expectations on their accuracy, availability and fastness.

# Dirección de Comunicaciones
# Communications Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción
## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Comunicaciones

La Dirección de Comunicaciones tuvo como objetivo primordial crear el Centro Principal de Prensa (CPP), para los periodistas nacionales y extranjeros que tuvieron la misión de dar a conocer el desarrollo y resultado de los XIX Juegos, para ello se les brindaron instalaciones adecuadas, con lo último en tecnología, así como el personal capacitado para crear un medio eficaz, cómodo y profesional.

Durante la realización de los Juegos se contó con la participación de más de mil periodistas entre salvadoreños y extranjeros que utilizaron el equipo disponible en el Centro Principal de Prensa (CPP), así como los productos de trabajo de oficina ofrecidos por diferentes empresas privadas.

La Sala de Redacción (Pabellón No. 11 de la Feria Internacional de El Salvador) fue el lugar de mayor tráfico en el CPP, con capacidad de atención para 250 periodistas trabajando simultáneamente. 125 puestos de trabajo con 71 conectores para laptop y 54 PC´S todas con acceso libre a Internet dedicado. En forma conjunta funcionó una oficina de Servicios Generales, que se dedicó a resolver diferentes emergencias que se le presentaron a los usuarios.

La Sala para Conferencias de Prensa estuvo ubicada en el Pabellón 12, con una capacidad de recepción para 200 personas, contó con una cabina de sonido y cabinas de teléfonos para que los periodistas transmitieran los discursos de las conferencias.

La Empresa de Telecomunicaciones Telecom ofreció una gama de prestaciones disponibles en una mini agencia en la Sala de Redacción. Los servicios disponibles fueron: líneas telefónicas conectadas a la red pública con acceso a llamadas internacionales a través del carrier 155; Navegante: el Internet de Telecom con acceso dial up y accesos de alta velocidad ISDN; Publitel, telefonía pública con acceso de tarjetas pre pago para llamadas locales,

## Communications Direction

The Communications Direction had as its main objective the creation of the Main Media Center (CPP by its acronym in Spanish) for national and foreign journalists with the mission of covering and making known the staging and results of the XIXth. Games, purpose to the which they were offered proper installations the most recent technologies and personnel trained to create a comfortable, efficient and professional environment.

Along the performance of the Games took part covering them over one thousand (1000) foreign and national journalists, all of whom could use the hardware and other equipments available for them at the CPP, as well as the office work products of different private enterprises trademarks.

The Newsroom Hall (Pavilion Number 11 of the complex of the El Salvador International Fair) was the most visited and used spot of the CPP, with an attention capacity for 250 journalists working simultaneously. It hosted 125 work screens with 71 laptop connectors and 54 PC's, all of them free-accessed and dedicated Internet searchers. Next to it functioned a General Services office, devoted to solve the different emergencies of the accredited users.

The Press Conference Hall was sited at Pavilion Number 12 of the same area, with a hosting capacity of two hundreds (200) people and it included a radio-linking soundproof console cabin and telephone soundproof booths so that journalists could easily transmit the interventions of the sports leaders during the conferences.

Telecom communications company offered for the cccasion a wide range of available services in a mini-office of its own sited at the Newsroom Hall. Available services were: Telephone lines connected to the public network with access to international calls through the 155 carrier; "Navegante", the

internacionales y a celulares; Personal, el celular de Telecom estuvo en venta en planes pre y pos pago; Seguro y con Tecnología GSM, contando con la cobertura en todos los escenarios deportivos.

Adicionalmente, Telecom instaló cinco mini agencias en las oficinas de prensa: Estadio Nacional Flor Blanca, Complejo para Deportes Acuáticos, Gimnasio Nacional "Adolfo Pineda", Polideportivo Ciudad Merliot y Villa CABE.

El Centro Principal de Prensa contó con el patrocinador Xerox cuyo apoyo fue el servicio exclusivamente a la entrega de resultados, los cuales se imprimían inmediatamente después de conocerse oficialmente. Xerox contó con dos tipos de diagramas, el primero conteniendo los equipos Xerox modelos DC 265 ST, DC 4 LP y el DC 425 que dieron el soporte en el Centro Principal de Prensa y el segundo para los equipos más pequeños, modelos WCP 412 que se encontraban en las Oficinas de Prensa. Los resultados y demás información sobre los XIX Juegos, estuvieron disponibles en la página oficial www.elsalvador2002.org.sv.

Otro de los patrocinadores del CPP fue Audio Video Profesional, S.A. de C.V. quien prestó su servicio como apoyo técnico en el área de audio y video, proporcionando la asistencia técnica para equipos de prensa e insumos: baterías para cámaras, cintas de video en todos sus formatos, lámparas de iluminación, cables de video y audio, conectores, etc. También, el servicio de islas de edición no-lineal para la edición de noticias deportivas, servicio de transferencia de formatos y copiado masivo de audio-video y la microfonía inalámbrica profesional de Sennheiser que garantizó el sonido de las conferencias de prensa que se desarrollaron durante los 15 días de competencias.

Telecom Internet service with dial up access and high speed ISDN accesses; "Publitel", public telephony with access to pre-pay cards for local, international and to cellular units calls; "Personal", the Telecom cellular service units were for sale in previous and posterior payment plans, safe and with GSM technology, with reliable coverage on all sporting competition assigned spots.

Besides, Telecom installed five (5) mini-offices at the following on-the-spot media newsrooms: "Flor Blanca" National Stadium, Aquatic Sports Complex, "Adolfo Pineda" National Gymnasium, Merliot City Sports Complex and National University CABE Village. CPP was backed and sponsored by Xerox Company Operational Support and Supplies Division, whose support service was exclusive for official results media delivery, the which were immediately printed after officially established and communicated.

Xerox relied on two types of diagrams, the first containing the Xerox hardware models DC 265 ST, DC 4 LP and the DC 425, which offered main support to the CPP Media Center and the second for smaller equipments, WCP 412 located at the on-the-spot previously enumerated media newsrooms. Results and all else information about the XIXth. CAC Games were available at the official web page www.elsalvador2002.org.sv.

Another of the sponsors of Main Media Center was Salvadoran company Audio Video Profesional, variable capital investment partnership, which was the enterprise to provide the technical support in the audio, video, visual-programmed CD's areas, photographic press equipments, accessories and related-to supplies: Camera solar batteries, lens filters, video tapes in all and every standard world formats; photography lampas, reflectors and background studio screens, audio and video-cables, power units, portable transformers, connectors etcetera. It also furnished the non-lineal, on-the-field edition spot services of the different sport news, mixes, special effects even for the official web page, transference of formats, massive copying of audio-video broadcasted or abroad distributed cassettes and professional cordless microphones by German Sennheiser Tech Industries, micros which guaranteed the Media & Press conferences at the El Salvador International Fair premises all over the fifteen (15) days that took place the tournaments.

## Apoyo incondicional

Además, la Dirección de Comunicaciones contó con el apoyo incondicional de aproximadamente 100 voluntarios, estudiantes de las carreras afines a las comunicaciones y el periodismo, quienes se distribuyeron en las funciones de coordinadores de prensa, redactores, recopiladores de datos y fotoperiodistas.

Los voluntarios de prensa se encargaron de ofrecer atención a los periodistas nacionales e internacionales tanto en el Centro Principal de Prensa como en las oficinas que se ubicaron en el Estadio Nacional Flor Blanca, Estadio Cuscatlán, Complejo para Deportes Acuáticos, Velódromo El Polvorín, Cancha Pablo A. Guzmán, Parque de Pelota Saturnino Bengoa, Gimnasio Nacional Adolfo Pineda, Polideportivo Merliot, Villa CABE, Maya Country Club y Palacio de los Deportes.

En cada una, se instaló equipo moderno con múltiples funciones: fotocopiadora, fax, impresor y scanner, con el propósito de brindarles la atención necesaria a los periodistas durante los días de competencia.

## Unconditional support

Also, the Communications Direction received the unconditional support of approximately one hundred (100) CAC Games volunteers; either communications, journalism or publicity students, all of whom were fairly distributed according needs as M & P coordinators, writers, data compilers and tabulators and on-the-spot photojournalists and images furnishers to the web page of the Computer Center.

These press volunteers were in charge of offering attention and support to both national and foreign journalists, both at the CPP and at the venues' field press offices which were located within the premises of "Flor Blanca" National Stadium, "Cuscatlán" Stadium, Aquatic Sports Complex, "El Polvorín" Velodrome, "Pablo Arnoldo Guzmán" Soccer field, Baseball Diamond "Saturnino Bengoa", "Adolfo Pineda" BKB National Gymnasium, Merliot Sports Complex, CABE Village, Maya Country Club and the National Sports Palace.

In each of these field press offices, state-of-the-art journalism and office tools were installed with multiple functions related to the coverage and broadcasting: Copy machines, CD image resources, faxes, printers, scanners and wall-embedded TV sets, all with the purpose of furnishing the necessary info support to journalists during the days the tournaments took place.

# Dirección de Protocolo
# Protocol Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción
## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Protocolo

Para dar realce y organizar a detalle cada una de las actividades protocolarias y culturales, el COSSAL contó con el valioso aporte de esta dirección que, con su minucioso trabajo logró contribuir al éxito de los XIX Juegos, contando con la participación de elementos fundamentales.

La estructura de la dirección se definió de acuerdo al siguiente detalle del Recurso Humano utilizado:

- Un Director.
- Siete coordinadores de área.
- Una Secretaria.
- Un Motorista.
- Una ordenanza.
- 480 voluntarios (distribuidos en 104 para ceremonias de premiación, 62 attachés para atención a Presidentes y Jefes de Misión, 23 guías turísticos, 143 en escenarios deportivos, 5 edecanes, 55 orientadores, 35 para aeropuerto y fronteras, 35 para áreas VIP, 2 intérpretes y traductores y 16 asistentes de área).

## Protocol Direction

In order to add excellence and to organize and coordinate every detail of the protocol and cultural activities, COSSAL received the valuable support of this Direction, which, with its thorough fulfillment of tasks, contributed to the success of the XIXth. CAC Games, relying on the participation of fundamental elements.

The structure of this Direction was defined according the following detailed list of the human resources that were used:

- One Director.
- Seven area coordinators.
- One secretary.
- One driver.
- One messenger.
- Four hundreds eighty (480) volunteers, distributed as follows: 104 for award ceremonies, 62 attachés to assist Presidents and Mission Chiefs, 23 tourists guides, 143 in the sports venues, 5 aides-de-camp, 55 location-and -premises guides, 35 at the airport and border custom offices, 35 for VIP areas, 2 interpreters and translators and 16 area assistants.

Recurso material y equipo:

- 10 mil viñetas para identificación de equipaje de delegaciones.
- 22 astas de Premiación.
- 16 juegos de pódium de Premiación.
- 30 bandejas de Premiación.
- 24 manteles para ceremonias de Premiación.
- 3 mil 426 medallas de Premiación (1,083 de Oro; 1,083 de Plata y, 1,260 de Bronce).
- 60 discos compactos con Himnos Nacionales (de 31 países participantes) y fanfarrias para anuncio de ceremonia de Premiación.
- 2 equipos móviles de sonido.
- 610 banderas (de los 31 países).
- 2 juegos de disfraces de Mascotas.
- 25 banners alusivos a los Juegos.
- 5 mil diplomas de Premiación.
- 7 mil 500 diplomas de Participación.
- 3 mil tarjetas de invitación para ceremonia de Inauguración.
- 3 mil tarjetas de invitación para ceremonia de Clausura.
- 2 computadoras Laptop.
- 2 computadoras de escritorio IBM.
- 20 radios de comunicación.
- 3 teléfonos celulares.
- 13 refrigeradoras.
- 9 juegos de sala.
- 1 pebetero para la llama de los XIX Juegos.

Material resources and tools:

- 10 thousands custom-free safe-conduct tags for the Delegations luggage identifications.
- 22 flagpoles for awarding ceremonies.
- 16 podium sets for awarding ceremonies.
- 30 award silvered trays.
- 24 tablecloths for awarding ceremonies.
- 3 thousands 426 Award Medals (1083 Gold platted, 1083 Silver platted and 1260 Bronze platted).
- 60 compact disks with the National Anthems of the 31 countries taking part and several different fanfares to announce the awarding ceremonies.
- 2 mobile sound sets for mass meetings.
- 610 flags of the 31 countries and sporting entities involved.
- 2 sets of mascots' costumes.
- 25 banners allusive to the CAC Games.
- 5 thousands Awards diplomas and scrolls.
- 7 thousands 500 merit to participation diplomas.
- 3 thousands invitation cards to the Inauguration Ceremony.
- 3 thousands invitation cards to the Closing Ceremony.
- 2 laptops.
- 2 IBM desk central command PC's.
- 20 communication radios.
- 3 cellular phones.
- 13 refrigerators.
- 9 living room sets.
- 1 votive fire burner for the XIXth. CAC Games Flame.

Las actividades de la Dirección se desarrollaron fundamentalmente en las siguientes ubicaciones:

- Aeropuerto Internacional de El Salvador.
- Fronterast.
- Hotel Radisson (Sede de presidentes y VIP).
- Hoteles de jueces y árbitros (Hotel Holiday Inn y Hotel Siesta).
- Villa Centroamericana y del Caribe (Atletas y jefes de misión).
- Escenarios deportivos.
- Ceremonias oficiales de premiación.
- Área cultural.
- Área de turismo.
- Eventos sociales (Para VIP).

The various activities of the Direction took place mainly at the following locations and premises:

- El Salvador "Comalapa" International Airport.
- Borders.
- Radisson hotel (main site for Presidents and VIP's).
- Hotels for judges and referees (Holiday Inn and Siesta hotels).
- Central American and Caribbean Varsity Village -CABE Village- (for athletes and Mission Chiefs).
- Sports venues.
- Official awarding ceremonies.
- Cultural areas.
- Tourism areas.
- Social events (for VIP's).

Cabe destacar que para el desarrollo eficaz de las actividades culturales y turísticas, se contrataron los servicios de profesores en Historia y Turismo, para realizar una capacitación de dos meses para voluntarios incluyendo viajes de campo exploratorios. Además se distribuyeron, a atletas y delegados, folletos informativos sobre El Salvador, los cuales contenían historia, turismo, cultura, medio ambiente y primeros auxilios; así como brochures que ofertaban siete rutas turísticas.

También se desarrollaron actividades de tipo musical y artísticos, contratando a grupos nacionales como la Orquesta de los Hermanos Flores, Bossa y Salsa Clave; y, tres grupos de teatro.

It is to be mentioned that for the efficient fulfillment of the cultural and tourism activities, the services of History and Tourism professors and teachers were temporarily acquired for them to develop a two (2) months training for all of the volunteers, including exploratory field visits to interest spots. There were also distributed informative booklets and brochures on El Salvador to athletes and Delegates, dealing on our History, tourism, culture, natural environment and first aid instructions for different possible disasters and emergencies; as well as merely commercial brochures that offered seven different tourism circuits to visit.

Musical and other artistic activities were also displayed, hiring to entertain them widely popular groups such as the band of the Flores brothers, Bossa, Salsa Clave and three (3) theater groups of actors.

# Dirección de Promoción y Mercadeo

# Promotion and Marketing Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Promoción y Mercadeo

En la Dirección de Promoción y Mercadeo logramos con satisfacción, integrar una de las familias de patrocinadores de mayor calidad a nivel nacional e internacional, con lo cual se le inyectó un soporte muy importante a la economía del Comité Organizador.

## Promotion and Marketing Direction

At the Promotion and Marketing Direction we achieved with satisfaction the constitution of one of the sponsor collectives of highest national and international quality for an Edition of the series of CAC Games, something which injected a very important economic support to the Organizing COSSAL Committee.

Fueron 21 las empresas de alto prestigio que se involucraron con los Juegos, las cuales según el aporte de cada una, se ubicaron dentro de las siguientes categorías: 12 patrocinadores, 5 copatrocinadores y soportes y finalmente, otras 4 que se identificaron como apoyo.

El desfile de productos ofrecido por las entidades fue completo. En él se identificaron productos y servicios que beneficiaron a los atletas y a la organización y realización de la Justa, desde elementos comestibles y de aseo personal, hasta equipo y soporte técnico del área de computación para lograr un eficaz sistema en los diversos escenarios deportivos.

They were twenty one the highly prestigious corporations involved into the staging on of the Games, which, according the level of apportion of each one, were ranged within the following categories: 12 sponsors, 5 co-sponsors and supports and, finally, 4 that were identified as supporters. The products exhibit offered by these entities was complete.

Part of it were products, objects, pieces and services which benefited both the athletes and the organizing and staging on of the tournaments event, from foodstuff and personal hygiene elements to sporting equipments and computational technical support in order to achieve the setting on of an efficient system over the different sports venues.

Como patrocinadores de nivel 1 se destacaron prestigiosas empresas, con sus respectivos aportes: Embotelladora Salvadoreña, con su bebida Coca Cola; Banco Cuscatlán, con dinero en efectivo; Industrias Cristal, con sus bebidas Tigerade, agua y jugos; Grupo TACA, con boletos aéreos y descuentos en tarifas de excursión; La Constancia, con su bebida Maltín; Telecom CTE, con sus servicios y apoyo monetario; Hotel Radisson, con tarifas especiales en alojamiento y alimentación; Productos Alimenticios Diana, con dinero en efectivo; El Diario de Hoy, como el periódico oficial de los Juegos, con 100 páginas de publicidad a full color; Grupo Samix, promocionando los Juegos a través de sus 10 radios; Microsoft, licencias de software Windows 2000 y Office 2000 Profesional para servidores y PC; y, SISA, con pólizas para gastos médicos para atletas y delegados de 31 países, pólizas de seguro para 50 vehículos, durante 20 días y, pólizas para el equipo de TV de FOX Sports; y personal técnico de Kokai y MSL de México y España, respectivamente.

Además, en calidad de copatrocinadores se contó con empresas como INDUFOAM, Con un aporte de 6 mil colchones para la Villa Centroamericana y del Caribe; GEVESA: Proporcionó 7 vehículos nuevos, modelo Daewoo Matiz como premio a los atletas salvadoreños más destacados y, 40 vehículos en préstamo del 20 de noviembre al 9 de diciembre de 2002; Industrias St. Jack's: Aportó camisas y artículos promocionales; Samsung: 60 TV y VHS, 50 mini componentes, 19 hornos microondas, 35 refrigeradoras, 70 aires acondicionados, 47 lavadoras; y GBM: 3 servidores, 200 centrales y 19 impresores.

Por su parte, también se destacaron como patrocinadores soportes: Courier DHL, con 700 envíos de muestras de orina y sangre de las pruebas doping, a España; Torogoz, con su aporte de 762 medallas doradas, 762 plateadas y otras 848 de bronce, 6,500 medallas conmemorativas, 15 podium, 25 mil pines y 8 medallas a escala monumental. Mientras que Industrias Capri apoyó los Juegos con 2 mil mesas de noche y 100 juegos de sala; UNILEVER, aportó 7 mil 500 jabones y desodorantes, 500 shampoo y pastas dentales, 5 mil camisetas, 2 mil pelotas de cuero, 6.5 toneladas de sopa y 2.0 toneladas de Detergente Rinso. Y, Cital Web Solutions, que se encargó de la elaboración y soporte técnico del sitio web oficial de los XIX Juegos.

As sponsors of level 1 were relevant prestigious corporations with their respective apportions: **Embotelladora Salvadoreña,** with its world-known **Coca Cola** soda drinks, lite and regular; **Banco Cuscatlán,** with monetary funding; **Industrias Cristal,** with its juices, water and ***Tigerade*** drinks; **TACA Group,** with air tickets and substantial discounts in excursion tickets; **La Constancia,** with its levy drink ***Maltín;*** **TeleCom CTE** with its services, articles, booths, cabling, units and monetary funding; **Radisson** hotel with special discounts in its feeding and lodging tariffs; **Diana** food products, with monetary funding; **El Diario de Hoy,** as the official newspaper of the Games, with one hundred (100) full color publicity pages; **SaMix Radio Group,** promoting and covering the Games free-charge on its ten (10) radio frequencies; **Microsoft El Salvador,** with Windows 2000 and Office 2000 Professional software licenses, servers, search motors, printers and PC's; **SISA,** insurance corporation, with full expenses medical insurances for the athletes and Delegates of 31 countries; insurances for fifty (50) vehicles during twenty (20) days and insurances for TV equipment and materials of **FOX Sports** company; and **Kokai** and **MSL,** respectively from México and Spain.

Besides, as co-sponsors took part enterprises as **INDUFOAM,** with an apportion of 6 thousands mattresses for the Central American and Caribbean University Village; **GEVESA,** car importing corporation, furnished seven (7) new vehicles model ***Daewoo Matiz*** as a prize for the Salvadoran athletes with the highest marks and lent forty (40) vehicles from November 20th. to December 2nd. of 2002; **Industrias St. Jack's,** donated shirts and all kinds of dressing-on uniforms and promos; the same as **Samsung,** which along that period lent 60 television sets with their respective VHS units and tape-disks, 50 portable radio CD & tape players, 19 microwave table ovens, 35 refrigerators, 70 air conditioners, 47 washing machines and, finally, **GBM**: three (3) servers, nineteen (19) printers and two hundreds (200) personal computers.

On its turn, as 3rd. level support providers took part: **DHL *Courier***, with seven hundreds (700) parcels of blood and urine doping tests samples to Spain laboratories,; Torogoz, with a massive metalwork apportion of 762 gold-platted medals, 762 silvered medals, 848 bronzed ones, 6500

Mientras que, como apoyo de nivel 4 se lucieron: XEROX de El Salvador, con préstamos de equipo como 18 fotocopiadoras de escritorio, 1 servicio de documentación, 1 impresor laser, 2 fotocopiadoras de anillado y encuadernado, 81 mil copias blanco y negro y 5 mil copias a color; y, Corporación Bonima que aportó una gran variedad de medicamentos McKesson en los que incluyeron: analgésicos, antibióticos, antirreumáticos y anti inflamatorios.

Es así, con esta Memoria de Labores, como El Salvador puede volver a agradecer a sus compatriotas por el apoyo incondicional que recibió para que el Comité Organizar pudiese ofrecer a los atletas una estadía confortable, segura y con los elementos necesarios para el desempeño de su participación.

commemorative medals, 15 podiums, 25 thousands pins and 8 monumental-sized medal-like metallic screens. Meanwhile, **Industrias CAPRI** supported the Games with 2 thousands night tables and one hundred (100) living room sets; **UNILEVER** furnished 7 thousands 5 hundreds shower soaps and a similar number of deodorants, five hundreds (500) shampoo bottles and so many toothpastes, 5 thousands T-shirts, 2 thousands leather balls, six and a half (6.5) pulverized soup and two (2.0) tons of Rinso detergent. And, finally, **City Web Solutions,** which was in charge of the elaboration and technical support of the official web site of the XIXth. CAC Games.

While, as 4th. level supporters excelled: **XEROX El Salvador,** which lent eighteen (18) desk-copy machines to the Communications and DDD Directions, one (1) document service, one (1) laser printer, two (2) binding & fastening copying machines, 81 thousands two-colors copies and 5 thousands colored copies; and, finally, **Corporación Bonima** provided a great variety of **Mc Kesson** medicaments, amongst the which analgesics, antibiotics, anti-inflammatory medicines and anti-rheumatic ones.

Thus, it is with this Tasks Memoir how El Salvador may thank again it compatriot businesses and corporations for the unconditional support it received so that the Organizing COSSAL Committee could offer the athletes a comfortable stay, a safe one and with the necessary elements for their respective participations.

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

# Dirección de Voluntariado

# Volunteers service direction

Los Juegos, El Salvador 2002 concluyeron con una excelente calificación y sin duda alguna el recurso humano fue un factor determinante que contribuyó al desarrollo exitoso de la justa deportiva Centroamericana y del Caribe. En esta décima novena edición, el COSSAL solicitó personas que apoyaran voluntariamente, se abrían las puertas a la población salvadoreña en un proyecto de nación.

En tal sentido, el COSSAL creó la Dirección de Voluntariado como pieza fundamental del aspecto organizativo, con el fin de que concentrara a todos esos héroes anónimos que le darían vida a los Juegos.

Y fue así como los V y VI Juegos Estudiantiles Centroamericanos del CODICADER realizados en El Salvador por dos años consecutivos (2000 y 2001), sirvieron de pauta para iniciar con el reclutamiento de este personal altruista, y a la vez para ganar experiencia del funcionamiento del voluntariado.

El reclutamiento se llevó a cabo mediante contactos con Universidades, Colegios, Iglesias, Instituciones Gubernamentales, Federaciones Deportivas; además se involucraron profesionales de diferentes especialidades y personas que se inscribieron por el sitio Web de los Juegos, el proceso fue largo ya que la meta a alcanzar era de 5 mil voluntarios.

De tal forma, la información particular de cada persona se registró en un sistema informático patrocinado por la empresa GBM (representante de IBM en El Salvador), en éste se recopilaron y ordenaron los datos que se presentaron en el Formulario de Registro y Hoja de Cotejo de cada aspirante a voluntario.

The El Salvador Games 2002 were closed with a high standard mark and doubtless the human resources were a determinant factor that contributed to the successful staging of the Central American and Caribbean tournament. For this nineteenth Edition, COSSAL asked for people to provide support as volunteers, thus opening doors to the Salvadoran people in a national project.

This is how COSSAL decided to create the Volunteers Service Direction as a fundamental piece of the organizational aspect, with the purpose to hold and address all those anonymous heroes that would provide life to the Games event. And it was thus that the Vth. And VIth. Central American Students Games of the CODICADER which took place in El Salvador along two (2) consecutive years (2000 and 2001) served as the coordination model to begin with the recruiting and selection process of this altruistic personnel and at the same time to gain experience with the due functioning of the volunteers service.

The recruiting process was carried on through contacts with universities, private and public schools, churches, sports federations and Government institutions; besides took part professionals from different branches and people who chose to register to that purpose through the web site of the Games, the process took time given that the minimum goal was to reach the 5 thousands (5000) volunteer human elements.

Being it so, every individual personal information was registered in a data base system sponsored by **GBM** (the branch of **IBM** in El Salvador) wherein were compiled and organized the data presented on the Registry Form and Comparison Sheet of each candidate to volunteer.

## Formación de voluntarios

Para febrero de 2002, la Dirección de Voluntariado ya contaba con más de la mitad del recurso humano requerido, por tal razón se inició con la formación de cada uno de ellos. Talleres informativos y charlas de motivación fueron los instrumentos utilizados para que todos los voluntarios tuvieran la preparación de forma general.

La formación se dividió en tres fases: primero la Deportiva que incluía historia del deporte salvadoreño y de los Juegos Deportivos Centroamericanos y del Caribe, luego se sometieron a la inducción Personal donde se establecieron principalmente las normas y reglas del servicio del voluntariado, y finalmente la fase Cultural, en la cual se destacó el proporcionar la información concerniente a los países participantes de los Juegos. Cada módulo fue impartido en 16 horas, de tal manera que los voluntarios cursaron todas las partes de la preparación, lo cual era un requisito para poder apoyar en los XIX Juegos. Para el mes de noviembre los 5 mil miembros ya estaban preparados para brindar su apoyo.

El voluntariado se estructuró en las siguientes doce áreas de trabajo: Administrativa, Alimentación, Médica, Informática, Juego Limpio, Logística, Prensa, Protocolo, Seguridad, Técnica, Transporte y Villa Centroamericana y del Caribe. Cada área fue diseñada para que las habilidades de cada voluntario fueran utilizadas al máximo.

A medida se acercaba la fecha de inauguración, los voluntarios fueron involucrándose más a las actividades que el COSSAL programaba, en este sentido brindaron su apoyo en la única y trascendental Reunión de Jefes de Misión, realizada del 26 al 28 de agosto de 2002.

En este evento se les pudo observar en acción, causando buena impresión tanto al COSSAL como a los Jefes de Misión, ya que precisamente personas altruistas en función de attachés, fueron quienes acompañaron a los responsables de cada delegación durante su corta estancia en El Salvador.

Otras actividades de suma importancia sirvieron de pauta para el servicio que se brindaría, incluyeron el Recibimiento del Fuego Nuevo, punto que significó el inicio de la celebración de los XIX Juegos Deportivos Centroamericanos y del Caribe, El Salvador 2002.

## Volunteers training

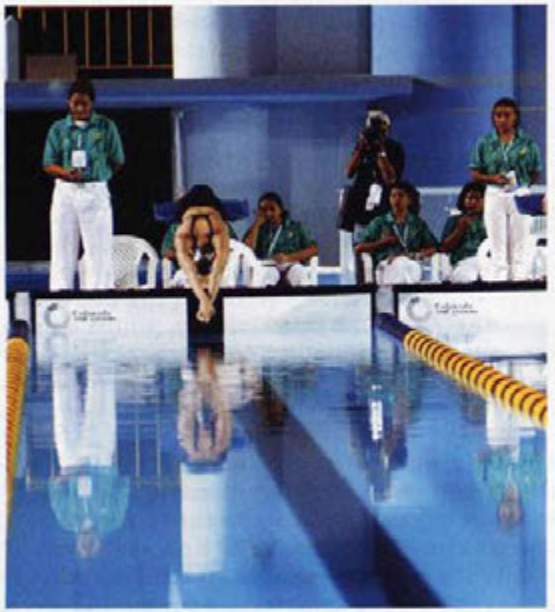
By February 2002 the Volunteers Direction already had more than the half of the needed human resources, which is why it was then when it began the training of each of them. Information workshops and motivational talks were the instruments chosen to the purpose that all volunteers might receive a general training.

This training was divided in three phases: First, the Sports phase, which included History of Salvadoran sport and of the Central American and Caribbean Games, immediately afterwards they all went through the personal induction and instruction wherein, mainly, the rules and norms of the volunteer service were established and explained, and finally, the Cultural phase, the relevant feature of the which was to provide the general information necessary for the event concerning the countries taking part of the Games. Each module was instructed along sixteen (16) hours, so that the volunteers coursed all the topics of this training, which was a grading requisite so as to be able to offer support to these XIXth. CAC Games. By November the 5 thousands members were already prepared to provide their support.

The volunteers force was distributed within the following twelve (12) task areas: Data Processing, Fair Play Rules' Checking, Feeding, Logistics, Managing, Medical Corps, Media & Press, Protocol, Security, Technical, Transportation and Central American and Caribbean Village personnel. Each area was assigned so as to use to its most the particular abilities of each volunteer. As the Inauguration day got closer, volunteers were getting more involved in the activities programmed by COSSAL, an action line on the which they provided their support in the only one and transcendental Mission Chiefs Joint Meeting that took place between August 26th. and 28th. of 2002.

During this event they could be seen in action, causing good impression both to COSSAL and to the Mission Chiefs, because they were precisely altruistic people serving as attachés who accompanied the leaders responsibly of each Delegation during their short stay in El Salvador. Other activities of utmost importance that served as models for the kind of service to be later on provided, included the New Fire Receiving ceremony, which was the symbolic starting point that marked the beginning of the celebration of the XIXth. Central American and Caribbean Games, El Salvador 2002.

## Comenzó la fiesta



El 23 de noviembre comenzó de manera oficial la fiesta deportiva, con anterioridad los voluntarios habían iniciado su servicio y su apoyo al Comité Organizador, involucrados ya en cada una de las Direcciones Operativas que conformaban el COSSAL atendieron las necesidades que cada una de ellas demandaba.

Con los Juegos ya en marcha, el trabajo de los voluntarios comenzó a verse reflejado en las actividades que cada uno realizaba, para el caso los pertenecientes al Área de Logística tenían bajo su responsabilidad mantener en perfecto orden de limpieza las instalaciones deportivas donde se llevaron a cabo las competencias.

Los voluntarios se incorporaron al trabajo de cada una de las Direcciones del COSSAL como: Protocolo, Comunicaciones, Técnica, Comercialización, entre otras; y cada uno de ellos desempeñó su labor de manera loable y entusiasta.
Durante más de quince días los cinco mil voluntarios estuvieron cumpliendo con su compromiso, merecedor del mejor de los reconocimientos, ya que su altruismo no espera ningún tipo de recompensa, por ello su participación ha pasado a ser una de las partes más importantes de la historia deportiva de El Salvador.

## The celebration began

On November 23rd. the sports celebration was officially inaugurated, previously the volunteers had long ago initiated their service and support to COSSAL Organizing Committee, already involved in the activities of each of the Operational Directions that shaped up the COSSAL and assisting the needs that each one demanded them to attend. Wit the Games already on the march, the work of the volunteers began to project to the activities each of them fulfilled; thus, for the case being of those assigned to the Logistics area, they were in charge of cleansing and keeping perfectly in order the sports venues and locker rooms of the field spots where the tournaments took place.

Volunteers also joined to the work tasks of each of COSSAL Directions such as Communications, Marketing, Protocol and the Technical one amongst others and each of them performed their duties enthusiastically and laudably.

All along the fifteen (15) days, the 5 thousands volunteers fulfilled superbly their compromise, deserver of the highest recognitions here made them to, since these altruistic people did not expect any type of reward, which is why their patriotic participation became one of the most important parts, in this Edition and for the coming future, of the sports History of El Salvador.

# Dirección de Logística y Transporte

# Logistics and Transportation Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Logística y Transporte

El recurso transporte era un punto importante para el Comité Organizador, por ello dentro su estructura se creó la Dirección de Transporte, encargada de definir las rutas oficiales, alternas, distancias, itinerarios, acciones y alternativas en caso de emergencia, así como de obtener las unidades de transporte requeridas.

Una vez dado el monto de un poco más de 600 mil dólares para la compra de unidades que incluía: buses, microbuses tipo coaster, camiones, pick ups con sencillas y dobles cabinas, entre otras se inició con el proceso de compra, de acuerdo a la legislación salvadoreña vigente.

De igual manera dentro de los planes de la Dirección se comprendió la idea de solicitar el apoyo de la población en general, en el sentido de poner a la disposición de los Juegos, sus vehículos Sedan 96 en adelante, por lo cual se les remuneraría con 50 dólares diarios más impuestos. Cabe resaltar el valioso aporte de las Instituciones del Gobierno que también pusieron a disposición del COSSAL unidades de transporte.

Además, como parte de los patrocinios obtenidos, el Grupo GEVESA aportó 40 vehículos Sedan 96 en adelante, los cuales fueron utilizados para diversas tareas propias de los Juegos. Del mismo modo la Dirección de Transporte definió los mecanismos de contratación y preparación del personal de motoristas y asistentes, uniformes, mecanismos de acreditación y supervisión de rutas, accesos a instalaciones de competencia y entrenamiento, hospitales, al aeropuerto, a las actividades culturales y rutas turísticas, etc; además de los mecanismos de acreditación de los vehículos asignados a los Juegos para las acciones correspondientes, señalización, banderas, etc; la consideración de la renta o préstamo de espacios alternos para parqueo, accesos a instalaciones privadas, posibles costos de renta.

También, fungiendo como unidad encargada de la logística de los Juegos, se estructuró un plan del recurso humano necesario para montar y desmontar la Villa Centroamericana y del Caribe y escenarios deportivos, así como del mantenimiento de ambos.

## Logistics and Transportation Direction

The transportation means was an important issue for the COSSAL Organizing Committee, which is why within its structure was created the Logistics and Transportation Direction in charge of defining official routes, alternate ones, distances, itineraries, proceedings and alternatives in emergency cases, as well as to obtain and to maintain available the required transportation units.

Once approved the budget of a little more than US $ 600 thousands for the purchase of units, which included buses, Coaster-type microbuses, trucks, single and double-cabs pick-ups, among others, the acquisition process was begun according Salvadoran legislation in force. In the same way, among the plans of the Direction, the idea was understood of the need to ask the general support of the people in the aspect of placing their Sedan 96 on vehicles at the disposition of the Logistics and Transportation Direction of the Games, for the which the owner would be symbolically remunerated with US $ 50 dollars daily, plus taxes. In this sense, it is to be mentioned the valuable support of the Government institutions which, also, placed at COSSAL will their employees' transportation units.

Besides, as a part of the obtained sponsorships, **GEVESA** vehicles' importer business group lent 40 Sedan 96 or even most recent vehicles, which were most frequently used for several diverse tasks within the Games agenda. In the same way, the Logistics and Transportation Direction de hiring and personnel training proceedings for drivers and assistants, uniforms, accreditation and supervision of routes proceedings, access to competitions and training fields, to assigned hospitals, to the airport, to cultural activities and tourism routes, etcetera; besides the accreditation proceedings for the vehicles assigned to the CAC Games for the corresponding events, signal coding, vehicles' banners, etc.; the evaluation of renting or borrowing alternate spaces for parking, accesses to private premises and evaluation of the possible rental expenses.

Also, working as the unit in charge of the Games' logistics, it devised a planning on the human resources needed to assemble and dissemble the Central American & Caribbean Varsity Village and the different sports sceneries, as well as the required maintenance for all.

# Dirección Médica
# Medical Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción
## Staging of the XIXth. games: COSSAL instructions in action

## Dirección Médica

La Dirección Médica, en coordinación con representantes del Ministerio de Salud, Ministerio de Gobernación y el Instituto Salvadoreño del Seguro Social, definió los hospitales sedes, las especialidades médicas, los insumos y medicinas registradas, los servicios de hospitalización, el sistema de vigilancia y organización, y distribución del personal.

Además, estableció los mecanismos estadísticos para control de receptores de servicios médicos y análisis de resultados; diseñó programas y horarios para atención medica, servicios paramédicos, servicios odontológicos, apoyo de voluntarios; definió el instructivo para la vigilancia epidemiológica previo y durante los Juegos, también apoyó la realización de la carrera de la antorcha desde su llegada al país hasta el encendido del Pebetero en la Ceremonia de Inauguración.

Cabe resaltar que se contó con el apoyo de transporte especializado por parte del Ministerio de Salud, Hospital Militar, Cruz Roja Salvadoreña, COEN, etc. y estableció la localización de la farmacia en la Villa y en cada una de las instalaciones deportivas.

Además de establecer un programa de capacitación para el proceso de control antidoping, elaborar Manual Operativo de este proceso, mecanismos de coordinación con las organizaciones de soporte para el control de dopaje, coordinó el proceso de contratación del laboratorio aprobado por el COI para realizar los exámenes de dopaje y asegurarse de los mecanismos operativos para establecer el proceso de control de dopaje que incluyó notificación al atleta, número de equipos, personal calificado, transporte, muestras, recolección y traslado de muestras, notificación de resultados, y envío de muestras adicionales.

## Medical Direction

The Medical Direction, coordinated with representatives of the Health, Public Security and Political Government (Interior) Ministries, as well as with the Salvadoran Social Security Institute, defined the medical specialties, registered medication materials and medicaments, hospitalization services, medical vigilance and organization systems, personnel distribution and the hospitals appointed to attend the injured athletes taking part of the event.

Besides, it established the statistical procedures designed to control the medical services receptors and to analyze results; designed programs and timetables for medical attention, paramedic services, dentistry services, volunteers' support; it also designed the manual for epidemiological vigilance previous and along the Games, it also accompanied and supported the performance of the Torch Race ever since its arrival to the country until the lit up of the votive fire burner at the Inauguration Ceremony.

It is to be stated that for everything this there was the support of specialized transportation by the Health Ministry, Military Hospital, Salvadoran Red Cross, National Emergency Committee (COEN) etcetera, and established the locals of the pharmacy at the CABE Village and at each of the sports sceneries.

Besides establishing a training program for the anti-doping control process, elaborating a manual to ckeck-out step by step that process, coordination procedures with the support organizations for anti-doping control, coordinated the IOC-approved laboratory hiring process to perform the anti-doping clinical analysis and ensured and enforced the procedures designed to establish the anti-doping control process which included notification to the athlete, number of teams, qualified personnel, transportation, sampling, samples' collecting and transfer, results notification and additional samples preservation, parceling and dispatch.

# Dirección de Alimentación y Nutrición

# Feeding and Nutrition Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

# Dirección de Alimentación y Nutrición

Por su parte la Dirección de Alimentación y Nutrición se encargó de definir el mecanismo de operación del sistema alimenticio en la Villa CABE y en todas las instalaciones Deportivas, cuyo resultado final fue exitoso.

Estableció los mecanismos de control de calidad de los alimentos y de los procedimientos operativos, de manera que cumplieron con el contrato de suministro de alimentos; junto con especialistas de alimentación, que coordinaron la elaboración de los términos de referencia que indicaban las cantidades y calidades de alimentos de los atletas; supervisó y coordinó los procedimientos, la calidad y cantidad del equipo; registró y manejó el personal, los mecanismos de control en el servicio de los alimentos, las opciones de servicio de los alimentos y las opciones de servicio fuera de tiempo y fuera de local.

También, tuvo la de asegurar la calidad del comedor, y cumplir con las condiciones para el ingreso, mantenimiento, elaboración y disposición de alimentos.

Coordinó del ingreso de las personas particulares o atletas al recinto de alimentación en conjunto con la Dirección de Seguridad y, la movilización del personal permanente y voluntario.

En total la Dirección de Alimentación distribuyó 136 mil 647 platos, incluyendo desayuno, almuerzo y cena, tanto dentro del comedor, fuera de tiempo y fuera de local.

# Feeding and Nutrition Direction

On its turn, the Feeding and Nutrition Direction was in charge of defining the operational procedure of the feeding system of CABE Village and in all over else sports venues, the final result of the which was a success. It established the quality controls procedures for the foodstuff and preparations as well as of the operational procedures, so they satisfactorily fulfilled the foods-supplying contract terms; together with feeding specialists, who coordinated the elaboration of the reference terms which indicated the qualities and quantities of the meals to the athletes; supervised and coordinated the cleanness, the procedures, the quality and the quantity of the cooking equipments; registered and dealed with the personnel, with the control mechanisms of the food providing and delivery of the feeding service, its options and those options to be displayed out of time and out of previously appointed locals.

It also had to ensure the cleanness and quality of the Dining Hall and to fulfill with all the conditions for the entry, preservation, maintenance, cooking and disposal of the meals. Coordinated the admittance or no admittance of private people, providers and / or athletes to the dining areas together with the Security Direction, as well as the permanent and volunteer personnel movements near foodstuff preparation areas and / or its delivery in the hands of such personnel. As a total, the Feeding and Nutrition Direction distributed 136 thousands 647 dishes; including breakfast, lunch and dinner, both within and out of appointed locals, in the timetable programmed hours and out of the stipulated times.

# Dirección de Seguridad
# Security Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción
## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Seguridad

Se Organizó un plan estratégico para el proyecto general de seguridad que el Gobierno de El Salvador a través del COSSAL, proporcionó a las 31 delegaciones de atletas, delegados, invitados especiales, familiares de los mismos y público en general durante la realización de los XIX Juego.

El Plan General de Seguridad que contenía debidamente ilustrados los escenarios deportivos, rutas de acceso, infográficos del ingreso y recorrido del fuego nuevo, ceremonia de inauguración, fechas, horas y lugares de competencia, fue divulgado al Comité Organizador, Policía Nacional Civil (PNC), Ministerio de la Defensa Nacional, Cuerpo de Agentes Metropolitanos, Comité de Emergencia Nacional (COEN), Vice Ministerio de Transporte, Academia Nacional de Seguridad Pública, Colegio Militar y Compañías de Seguridad Privada.

Con los parámetros y responsabilidades delegadas a cada una de las Instituciones de acuerdo a su especialidad, cada una diseñó su propio plan de acción. El COEN, con sus unidades de primeros auxilios, evacuación, prevención de siniestros y atención a desastres, mantuvo presencia en todos los escenarios donde se desarrollaron las competencias.

La PNC designó a un Comisionado, quien en su Plan General de Seguridad, involucró a todas sus áreas, divisiones, delegaciones y unidades élites especializadas, habiendo tenido una excelente participación.

La Dirección de Seguridad contó con el apoyo de dos supervisores, 10 coordinadores, 375 voluntarios, 95 guardias de seguridad privada, fuerza policial preventiva, de choque, de reacción inmediata, primeros auxilios y de rescate.

Para el control preventivo se capacitó en el área de voluntariado a un grupo de 375 jóvenes, quienes conformaron 35 brigadas en turnos matutinos y vespertinos, cuya misión fue apoyar en el control de ingreso del público y vallas de protección a las delegaciones participantes en todos los escenarios deportivos.

## Security Direction

A strategic plan was organized for the general security and safety project that Salvadoran Government, through COSSAL, offered to the 31 Delegations, their athletes, special guests, relatives of either ones or the others, sports leaders and public in general along the staging of competitions of the XIXth. Games.

The General Safety and Security Strategic Plan that contained the diagrams of the sports installations, access routes, digitalized graphic data about the coming, entry and run route of the New Fire, Inauguration Ceremony shows, dates, chronograms and competition on-the-field spots properly illustrated, was timely distributed to the Organizing Committee, National Civilian Police (PNC by its acronym in Spanish), Ministry of the National Defense, Municipal Police Corps, National Emergency Committee (COEN by its acronym in Spanish), Vice Ministry of Transportation, National Public Security Academy, private Military Schools, Military Academy, Private Safety and Security Companies and Firefighter Corps.

With the parameters and delegated responsibilities to each of these institutions according the particular specialties, each of them designed its own plan of action. COEN, with its First Aid, evacuation, disasters prevention and rescue units, displayed effective presence all over the venues where the competitions took place. On its turn, PNC assigned a special Commissioner, who involved all of its areas, divisions, city stations and specialized elite reaction units in his General Safety and Security Plan, having fulfilled and excellent role.

The Safety and Security had the support of two (2) supervisors, ten (10) coordinators, 375 volunteers, 95 guards from private security companies, First Aid, rescue, dissuasive, immediate reaction and SWAT police forces. In order to develop preventive control coverage, a group of 375 youths were trained, all of whom were organized into 35 brigades on day and night shifts basis, whose mission was to support the professional police and private security guards in the control of public accesses and of the protection hurdles to the Delegations taking part in all competition sports sites.

## Mecanismos de seguridad

Asimismo, se instalaron dispositivos de seguridad por parte de la PNC, en el Aeropuerto El Salvador, en las fronteras de El Amatillo, El Poy, Las Chinamas, carreteras de rutas de acceso, recorrido del Fuego Nuevo a nivel nacional, escenarios de competencias, Villa CABE, hoteles, y fueron asignadas escoltas a delegaciones, personalidades importantes e invitados especiales.

La protección de la Villa Centroamericana y del Caribe fue la más acertada; se diseñó una cápsula especial de seguridad, combinando PNC-Ejército, al mando del Teniente Coronel José Atilio Benítez (Jefe Militar designado como Gobernador).

Por su parte, la seguridad privada aportó un contingente de 95 elementos contratados a dos empresas, estos proporcionaron custodia interna y permanente en instalaciones y estacionamientos vehiculares, centros de cómputo, transacciones financieras y a la Cadena de Televisión Internacional por Cable, FOX Sports.

## Security Procedures

In the same way, security and safety displays were staged by the PNC at the "Comalapa" El Salvador international airport, at the borders custom bureaus of El Amatillo, El Poy, Las Chinamas, access routes roads and highways, all along a Nation-wide coverage of the New Fire run route, competition sceneries, CABE Varsity Village and appointed hotels, just as escorts were assigned to Delegations, athletes, VIP's and special guests.

The protection of the university CABE Village was the most accurate and tight; a special safety and security capsule was designed combining police and Army forces, under the command of Lieutenant Colonel José Atilio Benítez, military superior officer nominated Appointed Governor of the Village perimeter area. As for them, private security industry apportioned a company of 95 guardsmen hired to two (2) enterprises, all of whom provided internal and permanent custody to venues, parking lots, communications and computing centers, financial areas transactions and to the International Cable TV Network, FOX Sports agency.

## Comunicaciones radiales

La dirección de seguridad diseñó el estudio y plan de transmisiones radiales, este proyecto inició en el mes de agosto de 2002 con el respectivo cronograma de actividades, el cual comprendió las siguientes fases:

- Elaboración de plan de comunicaciones radiales.
- Presentación de Plan de Trabajo.
- Estudio de Empresas de Radio Comunicación.
- Reunión con directores del COSSAL.
- Coordinación FAES, PNC, CAM, COEN y COSSAL.
- Pruebas de radio en territorios nacional.
- Entrega de ofertas por empresas de comunicación.
- Contratación de empresas de comunicaciones.
- Diseño de las redes y programación de los medios.
- Capacitación al personal en uso de los medios de comunicación.
- Entrega de equipos de comunicación.
- Apertura de las redes de comunicación.

## Radio Communications

The Security Direction designed the study and radio network transmissions plan, project which began on August 2002 together with the respective activities schedule, the which included the following phases:

- Setting up of the radial communications plan.
- Tasks plan exposition.
- Radial communications enterprises prospecting.
- Meeting with COSSAL Organizing Committee board members directors.
- Coordination with COSSAL, COEN, Municipal Police Corps, PNC and Army.
- Radio network testing all over national territory.
- Presentation of services proposals by communications enterprises.
- Hiring of the chosen communications enterprises.
- Networks design and programming of the radio units.
- Personnel training in the adequate use of the radio and monitoring units.

- Establecimiento del COM (Centro de Operaciones y de Monitoreo).
- Desarrollo de los XIX Juegos Deportivos Centroamericanos y del Caribe "El Salvador 2002".
- Inventario de radios.
- Devolución de equipos a empresa.
- Evaluación del evento.

Se efectuó una evaluación a las empresas especializadas en las comunicaciones radiales, utilizando los siguientes parámetros:

El alquiler de equipos.
Cobertura nacional.
Cobertura regional.
Cobertura zonal.
Capacidad de solventar emergencias.
Respaldo profesional en mantenimiento.
Abastecimiento y evacuación de equipos de comunicación y accesorios.
Servicio troncalizado.
Compartimentaje de redes.

En coordinación con la empresa Radiocom, S. A. de C. V. que proporcionó el servicio se instalaron las repetidoras, distribución de redes y programación de equipos, los cuales se asignaron por frecuencias a las Direcciones del COSSAL.

EQUIPO UTILIZADO

| CANTIDAD | DESCRIPCION |
|---|---|
| 20 | Radios Motorola Modelo Elite Pro5150 propiedad de COSSAL |
| 80 | Radios Motorola Modelo Pro3150 propiedad de COSSAL. |
| 140 | Radios Motorola Modelo Pro3150 propiedad de RADIOCOM. |
| 20 | Radios Motorola Modelo P110, propiedad de COSASE. |
| 10 | Radios Motorola Modelo P110, propiedad de INDES. |
| 45 | Radios Motorola , Propiedad del Ministerio de la Defensa Nacional. |
| 3 | Bases de Monitoreo, repetidoras, frecuencias y sitios de Repetición. |

- Delivery of the communications equipments.
- Opening of the communications network.
- Founding of the COM (Operations and Monitoring Command Center, by its acronym in Spanish).
- Covering of the staging on of the XIXth. CAC Games "El Salvador 2002".
- Radio equipments inventory.
- Devolution of the units to the furnishing companies.
- Proficiency evaluation of the event coverage.

Because, in fact, a proficiency evaluation to the chosen companies specialized in radio communications was made, according to the following parameters:

- Units rental.
- National coverage.
- Zone coverage.
- Regional coverage.
- Emergencies problem-solving capacity.
- Professional maintenance back-up.
- Communications equipments and accessories supplying and their evacuation ability.
- Main antennae repetition system service.
- Network frequencies isolation set up programming.

In coordination with Radiocom, variable capital investment partnership, Salvadoran company, which was the one to supply the service, were installed the repeater antennae bases, network distribution and the programming of the equipment units, all of the which were assigned by frequencies order to the different already mentioned COSSAL Directions.

***Inventory of the Used Equipment and Units:***

| AMOUNT | DESCRIPTION |
|---|---|
| 20 | Motorola radios model Elite Pro 5150, property of COSSAL. |
| 80 | Motorola radios model Pro 3150, property of COSSAL. |
| 140 | Motorola radios model Pro 3150, property of Radiocom company. |
| 20 | Motorola radios model P-110, property of COSASE, Safety and Security Guards company. |
| 10 | Motorola radios model P-110, property of INDES (National Sports Institute of El Salvador). |
| 45 | Motorola radios property of the National Defense Ministry. |
| 3 | Frequencies, monitoring bases, repeaters and repetition sites (main antennae). |

# Dirección de Gobernación de la Villa CABE

# CAC (CABE) Games Village Government Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Gobernación de la Villa CABE

La Dirección de Gobernación de la Villa CABE se encargó del alojamiento, transporte, alimentación, protocolo, relaciones públicas y seguridad de los 6 mil 146 atletas y delegados que se albergaron en la Villa durante los XIX Juegos.

Además, esta Dirección garantizó a sus huéspedes especiales, un lugar agradable, cómodo y seguro durante los Juegos y en las competencias dentro de las instalaciones de la Villa.

## CAC (CABE) Village Government Direction

The Government Direction of the CAC Games University Village, called CABE (Central America & Caribbean) Village in Spanish, was in charge of lodging, transportation, feeding, protocol, public relations and the safety and security of the 6 thousands 146 athletes and delegates hosted at this Village during the XIXth. CAC Games.

Besides, this Direction guaranteed its special guests a nice, comfortable, safe and secure place all along the Games and during the competitions within the Village and university venues.

# Unidad de Supervisión de Proyectos

# Infrastructure unit

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Unidad de Supervisión

Pese a que la mayor parte de los escenarios deportivos ya estaban previamente establecidos, otra de las herencias que dejaron los XIX Juegos Centroamericanos y del Caribe al Gran San Salvador fue la remodelación de las instalaciones que sufrieron daños tras los terremotos de Enero y febrero de 2001 y, la construcción de algunos nuevos proyectos.

Por ello, fue la Unidad de Supervisión de Proyectos la que se encargo de cada detalle en el proceso de mejoramiento de los escenarios. El principal fue el Estadio Nacional de la "Flor Blanca", en el que se realizaron las ceremonias de la Llegada del Fuego Nuevo, Inauguración y Clausura de los XIX Juegos. Dio realce a la justa por su moderna pista de atletismo, con su certificado de S-99-0001 y por cumplir con los requerimientos técnicos establecidos por la Federación Interamericana de Atletismo (IAAF): pavimento CONIPU SW, espesor 13mm, 8 carriles y espacios para lanzamiento de jabalina, salto con garrocha, lanzamiento de bala y disco, salto alto, largo y triple.

Además, el "Flor Blanca" ahora cuenta con nuevas y remodeladas áreas de vestidores con sauna, salón VIP, Palco Presidencial, instalaciones eléctricas, cabinas de locución, salones para prensa, tablero electrónico para atletismo y fútbol y señalización en accesos de emergencia.

Mientras tanto, el Palacio de los Deportes y el Gimnasio Nacional "Adolfo Pineda" también fueron remodelados. El primero, logró un reforzamiento en su estructura, la construcción de cabinas de locución, sonido y plataformas para transmisión de televisión, así como la instalación de una nueva subestación eléctrica y tablero general. Y, en el Gimnasio, se construyeron el Palco Presidencial, cabinas de radio, camerinos deportivos que incluyen vestidor de árbitros, vestidores para hombres y mujeres, sala antidoping, etc., y se instaló todo un nuevo sistema eléctrico.

## Supervision Unit

Even though most of the sports sceneries were already previously established, another of the legacies that the XIXth. Central American and Caribbean Games left to the area of Great San Salvador was the remodeling of the venues that suffered great damages with and after the earthquakes of January and February and the building of some new projects. That was why it corresponded to the Projects Supervision Unit the task to take charge of each and every detail of the improvement process of all of the sceneries. The main one was National "Flor Blanca" Stadium, where the ceremonies were celebrated of the entry of the New Fire and its extinction, for the Inauguration and the Closing of the XIXth. CAC Games. It embellished the tournaments series because of its modern athletics track field, having received a S-99-0001 sporting quality level certificate and because of having fulfilled the technical requirements established by the Inter-American Athletics Federation (IAAF): CONIPU SW asphalt pavement, 13 mms. thick, 8 lanes and javelin throwing, pole- vault leaping; discus and iron ball throwing and obstacles for high, long and triple leaping areas.

Besides, the "Flor Blanca" Stadium now possesses new and remodeled areas of dressing rooms with sauna, VIP hall room, Presidential roofed stand box, electric installations, radio announcers soundproof-isolated booths, press conferences halls, electronic display board for track & field sports and Soccer and emergency exits signaling.

Meanwhile, the Sports Palace (also known as "the Saucer" because of its structural shape) and National Gymnasium "Adolfo Pineda" were also remodeled. First of them received a structural reinforcement, construction of radio speaking sound-isolated booths, field sound speakers and platforms for television cameras setting on and transmission, as well as the installation of a new electric local-hosted sub-station and general scoring board. And within the Gymnasium were built the Presidential stand box, radio speaking soundproof-isolated booths, dressing rooms including referees and lockers for men and women, anti-doping control room, etcetera, and a whole new electric system was also set on place all around.

El Velódromo de Ciclismo también contó con una rigurosa adecuación en tres diferentes áreas. La primera, el área de uso de atletas que cuenta con gimnasio, sala de masajes, sala antidoping y baños con sauna. La segunda, la pista de ciclismo, que recibió un mejoramiento en la superficie de rodado y nueva señalización. Y, la tercera área, la construcción de la pista de patinaje de 200 metros, que es la primera pista de alta velocidad, con condiciones aerodinámicas, construida en Centro América.

Sin embargo, escenarios como el Parque de Béisbol "Saturnino Bengoa" y el Estadio de Softbol "Pablo Guzmán" recibieron similares atenciones como la conformación y mejoramiento del diamante del campo de juego y un drenaje francés. Y el Estadio de "Las Delicias", al que también se le incluyó la colocación del drenaje francés en la cancha de Fútbol, contó con el mejoramiento y ampliación de la Pista de patinaje.

Y el Complejo para Deportes Acuáticos que, a diferencia de los demás, obtuvo la primera etapa de remodelación en 1999, finalmente logró su adecuación total para esta edición de los Juegos. Por lo que se pueden mencionar los siguientes aspectos cubiertos en su remodelación: construcción del área de estacionamiento para 167 vehículos, ambientación con plantas ornamentales y árboles; construcción de muros perimetrales y de protección para calle de acceso; readecuación del primer nivel, en el que se incluyeron oficinas administrativas, centro de computo (ubicado de manera tal que se observen las plataformas de salida de la piscina olímpica, de la piscina de clavados), áreas para Federaciones, salón VIP, áreas de estar para jueces, antidoping, gimnasio, medicina y servicios sanitarios.

Este proyecto también incluyó la habilitación del segundo nivel para Federaciones; la construcción de sus gradas de acceso; prolongación del pasillo oriente y servicios sanitarios para el publico; impermeabilización de graderíos; construcción de rampa de acceso a graderíos para discapacitados; habilitación de túneles y caseta de bombeo para piscinas olímpica y de calentamiento. Mientras que las piscinas obtuvieron un acabado de azulejo en las paredes y el fondo y el reemplazo de los sistemas de bombas,

The Cycling Velodrome also had a rigorous adaptation on three different areas. The first was the exclusively athletes' use area which now possesses private gymnasium, massage room, anti-doping control room and sauna booths bathroom. The second area was the cycling track, which received an improvement of its wheeling surface and new signaling. And the third area was the construction of the rollers skating runway of two hundreds (200) meters, which is the first aerodynamic conditioned high-speed roller skating track ever built up in Central America.

Nevertheless, sceneries such as Baseball Diamond "Saturnino Bengoa" and Softball Diamond "Pablo Arnoldo Guzmán" received similar attentions, like for example the re-designing and improvement of the playing field Diamonds, and French drainage systems. And the "Las Delicias" Stadium, which also had the installation of a French drainage system within its Soccer field, received the enlargement and improvement of its rollers skating runway.

And the Aquatic Sports Complex, which, unlike all other venues, received the first stage of its remodeling in 1999, finally reached its total adaptation for this edition of the Games. Which is why can be mentioned the following aspects covered with its remodeling: Construction of the parking lot for 167 vehicles, erection of peripheral walls and of protective walls for the access way, green-zoning with trees and ornamental plants; adaptation of the first level, wherein were included administrative offices, computing center (sited in such a way that the leaping platforms of the Olympic and the Diving pools can be seen it from), federations areas, VIP's hall, referees' rest areas, anti-doping control room, private gym, medical area clinic and sanitary restrooms.

This project also included the setting up of second level for federations, the building of its access steps, continuation of the East corridor and expansion of public access sanitary restrooms, bleachers' waterproofing, disabled access ramp to bleachers construction, tunneling and subterranean room for the Olympic-sized and warming-up pools, while these last obtained a glazed tile finishing on their walls and bottom and the replacement of

filtros y redes hidráulicas; además de la iluminación realizada con luminarias para alcanzar una intensidad luminosa mínima de 600 LUX.

Mayor realce se dio a los Juegos El Salvador 2002 con la construcción de nuevos escenarios como el Complejo de Ecuestre en San Andrés, el Complejo Deportivo Santa Ana, el Estadio de Voleibol de Playa en San Salvador, el Complejo Deportivo de Tiro Olímpico y Armas Neumáticas, nuevas canchas de tenis y el Polígono de Tiro con Arco de 18 y 25 metros en el Complejo Deportivo Merliot.

El Complejo de Ecuestre en San Andrés cuenta con un área de cuarentena, pista de concurso, pista de Paddok y pista de calentamiento. El Complejo Deportivo Santa Ana esta conformado por Dogouts, sala de informática, cabina de transmisión, sala antidoping y diamante de Béisbol, y el Estadio de Voleibol de Playa en San Salvador, posee su cancha y graderíos para el publico con capacidad para 1200 personas.

Mientras que en Complejo deportivo de Merliot, el Complejo Deportivo de Tiro Olímpico y Armas Neumáticas se amplió en el sector del Polígono de Tiro de 10 metros, incluyendo nueva iluminación en la línea de Tiro y en la zona de blancos; y, en el polígono de 25 y 50 metros se construyeron muros de retención y parabalas de madera. Sin dejar atrás la construcción de cuatro canchas de tenis y una media cancha que se utilizará para calentamiento.

Cabe destacar que también en el Lago de Coatepeque, escenario principal de las competencias de remo, se realizó el proyecto de construcción de la casa de botes de unos 481 $m^2$, así como la construcción de la bodega para almacenamiento de los equipos, dos fosas para remos al interior de la casa de botes y muebles para botes.

En su mayoría, los remodelados escenarios deportivos de El Salvador complementaron sus modernas estructuras con nuevos sistemas de iluminación, instalación de equipos de sonido interiores y exteriores, pisos y gramas sintéticas, y las nuevas duelas en el Palacio de los Deportes y el Gimnasio Nacional "Adolfo Pineda".

Es así como El Salvador esta más que preparado para una cultura deportiva de alta calidad, ofreciendo a la ciudadanía más de una docena de modernos escenarios para el desarrollo de múltiples disciplinas.

the pumping, filtering and hydraulic networks systems, besides a lighting system set up with lights of at least 600 LUX minimum luminous intensity.

Greater relevance was given to the Games El Salvador 2002 with the building of new sceneries such as the San Andrés Equestrian Complex, Santa Ana Sports Complex, the Beach Volleyball Stadium in San Salvador, the Pressurized Air Weapons and Olympic Shooting sports area, new Tennis Courts and the Archery Drawing field for 18 and 25 meters distance targets, these last two (2) within the Merliot Sports Complex, also renewed for the occasion.

For example, the San Andrés Equestrian Complex possesses a quarantine area, competition track field, Paddock track field and warming up track field. Santa Ana Sports Complex is constituted by dugouts, data processing room, radio transmissions booth, anti-doping control room and Baseball Diamond, and the Beach Volleyball Stadium in San Salvador now has its sand field and bleachers for the public with a 1200 people capacity.

Meanwhile, at the Merliot Sports Complex, the Archery Drawing field and Pressurized Air Weapons and Olympic Shooting area was expanded in the 10 meters range shooting sector of the Complex, including new illumination on the shooting range and the targets zone, and within the 25 and 50 meters shooting ranges were built contention walls and wooden bullet stoppers. All of that without leaving behind the construction of four (4) Tennis courts and a half-area field that will be used as warming up site.

It is to be pointed out that at Coatepeque lake, the main scenery for rowing competitions, was built a boats house of some 481 square meters as well as a warehouse for equipments storage, two racks for oars and furniture for boats.

Most of the remodeled sports venues in El Salvador complemented their modern structures with new illumination systems, interior and exterior field sound speakers, new floors and synthetic grass as well as the new wooden floors for BKB, Greco-Roman Wrestling and other sports at the Sports Palace and the "Adolfo Pineda" National Gymnasium.

Thus it is how El Salvador is now more than ever ready for a high-quality sporting culture, offering to its people over a dozen of state-of-the-art sceneries for the staging and cultivation of multiple sports disciplines.

# Dirección de Acreditaciones
# Accreditations Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción
## Staging of the XIXth. games: COSSAL instructions in action

## Dirección de Acreditaciones

La Dirección de Acreditaciones definió los mecanismos de acreditaciones de la totalidad del personal oficial de cada delegación, de acuerdo a lo ya establecido por la Organización Deportiva Centroamericana y del Caribe (ODECABE).

Se coordinó la operatividad de la acreditación en cuanto a formas, códigos de registro, fechas, accesos, controles, duplicaciones y otros aspectos, en conjunto con empresas destacadas como la Española MSL y World Site.

Además, se coordinó con otras direcciones del COSSAL para efectos generales de acreditación y, en aspectos más específicos, como con la Dirección Técnicas, para conocer los datos de cada delegación (números, calidades y fechas); y, con Transporte y Logística para movilizar a su personal hacia las áreas y localidades en que este proceso se realizó durante los Juegos. También, coordinó con Seguridad el cumplimiento exacto de los reglamentos correspondientes.

De esa manera logró su objetivo de organizar el mecanismo de acreditación, según una programación, hasta con el área de voluntarios, personal de COSSAL-INDES, COES, Federaciones deportivas, contingentes salvadoreños, jueces y árbitros nacionales e internacionales, periodistas locales y extranjeros, entre otros. En total está dirección logró acreditar a 6,066 entre atletas y delegados oficiales, distinguiéndose por ser la primera vez que en los Juegos, las acreditaciones fuesen a través de Internet.

## Accreditations Direction

The Accreditations Direction was in charge to define the accrediting procedures to follow for the totality of the official personnel of each Delegation according to the already established mainlines by the Central América and Caribbean Sports Organization (CACSO).

It coordinated the operational system of accrediting steps as for ways, registry codes, dates, access to areas, controls, duplications and other aspects, together with outstanding enterprises such as the Spaniard MSL and World Site.

Besides, it coordinated with other COSSAL Directions to the general purposes of accreditation and, in more specific aspects, like with the Technical Direction, in order to know about each Delegation data (numbers, categories, qualities and dates), and with the Logistics and Transportation one, in order to mobilize its personnel towards the areas and locals wherein this process was fulfilled previous to and during the Games. Also, it had to coordinate with the Security Direction the exact compliance of the corresponding norms, rules and regulations.

Such is the way how it reached its objective of organizing the accreditation procedure according a program, even for the volunteers' service area, COSSAL-INDES and COES personnel, sports federations, Salvadoran sports men and women groups and their relatives, local and foreign journalists, national and international referees and umpires, amongst others. In total, this Direction reached the accreditation record of 6066 people amongst athletes and official delegates, at the same time being remarkable for being the first time along the History of the Games that accreditations were granted and delivered through Internet.

# Dirección Técnica
# Technical Direction

## Desarrollo de los XIX Juegos: direcciones de COSSAL en acción

## Staging of the XIXth. games: COSSAL instructions in action

## Dirección Técnica

La responsabilidad delegada a la Dirección Técnica, por parte del Comité Directivo del COSSAL y bajo la supervisión sistemática de su Dirección General y con el apoyo de las demás Unidades Operativas, produjo los eficientes resultados obtenidos al clausurar los Juegos, gracias al liderazgo que se nos permitió ejercer en la conducción de las FN's que participaran en el Programa Oficial.

Dentro de las actividades desarrolladas previo a los Juegos, destaca la elaboración del Plan Operativo, cuyo documento básicamente constó de tres áreas: Los principales aspectos a considerar por los Coordinadores Técnicos; el Cronograma de la Dirección Técnica y la estrategia reflexiva sobre las acciones del proceso.

Se definieron aspectos importantes para esta dirección, como la estructura, en la que prevaleció la elaboración del organigrama de la misma, con el establecimiento de cinco sectores, de los cuales el primero tuvo la responsabilidad directa de los Jueces y Árbitros; mientras que los otros cuatro, divididos por características propias de las treinta y tres disciplinas deportivas del programa.

En cuanto a funciones, se desarrolló todo el proceso de la elaboración de los instructivos de competencia y todo lo referente al equipamiento deportivo; se hizo el seguimiento y propuesta de las instalaciones deportivas; definición de jueces nacionales e internacionales; inscripciones tanto numérica como nominal.

Se produjeron documentos especiales, como manuales de introducción de equinos y sus medicamentos, aperos y alimentos. Así como el respectivo manual de introducción de armas, y así como el de municiones.

Se entregó un total de ocho informes en igual número de visitas realizadas por la Comisión Técnica de ODECABE, esto como informes de avances del trabajo realizado.

## Technical Direction

The responsibility delegated onto the Technical Direction by COSSAL Executive Board and under the systematic supervision of its General Direction and with the support of all else operational units, produced the efficient results obtained at the end of the Games, thanks to the leadership that the means to our disposal let us to perform in the efficient conduction of the national federations that took part in the official program of the event.

Amongst activities fulfilled previous to the Games stands out the elaboration of the Operational Plan, document which basically consisted of three (3) areas: The main aspects to consider by Technical Coordinators, the Technical Direction' chronogram and the brainstorming strategy on the process actions to take. This Direction important aspects were defined such as the structure, wherein the main thing was the elaboration of the organic chart of the same wherein five (5) definite sectors were established, out of the which the first received the responsibility for the umpires and referees and the other four (4) were divided according features proper to the thirty three (33) sporting disciplines out of the which consisted the program.

As about the functions, it developed the full process of competition manuals and everything related to sports equipment use; it followed-up and proposed the sports sceneries, defined the national and international referees and umpires and was in charge of both nominal and numeric registry entries in order to take part. Special documents were produced, such as equines and their medicaments, riding gears, and horses foodstuffs introduction manuals as well as the respective weapons and ammunition introduction manual.

A total of eight (8) reports were submitted for an ecual number of visits made by CACSO Technical Committee as briefs on actual work advances.

# Resultados positivos de Dopaje

Aunque los XIX Juegos Centroamericanos y del Caribe fueron exitosos en todas sus dimensiones, no pudieron librarse de los casos de dopaje positivo que se dieron entre algunos de los atletas participantes. Sin embargo, hay que aclarar que únicamente fueron 12 los casos y que la resolución de la ODECABE, en cada uno de los casos, fue la siguiente:

**CASO # 1**
Nombre: José Raúl Rosario
País: Puerto Rico
Deporte: Baloncesto
Número de muestra: 800269
Evento: Final
Posición: Plata
Sustancia. Nandrolona

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente que recibió, así como la comunicación a la Federación Internacional respectiva.

**CASO # 2**
Nombre: Elia Fontanet
País: Puerto Rico
Deporte: Balonmano
Número de muestra: 321540
Evento: Semifinal
Posición: Bronce
Sustancia: Efedrina (más que 10 g/ml)

CONCLUSIÓN: Considerando que el atleta violó el Código Antidopaje del Movimiento Olímpico, clase de sustancias prohibidas 1-A Estimulantes, la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación que recibió, así como la comunicación a la Federación Internacional respectiva.

# Positive Doping results

Even though the XIX Central American and Caribbean Games were successful in every aspect, they could not be free enough of some positive doping results cases occurred amongst the sports men and women who took part in them. Nonetheless, it is to be here stated that there were only twelve (12) cases and that the respective CACSO resolution, for each and every case, was as follows:

**CASE # 1:**
Name: José Raúl Rosario.
Country: Puerto Rico.
Sport: Basketball.
Sample number: 800269.
Event: Final.
Position: Silver plated medal.
Substance: Nandrolone.

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the Olympic International Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sports specialty.

**CASE # 2:**

Name: Elia Fontanet.
Country: Puerto Rico.
Sport: Handball.
Sample number: 321540.
Event: Semifinals.
Position: Bronze plated medal.
Substance: Ephedrine (more than 3 grms. / ml.).

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the Olympic International Movement, forbidden substances kind 1-A Stimulants, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of her sports specialty.

**CASO # 3**
Nombre: Tomás Orlando Quiñónez
País: Puerto Rico
Deporte: Balonmano
Número de muestra: 199063
Evento: Semifinal
Posición: Bronce
Sustancia: Boldenone

CONCLUSIÓN:
Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente que recibió, así como la comunicación a la Federación Internacional respectiva.

**CASO # 4**
Nombre: José Goldschmied
País: México
Deporte: Judo
Número de muestra: 800211
Evento: Final
Posición: Plata
Sustancia: Nandrolona (más que 5.0 ug/ml)

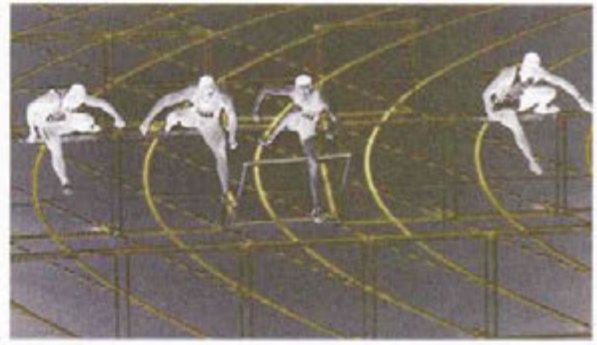
CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASO # 5**
Nombre: Soirée García Meléndez
País: México
Deporte: Judo
Número de muestra: 800192
Evento: Semifinal
Posición: Bronce
Sustancia: Nandrolona (más de 25ug/ml)

**CASE # 3:**
Name: Tomás Orlando Quiñónez.
Country: Puerto Rico.
Sport: Handball.
Sample number: 199063.
Event: Semifinals.
Position: Bronze plated medal.
Substance: Boldenone.

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the Olympic International Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sports specialty.

**CASE # 4:**
Name: José Goldschmied.
Country: México.
Sport: Judo.
Sample number: 800211.
Event: Final.
Position: Silver plated medal.
Substance: Nandrolone (more than 5.0 units per grm. / ml.).



***CONCLUSION:***
Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sports specialty.

**CASE # 5:**
Name: Soirée García Meléndez.
Country: México.
Sport: Judo.
Sample number: 800192.
Event: Semifinals.
Position: Bronze plated medal.
Substance: Nandrolone (more than 25 units per grm./ml.).

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASOS # 6 Y 7**
Nombre: Lorena Rosa Semi
País: República Dominicana
Deporte: Atletismo
Número de muestra: 800078 y 800652
Evento: 400 mts femenino y 4 x 100 femenino
Posición: Plata y Oro
Sustancia: Nandrolona (más de 25ug/ml)

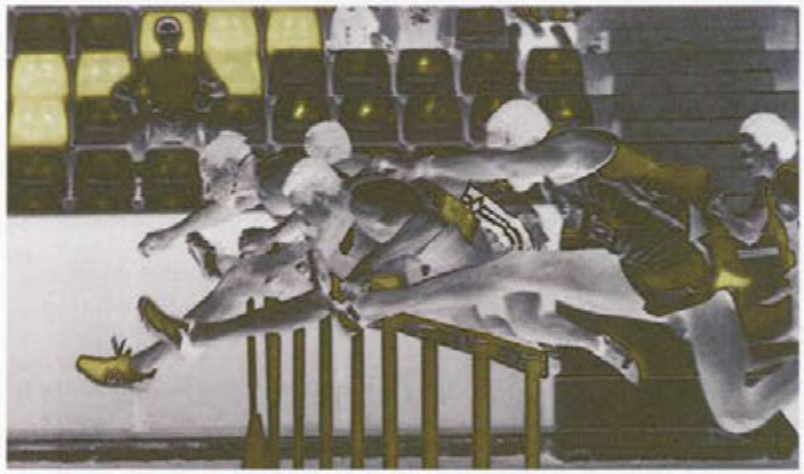
CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASO # 8**
Nombre: Elio Enai Rojas Suriel
País: República Dominicana
Deporte: Boxeo
Número de muestra: 800171
Evento: Final
Posición: Oro
Sustancia: Furosemide

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional Apéndice "A" de las clases de sustancias prohibidas, literal "D" que corresponde a "Diuréticos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of her sports specialty.

**CASES # 6 AND # 7:**
Name: Lorena Rosa Semi.
Country: Dominican Republic.
Sport: Athletics.
Sample numbers: 80078 and 800652.
Event: Four hundred (400) meters and 4 x 100 feminine categories.
Positions: Gold and Silver plated medals.
Substance: Nadrolone (more than 25 units per grm. / ml.).



**CONCLUSION:** Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of her sports specialty.

**CASE # 8:**
Name: Elio Enai Rojas Suriel.
Country: Dominican Republic.
Sport: Boxing.
Sample number: 800171.
Event: Final.
Position: Gold plated medal.
Substance: Furosemide.

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kind of forbidden substances, literal "D" corresponding to diuretics, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal

la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASO # 9**
Nombre: Fernando Enrique Brol Cárdenas
País: Guatemala
Deporte: Tiro al plato
Número de muestra: 199080
Evento: Doble fosa
Posición: Oro
Sustancias: Boldenona y Stanozolol

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASO # 10**
Nombre: Cristian Mosquera
País: Colombia
Deporte: Lucha Grecorromana
Número de muestra: 800200
Evento: Final
Posición: Oro
Sustancia: Nandrolona (mas de 25ug/ml)

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal "C" que corresponde a "Agentes Anabólicos", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente, así como la comunicación a la Federación Internacional respectiva.

**CASO # 11**
Nombre: Alfonso Brown
País: Panamá
Deporte: Béisbol
Número de muestra: 800471

and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sports specialty.

**CASE # 9:**
Name: Fernando Enrique Brol Cárdenas.
Country: Guatemala.
Sport: Skeet.
Sample number: 199080.
Event: Double trap.
Position: Gold plated medal.
Substances: Boldenone and Stanozolol.

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sports specialty.

**CASE # 10:**
Name: Cristina Mosquera.
Country: Colombia.
Sport: Greco-Roman Wrestling.
Sample number: 800200.
Event: Final.
Position: Gold plated medal.
Substance: Nandrolone (more than 25 units per grm. / lt.).

***CONCLUSION:*** Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "C" corresponding to "Anabolic Agents" category, CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of her sport specialty.

**CASE # 11:**
Name: Alfonso Brown.
Country: Panamá.
Sport: Baseball.
Sample number: 800471.

Evento: Final
Posición: Oro
Sustancia : Anfetamina

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional Apéndice "A" de las clases de sustancias prohibidas, literal, "A" que corresponde a "Estimulantes", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente que recibió, así como la comunicación a la Federación Internacional respectiva.

**CASO # 12**
Nombre: Freddy Herrera
País: Panamá
Deporte: Béisbol
Número de muestra: 800479
Evento: Final
Posición: Oro
Sustancia: Anfetamina

CONCLUSIÓN: Considerando que el atleta violó la norma del Código Antidopaje del Movimiento Olímpico Internacional, Apéndice "A" de las clases de sustancias prohibidas, literal, "A" que corresponde a "Estimulantes", la Comisión Médica de ODECABE recomienda la exclusión del atleta de los XIX Juegos Deportivos Centroamericanos y del Caribe y consecuentemente el retiro de la medalla y premiación correspondiente que recibió, así como la comunicación a la Federación Internacional respectiva.

Luego de que estos resultados se hicieran oficiales, también se aclaró que el medallero final tendría cambios. Por lo que México totalizó 361 medallas, perdiendo 2 de las 363 del medallero anterior; Venezuela, pese a sus resultados, se favoreció al quedar con las mismas 289 medallas; Colombia pasó de 180 a 179 medallas; Republica Dominicana se mantuvo con 132; Puerto Rico se favoreció con una medalla más, cambiando de 139 a 140; Guatemala descendió de 92 a 90 medallas; El Salvador logró subir de 123 a 124; y, Jamaica redujo sus 24 medallas a 23. Los demás países mantuvieron los mismos totales de medallas dado a que los resultados de las pruebas no les afectaron.

Event: Final.
Position: Gold plated medal.
Substance: Amphetamine.

CONCLUSION: Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "A" corresponding to "Stimulants", CACSO Medical Committee recommended the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sport specialty.

**CASE # 12:**
Name: Freddy Herrera.
Country: Panamá.
Sport: Baseball.
Sample number: 800479.
Event: Final.
Position: Gold plated medal.
Substance: Amphetamine.

CONCLUSION: Considering that the athlete violated the norm of the Anti-Doping Control Code of the International Olympic Movement, Appendix "A" on the kinds of forbidden substances, literal "A" corresponding to "Stimulants", CACSO Medical Committee recommends the exclusion of the athlete out of the XIXth. Central American and Caribbean Games and, consequently, the retrieval of the medal and attached award received out of CACSO Committee, as well as to report it to the respective international federation of his sport specialty.

After these results were declared official, it was also made clear that the final medal counter would suffer the corresponding changes. Therefore, México totalized 361 medals, loosing two (2) out of the previous 363 medals count; Venezuela, despite the results, was favored by the results, remaining with the same 289 medals as before; Colombia went from 180 to 179 medals; Dominica Republic retained the same total of 132 as before; Puerto Rico was favored with one more medal in relation to its previous count, changing from 139 to 140; Guatemala descended to 90 out of 92 medals; El Salvador gained one more from 123 to 124 and Jamaica diminished from 24 to 23 medals. All else countries retained the same medals count totals as before since the results of the anti-doping tests did not affect any of their athletes.

Triunfo por la patria.

COSAL
Comité Organizador El Salvador 2002

EL SALVADOR 2002

EL SALVADOR 2002

## Una burla al deporte

*El Príncipe Alberto de Mónaco fue una de las máximas figuras internacionales que estuvo en los Juegos.*
*Prince Albert of Mónaco was one of the topmost international celebrities who were present at the Games.*

El éxito deportivo y la brillantez de los países participantes hicieron pasar desapercibida la ausencia de Cuba en los XIX Juegos, sin embargo como Comité Organizador no podemos dejar de plasmar nuestra posición ante lo que a todas luces se dio como una burla al deporte.

Cuba boicoteó nuestros Juegos y no asistió, amparándose en un pobre argumento de inseguridad. Esta noticia fue dada a conocer el 26 de octubre de 2002.

Más allá del impacto económico que esta deserción representó para el COSSAL, la cual ronda en varios cientos de miles de dólares, lamentamos la ingenuidad y poca altura de los dirigentes deportivos de la isla, quienes buscando imponer una justificación que no hiciera ver peor a sus gobernantes, intentaron hacer creer a la comunidad internacional, que se trataba de una decisión tomada de un día para otro, lo cual contradice cualquier razonamiento honesto, porque una decisión de tal naturaleza se discute y reflexiona ampliamente.

Los países miembros de la ODECABE fueron testigos de cómo en la reunión de Jefes de Misión celebrada en agosto de 2002, los delegados de Cuba se unieron a las amplias felicitaciones que se le brindaron al COSSAL por el eficiente plan de trabajo expuesto, destacándose, principalmente, áreas de mucha trascendencia para el éxito de los Juegos, tales como Villa, transporte, alimentación y seguridad.

Dos hechos que delatan antideportiva actitud de los cubanos, y que pusieron en evidencia la incapacidad de sus autoridades deportivas cubanas para controlar lo ocurrido, es que apenas el 23 de octubre, cuando se cerró el plazo de inscripción nominal de atletas, cumplieron con ese requisito, con una nutrida participación de 840 deportistas.

## A deceit to sport

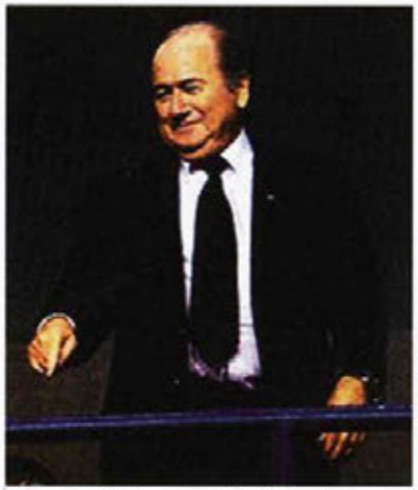
The sports triumphs and the brilliance of the performance of the countries taking part made to pass out unnoticed the absence of Cuba out of the XIXth. Games, nevertheless, as Organizing Committee we can not abstain to express our position respecting what, from all sides, was a deceit to sporting spirit. Cuba boycotted our Games and did not assist, alleging for it a poor argument on the basis of not enough safety nor security. This notice was made public on October 26th. of 2002.-

Beyond the economic impact that this desertion represented for COSSAL Organizing Committee, which meant around several hundreds of thousands dollars, we regret the ingenuity and baseness of the sports leaders of the island, who, looking to impose an excuse that did not display worst than the island's rulers have already been before everyone, attempted to convince the international community this was a decision taken overnight, something against any honest reasoning because a such nature decision is normally discussed and reflected upon it time enough.

CACSO member countries were witnesses of how in the Mission Chiefs' meeting celebrated during August 2002, Cuba's delegates joined to the effusive congratulations offered to COSSAL Organizing Committee due to its efficiently explained stage-on plan, when, mainly, were outstanding several transcendental areas for the Games' success, such as CABE Village, transportation, feeding and, of course, safety and security.

*Jacques Rogge, presidente del COI y la campeona mundial Ana Guevara elogiaron la hospitalidad y seguridad con la que se les atendió.*
*Jacques Rogge, President of the IOC and world championess Ana Guevara praised the hospitality and security that was offered them to.*

Two facts that reveal the contrary to sports attitude of Cubans and which evidenced the incapacity of their sports authorities to control the ongoing participation was that it was hardly on October 23rd., when the period for nominal registry of athletes was closed, they had already fulfilled that requisite, with a large participation of 840 sports men and women.



*Joseph Blatter, presidente de la FIFA, siguión las competencias de fútbol.*

*Joseph Blatter, FIFA President, followed actively the Soccer competitions.*

Peor aún fue cuando Humberto Rodríguez, Presidente del INDER cubano, anunció la llegada a San Salvador de una avanzada de la delegación, la cual estaría en territorio salvadoreño el 13 de noviembre, para que posteriormente llegara el resto de la delegación en vuelos programados para los días 18, 20 y 23.

Pero esta burla hacia la comunidad deportiva de Centro América y el Caribe, no fue capaz de parar los Juegos, los cuales tuvieron ingredientes especiales con la presencia de auténticos jerarcas del ámbito mundial como el Príncipe Alberto de Mónaco; el Presidente de Venezuela, Hugo Chávez; el Presidente del Comité Olímpico Internacional, Jacques Rogge; el Presidente de la FIFA, Joseph Blatter y el Presidente de la ODEPA, Mario Vásquez Raña, por mencionar a algunos, quienes gracias a las medidas de seguridad ofrecidas, convirtieron en sus casas por unos instantes a El Salvador.

Si bien como Comité Organizador, esta medida alteró nuestra agenda en aspectos de logística, ya que se habían establecido mecanismos de servicio para los cubanos, en rubros como transporte, alimentación y hospedaje, en los que invertimos dinero y tiempo, lo cual nadie nos indemnizará, tenemos la moral para declararnos defraudados y condenar este juego sucio que atenta contra la transparencia y nobleza del deporte.

Everything looked even worst when Humberto Rodriguez, President of Cuban Sports Institute of the Revolution (INDER), announced the arrival to San Salvador of an advance group of the Cuba Delegation, the which, according him, would be on Salvadoran territory on November 13rd., so that later on could land all the rest of the Delegation on programmed flights for November 18th., 20th. and 23rd. arrival dates.

*El presidente de Venezuela, Hugo Chávez, inauguró la actividad en el remo.*

*Hugo Chávez, President of Venezuela, inaugurated the tournament activity of the rowing sport.*

But this ordinary deceit to the Central American and Caribbean sports community was not able to undermine the Games, which received special spicy ingredients with the presence of real world personalities such as Prince Albert of Mónaco; Hugo Chávez, President of Venezuela; Jacques Rogge, President of the International Olympic Committee; Joseph Blatter, FIFA President; and Mario Vásquez Raña, President of ODEPA (Pan-American Sports Organization by its acronym in Spanish), just to mention a few, all of whom, thanks to the safety and security measures here provided them to, made El Salvador their home away from home for a few days during their stay.

Although it must be stated that, as Organizing Committee, this erratic actions certainly altered our logistics agenda, since the proceedings to welcome and serve the Cuban Delegation had already been established on lines such as transportation, feeding, security and lodging, aspects on which we invested time, efforts and money that nobody will reimburse us, we got the moral qualification to declare ourselves deceived by this Cuban attitude and to condemn this foul play which outrages the transparency and the nobility that should be always ascribed to sports celebrations.

## A sporting legacy

CAPITULO / CHAPTER V

COSAL
Comité Organizador
El Salvador 2002

## Orgullo salvadoreño

Los XIX Juegos representaban una oportunidad de crecimiento en todos los aspectos para El Salvador, entre los que destacaba con mucho entusiasmo era la renovación de la Infraestructura deportiva, cuyo resultado final es motivo de orgullo nacional.

Las exigencias de calidad sobrepasaban la capacidad ya instalada en el país, por lo que había que trabajar para responder a los requerimientos internacionales que rigen los Juegos. Fue así, que basados en una estructura de trabajo bien organizada, se da paso a lo que fue la inversión en Infraestructura, la cual alcanzó los 20 millones de dólares.

En la mayoría de los casos se trató de la reconstrucción de escenarios, ya que un alto porcentaje de estos ya existía, sin embargo las transformaciones realizadas fueron espectaculares, como lo demostraron el Estadio Nacional Flor Blanca y el Complejo para Deportes Acuáticos, por mencionar algunos.

Del presupuesto asignado para este rubro, se destinaron 5 millones 886 mil 211 dólares con 84 centavos, para la compra del equipo deportivo que los organismos internacionales solicitaron para el desarrollo de las competencias de sus respectivos deportes.

Sin lugar a dudas esta es la herencia más grande que los Juegos le brindan al deporte salvadoreño, lo cual le permitirá crecer en cantidad y calidad, lo que a la vez lo avala como importante candidato para la organización de futuros eventos de similar magnitud.

## Salvadoran pride

The XIX CAC Games represented a growth opportunity in all aspects for El Salvador, and one that was relevant ever since the beginning with a lot of local enthusiasm was the related to national sports infrastructure renovation, the final result of the which is a motive of national pride. Quality requests surpassed by far the already laid-on capacity of the country, reason why it was necessary to work hard in order to satisfy the international requisites that are demanded for and rule these Games.

So was it that, based on a well organized work structure, steps were taken to what became the venues installation and renovation investment, which reached 20 million dollars. In most of cases it was all about sceneries rebuilding, since a high percentage of the same already existed, nonetheless, the executed transformations were truly spectacular, as showed by "Flor Blanca" National Stadium and the Aquatic Sports Complex, to mention just some of all. Out of the budget assigned to this area, 5 millions 886 thousands 211 dollars plus 84 dollar cents were destined to the purchase of the sports equipments and materials that the international organizations requested for the staging of the tournaments of their respective sports.

No doubt this is the greatest legacy the Games offered to Salvadoran sport, something which will allow it to grow in quality and quantity and at the same time enables it as an important candidate for future events of similar staging magnitude.

Capacidad: 35,000 personas

Competencias realizadas:
Atletismo fútbol y pentatlón moderno.
Además sirvió de escenario para la inauguración y actos de clausura.

Fecha de competencias:
Atletismo – del 1 al 6 de Diciembre
Pentatlón moderno – del 6 al 7 de Diciembre

COSSAL
Comité Organizador
El Salvador 2002

El Salvador 2002

El Salvador 2002

## Villa Centroamericana y del Caribe

La Universidad de El Salvador, fundada el 16 de febrero de 1841, encierra históricamente hechos trascendentales e inolvidables que han estremecido directamente a la población salvadoreña y principalmente al sector estudiantil que en ella se desarrolla.

Las puertas; del siglo XXI se abren con otro panorama para el campus del Alma Mater, la fuerza del deporte, convertida en fenómeno social se hace presente y brinda el inicio de una nueva historia.

A 151 años de su fundación, la Universidad de El Salvador surge con orgullo y entusiasmo, para celebrar uno de los eventos de mayor trascendencia nacional como son los XIX Juegos Deportivos Centroamericanos y del Caribe, en los que participan 31 países y más de 7 mil atletas que compitieron arduamente por obtener los mejores resultados.

### Inauguración de la Villa CABE

1º de noviembre de 2002 fecha memorable y trascendental para la educación en el país, la Universidad de El Salvador muestra su nueva cara, sus edificios modernos con colores llamativos le dieron la bienvenida a los atletas de los XIX Juegos que se albergarían en el nuevo recinto.

Ese día se realizó el traspaso simbólico y temporal a las autoridades del Comité Organizador, El Salvador 2002 que tenían como objetivo utilizar las instalaciones de la Ciudad Universitaria, como de ambiente la Villa Centroamericana y del Caribe de los XIX Juegos.

Con entusiasmo y orgullo el Ing. Enrique Molins, Presidente del COSSAL expresó que "recibimos estas instalaciones comprometiéndose a devolverlas a mediados de diciembre para que en enero ya se puedan usar todos los edificios en nuevo ciclo académico".

Esto refleja que no sólo ha beneficiado al área deportiva, sino también al área académica, ya que es la única Universidad en El Salvador que cuenta con instalaciones modernas que benefician física y académicamente a miles de estudiantes, según el Ing. Molins esta extraordinaria infraestructura que heredará la Universidad

## Central American and Caribbean Village

The University of El Salvador, founded February 16th. of 1841, holds within its campus History transcendental and unforgettable events that have straightforwardly shaken, one way or the other, Salvadoran people and most specially the students' sector of it comprehended within its installations. But the doors of XXIth. Century seem to open to a different panorama for the campus of this Alma Mater because the strain of sport turned into a social phenomenon, makes act of presence and offers the beginning of a new History for this campus.

After 151 years of its original founding, the University of El Salvador raises with pride and enthusiasm in order to celebrate one of the most transcendental National events as were the XIXth. Central American and Caribbean Games, wherein took part of them 7 thousands athletes of both sexes who competed hard enough to obtain the best results out of themselves.

### CAC Village Opening Ceremony

On November 1rst. of 2002, memorable and transcendental date for the educational effort of our country, the University of El Salvador uncovered its new face, its modern buildings covered by attractive colors welcomed the sports men and women committed to the XIXth. Games tournaments who were to be hosted by the new venue installations. That very day was executed the symbolic and temporary transfer of the campus area control to the authorities of the Organizing Committee, El Salvador 2002, whose purpose was to use the University Citadel venues as the habitat area for the famed Central American and Caribbean Varsity Village of the Central American and Caribbean Village.

Full of enthusiasm and pride, the President of COSSAL Organizing Committee, Engineer Enrique Molins expressed the following: -"*We receive these venues with the compromise to give them back by the middle of December so that by January it shall be possible to use again all of the buildings for the yearly new academic activities cycle*".

This expression reflects that not only the sporting area was improved, but also the academic field, because it is the only University in El Salvador that, from now

es un mensaje muy claro del espíritu de colaboración y respeto que debe prevalecer entre la UES y el Gobierno.

Asimismo, el Ing. Molins agregó que este proyecto no se habría podido realizar sin la colaboración del Gobierno de El Salvador presidido por el Lic. Francisco Flores y el apoyo de la Dra. María Isabel Rodríguez , Rectora de la UES, ya que en ellos se encontró el apoyo necesario para que este proyecto se convirtiera en una realidad. Es por esta razón que la Rectora de la UES expresó también que "realizo este traslado temporal con el mayor de los gustos, con la mayor de las satisfacciones porque en el INDES y COSSAL hemos encontrado comprensión y compañerismo".

Además, la Rectora expresó "que la cristalización de este programa de desarrollo de la educación integral en El Salvador, no habría podido realizarse sin el firme apoyo del Banco Centroamericano de Integración Económica (BCIE)".

"Este rico y nuevo patrimonio de Universidad" dijo la rectora, "se convertirá en una herencia deportiva a través de los Juegos Deportivos Centroamericanos y del Caribe que después de 67 años se realizan hoy en nuestro país, legado significativo que modernizará la educación superior".

Este legado del siglo XXI se convertirá en un patrimonio cultural e histórico que después de muchos meses de trabajo, ahora cuenta con 16 edificios reconstruidos, 4 construidos, la reparación de 5 auditorium y la creación de un Complejo Deportivo Universitario moderno. Todo esto con una inversión de 30 millones de dólares ($30.000.000).

La Universidad de El Salvador resurge desde los escombros y se presenta imperiosa para darle la bienvenida a los XIX Juegos, reflejando la unidad que existe entre educación y deporte; manteniendo el firme concepto que el deporte es ciencia, es cultura, es educación del carácter y del cuerpo, es parte integral en el desarrollo del hombre.

on, has as a part of it modern venues that benefit both physically and academically thousands of students. According Eng. Molins this extraordinary infrastructure that the University of El Salvador will inherit as a legacy, is a very clear message of the spirit of cooperation and mutual respect that should exist between our Alma Mater and the Government.

In the same way, Eng. Molins added that this project could not have been built without the aide of the Salvadoran Government presided by Mister Francisco Flores and the support of Doctor María Isabel Rodríguez, Rector of the National University, because it was through them that was provided by different sectors the needed support to make this project come true. It is for this reason that the University Rector also expressed, during the ceremony, that "*... I fulfill this temporary transfer with the greatest pleasure and great satisfaction, because at COSSAL and INDES institutions we have found camaraderie and comprehension*".

*Besides, the Rector lady expressed that "the materialization of this integral educational development program in El Salvador, would not have been possible without the strong support of the Central American Bank of Economic Integration (BCIE)".*

*-"This rich and new patrimony thus inherited to our University",* said the Rector, *"will become a sporting heritage through the Central American and Caribbean Games which, after 67 years since the last time, now take place again in our country, significant heritage which undoubtedly will modernize superior education".*

This legacy of the beginning of the XXIrst. Century will now become a cultural and historic heritage which, after many months of hard building and reconstruction works, we can say that now possesses 16 reconstructed buildings, 4 just newly built for this, the repair works of already existent 5 auditoriums and the setting up of a state-of-the-age University Sporting Complex. All of these totalizing an investment of 30 millions of dollars (US $ 30,000,000. 00).

Thus, the new University of El Salvador emerges out and up from the disasters' rubble leftovers to welcome the XIX Games, projecting the union that must exist amongst education and sport; keeping strongly the main idea that sport activity is science, culture, education both of body and temper, and an integral part of Human fulfillment and development.

## MÁXIMA SEGURIDAD

La Villa Centroamericana y del Caribe contó con 500 hombres que están a cargo de brindar seguridad, en esta intervienen la Fuerza Armada, la Policía Nacional Civil (PNC), personal de la UES-voluntariado de COSSAL y La Unidad de Mantenimiento del Orden (UMO), que estuvieron al servicio las 24 horas del día, afirma el Gobernador de la Villa, Tte. Cnl José Atilio Benítez Parada.

La Villa CABE esta conformada por un Complejo Deportivo Universitario y veintitrés edificios que albergaran alrededor de 7 mil atletas que participan en los XIX Juegos Centroamericanos y del Caribe, El Salvador 2002.

Este futurista Complejo Deportivo consta de un estadio de fútbol, una pista sintética de atletismo y un polideportivo con canchas de baloncesto, voleibol, papi fútbol, salón para boxeo, cubículo de ajedrez, instalaciones de tenis de mesa, salas para judo, levantamiento de pesas y una piscina olímpica de diez carriles.

La Villa CABE ha sido habilitada desde el primero de noviembre y se abrió oficialmente a los atletas y delegados oficiales el 18 de noviembre, ya que los estatutos de la ODECABE establece que debe abrirse cinco días antes del evento y se cierra tres días después de la clausura, afirmó el Gobernador.

## MAXIMUN SECURITY

The Central American and Caribbean Village was granted five hundreds (500) men in charge of offering it safety and security, areas in the which were involved the Armed Forces, the National Civilian Police (PNC), personnel from the National University of El Salvador (UES) and volunteers of COSSAL Organizing Committee, as well as the PNC's special Order Enforcing Unit (UMO, by its acronym in Sp.- Note of the T.), all of whom as a whole served the watch and well-being of the visitor athletes all around the clock, according to the Village Military Governor, Lieutenant Colonel José Atilio Benítez Parada.

CABE Village was made-up out of a University Sporting Complex and twenty three (23) permanent buildings which hosted the around 7 thousands sports men and women who came to take part in the CAC Central American and Caribbean Games, El Salvador 2002.

This futuristic Sporting Complex is constituted by, amongst other venues, a Soccer stadium, a synthetic Athletics track and a multi-sports complex made out of Basketball, Volleyball and Master Soccer fields, Boxing ring, Chess-playing hall, Table Tennis area, Judo wrestling area, Weightlifting gymnasium and an Olympic-sized swimming pool of ten (10) lanes width, with bathrooms and lockers for each.

CABE Village was fully equipped since November 1rst. of 2002 and was officially opened to the athletes and delegates to the Games on November 18th. of the same year, because it is established in CACSO rules and regulations that such an official regional Games Village must be opened five (5) days before the event and must be closed three (3) days after the the official Closing Ceremony of such Games, affirmed the Military Governor of the venue.

# Participantes por País / Participants by Country

## Colombia (COL)

**FEMENINO/ FEMININE:**
JARAMILLO CALDERÓN Constanza
LONDOÑO CAMARGO Tatiana

**MASCULINO/ MASCULINE:**
CARDOSO ULLOA Wilson
DIAZ KRAUS Rodrigo
GUIO PUERTO Javier
MULLER GONZÁLEZ Andres
MUÑOZ Eduardo
MUÑOZ José Alexander
PARRA BAUTISTA César Alberto
RAMÍREZ Carlos Hernando
RODRÍGUEZ CAMACHO David Andrés
TORRES GONZÁLEZ M.G.
VILLA GUERRA Ricardo Alberto
ZARABANDA FUENTES W.M.

## Costa Rica (CRC)

**FEMENINO/ FEMININE:**
ARES RIVET Carole
HERRERA ARAUZ Gloriana
QUIRÓS TANZI Marianne

**MASCULINO/ MASCULINE:**
DELGADO CERDAS Óscar
ESQUIVEL SEEVERS Ignacio
FERNÁNDEZ ACEVEDO M.L.
NUÑEZ LINARES Luis Alberto
NUÑEZ LUTLMANN Andrés
PERALTA COLLADO Alfredo
QUIRÓS CORDERO Luis Enrique
ROJAS CRUZ Ricardo

## Rep. Dominicana (DOM)

**FEMENINO/ FEMININE:**
DOYLE Vanessa Lee
GÓMEZ RODRÍGUEZ Nimia Lisette
LOSOS DE MUNIZ Yvonne Sylvia
PORRELLO LOVATON Gabriela
RAMOS BAEZ Diana María
RICART VERDEJA María Gabriela

**MASCULINO/ MASCULINE:**
BANCALARI ELMUDESI Juan José
BERGES ROJAS José Humberto
FERNÁNDEZ DÍAZ George Arsenio
FLORENTINO ROCA Héctor
GÓMEZ VÁSQUEZ Arnaldo
HACHE ACTA Martín
MARTÍNEZ RIJO Víctor
PIMENTEL SCHAPER Éric Rafael

## El Salvador (ESA)

**FEMENINO/ FEMININE:**
BARRERA RUBIO Carmen Elena
BORJAS CHÁVEZ Rocío Beatriz
MEZA DE ESTRADA Claudia Elena
ROMÁN CEPEDA Cristina María

**MASCULINO/ MASCULINE:**
BOLAÑOS BARRIOS Juan Manuel
CRIOLLO MEJÍA Pablo Darío
CHÁVEZ ESCOBAR Rogelio Alfredo
DÁRDANO SOSA Jorge Antonio
ESPINOZA Juan Francisco
GRACIAS Milton
GUTIÉRREZ Óscar Manuel
HILL TINOCO Eduardo Antonio
JACO DE ESCOBAR Naun De Jesús
PORTILLO PEÑA Enrique Alberto
RODRÍGUEZ MURCIA Roberto
ROMANO CRUZ José Dimas
SÁNCHEZ CORDERO Elder Donato
TOBAR ULLOA Herbert Alfredo
VÁSQUEZ GARCÍA Juan Carlos

## Guatemala (GUA)

**FEMENINO/ FEMININE:**
CASTILLO DE TEJADA Isabel
DAUBER DE ARIAS Christa
MARROQUÍN VELA Lenica María
PIVARAL DE DEL RÍO María Inés
ROESCH GÁLVEZ Silvia
TEJADA CASTILLO Analee
TEJADA DE CASTILLO María

**MASCULINO/ MASCULINE:**
AYCINENA VALVERDE Alfredo E.
CASTILLO TEJADA E.A
CORDÓN ENGEL Ricardo Alfredo
HERBRUGER Federico A.
HERNÁNDEZ SALAZAR R.A.
HEURTEMATTE ALEJOS R.A.
MANSILLA VARGAS Jaime Humberto
OVALLE GÁTICA Juan Manuel
PAIZ PREM José Fernando
PINEDA JACOBO Edgar Rolando
PIRIR SOC Gilberto Sebastian
PIRIR SOC José Antonio
PIVARAL AYCINENA Juan Pablo
SAENZ LEHNNHOFF Luis Fernando
SÁNCHEZ SAMAYOA José Christian
SUEIRAS LEMUS Carlos Gonzalo

## Honduras (HON)

**MASCULINO/ MASCULINE:**
SIERRA Cristian Josué

## Islas vírgenes/Virgin Islands (ISV)

**FEMENINO/ FEMININE:**
HEWITT Lucy Hamilton

## Panamá (PAN)

**FEMENINO/ FEMININE:**
MIZRACHI MATALON Gabriela

## Puerto Rico (PUR)

**FEMENINO/ FEMININE:**
MOJICA SÁNCHEZ Gruschenka N.
RUÍZ Sandra Marina

**MASCULINO/ MASCULINE:**
APONTE Juan Carlos
TRESS ROIG Francis Irwin
WATRING Mark Allen

## Venezuela (VEN)

**FEMENINO/ FEMININE:**
ARMAS DE MÁRQUEZ Cecilia
BORGES Norvis
ERASO BLOHM Clara Margarita
NAGEL SERRANO Farida Inés
ROMERO DE BECHARA Adriana
RUBESA MARTÍNEZ Irma

**MASCULINO/ MASCULINE:**
CHIRINOS DORANTE Pedro José
MÁRQUEZ Jhonny
MARTÍNEZ M. DE OCA Antonio
RODRÍGUEZ César
ROSALES Alberto
SALAZAR SOLÓRZANO Henry José
SARMIENTO Miguel
TORRES Pedro

## México (MEX)

**FEMENINO/ FEMININE:**
AMOROS RIEFKOHL Karina
AZCARRAGA DE SURMONT Ariana
MOGUEL GARCIA Daniela
O FARRILL Claudia Lorenza
PERALTA TERAN María de Lourdes
WILLEY DE APARICIO Victoria

**MASCULINO/ MASCULINE:**
AMBRIZ TOVAR Gildardo
ARAMBULA VIVEROS Erick
ARIAS LARA José Manuel
CAMPOS PARADA Jesús Adrián
CAMPUZANO ZAMBRANO Manuel
CARRILLO CAMPUZANO A.A.
CEPEDA DE HOYOS Arnoldo Jaime
ENRÍQUEZ CASTILLO Eugenio
FERNÁNDEZ ALBA Salvador
FIGUEROA ROMERO F.A.
GAMBOA GUZMÁN Homero Lucio
GÓMEZ BENET Alfonso
GONZÁLEZ DELGADO Enrique
GONZÁLEZ MARTÍNEZ Luis Ubaldo
GUTIÉRREZ AJA Pedro
GUZMÁN GARCÍA Óscar
HERNÁNDEZ GARCÍA Arturo
MARTÍNEZ MENA José
MICHAN HALBINGER Alberto
MILLS TOPETE Alejandro
MINOR CASTILLO Aaron
NIZRI GUASP Simón
OJEDA SERRANO Abraham

## Participantes por País / Participants by Country

### Colombia (COL)

**FEMENINO/ FEMININE:**
GALEANO RÍOS Sonia Stella
VIVAS RODRÍGUEZ Alexandra
BAENA GUZMÁN Cecilia Margarita
MÉNDEZ Leiby Briggitte
MARTÍNEZ TABORDA Kelly Ximena
GALEANO RÍOS Leidy Yolanda

**MASCULINO/ MASCULINE:**
GARZÓN ORDÓÑEZ Nelson
RUEDA TORRES Miguel Enrique
ALJURE OSORIO Alejandro
SARMIENTO David Leonardo
ROSERO CALAD Diego
ARIZA RINCÓN Anderson

### Costa Rica (CRC)

**MASCULINO/ MASCULINE:**
OLIVARES CORTÉS Esteban
MORENO CHÁVEZ Alexánder
CHEN HERCE Antonio
ARCE ALVARADO Alberth

### Rep. Dominicana (DOM)

**FEMENINO/ FEMININE:**
RODRÍGUEZ Carina

**MASCULINO/ MASCULINE:**
ACEVEDO Domingo Alberto
MATEO PERALTA Félix Andres
ESTRELLA Miguel de Jesús

### El Salvador (ESA)

**FEMENINO/ FEMININE:**
SALAZAR Cristina Guadalupe
RAMOS Evelyn Jeannette
PLATERO RODAS Diana Stefanni

**MASCULINO/ MASCULINE:**
MORÁN INTERIANO Héctor Eduardo
HUEZO Vladimir Alexánder
HERNÁNDEZ REYES Carlos Eduardo
CASTRO MOLINA Rodrigo José
CASTILLO Jonathan Alexánder
RAMOS David Antonio

### Guatemala (GUA)

**FEMENINO/ FEMININE:**
MONTERROSO SANTOS Mercy Noemi
JIMÉNEZ María Fernanda
GUTIÉRREZ Cecilia María

**MASCULINO/ MASCULINE:**
TZUL LÓPEZ Marco Vinicio

### México (MEX)

**FEMENINO/ FEMININE:**
ELÍAS Verónica Araceli
YÁÑEZ Magda Carolina
CELEDÓN Daniela Yamilette

**MASCULINO/ MASCULINE:**
AGUILAR FERNÁNDEZ B.I.
MONDRAGÓN NAVA Gian Carlo
VÁZQUEZ Pedro Alejandro
PIÑA CALDERÓN Carlos Ángel
BELTRAN HERNÁNDEZ René Adrian
ILLESCAS AMADOR Marcos
MELÉNDEZ TÓRREZ Javier

### Puerto Rico (PUR)

**MASCULINO/ MASCULINE:**
RODRÍGUEZ MALARET Michael Luis

### Venezuela (VEN)

**FEMENINO/ FEMININE:**
SAAVEDRA PÉREZ Eva Andreina
SANTOS RAMÍREZ Paola Andrea
GIMÉNEZ LUNA América
PARRA CARRIEDO Edicsa

**MASCULINO/ MASCULINE:**
JARDINE ALVARADO Juan José
GARCÍA RODRÍGUEZ Elías Eduardo
QUIROGA AGUILAR José Manuel
IBÁÑEZ PÉREZ Humberto
PARRA Ronald
ARCILA ALFONSO Fabián

# PARTICIPANTES POR PAÍS / PARTICIPANTS BY COUNTRY

## BARBADOS (BAR)

**FEMENINO/ FEMININE:**
ARMSTRONG Jennifer Louise
EVELYN Kristina Denise
GOODRIDGE Andrea Kathy-ann

**MASCULINO/ MASCULINE:**
CUMBERBATCH Gavin William
WHITE Marlon Sylston
GOODRIDGE Fabian Omar
SIMPSON Shawn Orson Darwin

## BERMUDAS

**MASCULINO/ MASCULINE:**
CAINES Melrindo
STOUT James Alexander
KYME Nicholas Stanley

## COLOMBIA (COL)

**FEMENINO/ FEMININE:**
DE REYES LANFRANCO Mariana
ANGULO RUGELES Silvia Victoria
GUEVARA VALLEJO Liliana María
RESTREPO TAMAYO María Isabel

**MASCULINO/ MASCULINE:**
MONTOYA CORREA Santiago Adolfo
RODRÍGUEZ FORERO Miguel Angel
SAMPER GARCIA DEL DIESTRO B.A.
JARAMILLO GIL Over Arturo

## REP. DOMINICANA (DOM)

**MASCULINO/ MASCULINE:**
NOVAS ARIAS Emmanuel Alejandro
IZQUIERDO SOÑE M.F.
MANZANO IRISARRI Luis José
AYBAR Tancredo

## EL SALVADOR (ESA)

**FEMENINO/ FEMININE:**
HIDALGO DE ECHEVERRÍA C.P.
VEGA DE MIGUEL Ana Carolina
CAMPOS DE O FARREL C.M.
AISEMBERG TOBAR Frayda Sima

**MASCULINO/ MASCULINE:**
SCHONENBERG Carlos Eduardo
IMBERTON HIDALGO Santiago
WEISSKOPF GARZONA W.R.
CORONADO CALDERON José Nelson

## GUATEMALA (GUA)

**MASCULINO/ MASCULINE:**
MARTÍNEZ SOBRAL AYCINENA J.
ASTURIAS CEREZO Luis Diego
PENSABENE LLARENA Santiago
MARTÍNEZ SOBRAL AYCINENA J.M.

## GUYANA

**FEMENINO/ FEMININE:**
FERNANDES Nicolette Mary - Lou
SHUFFLER Kathleen
LILICO Jillian

**MASCULINO/ MASCULINE:**
FRASER Walter John Luke
FERNANDES Robert John Jr
WEITHERS Maxim
BADRINATH Shawn Anthony

## JAMAICA

**FEMENINO/ FEMININE:**
LUE-yen Melissa
ANDERSON Karen
BINNIE Gillian
WEST Marlene

**MASCULINO/ MASCULINE:**
BULLOCK James
BURROWES Warren
SMITH Steve
BURROWES Wayne
PRESCOD Ronald

## SANTA LUCÍA

**MASCULINO/ MASCULINE:**
SONSON Charles

## MÉXICO (MEX)

**FEMENINO/ FEMININE:**
HUERTA ACOSTA Diana
HERRERA ZÚÑIGA Karina
TERAN QUINTANILLA Samantha
CASTILLO HERNÁNDEZ Maricela

**MASCULINO/ MASCULINE:**
GÁLVEZ SÁNCHEZ Érick
BALTAZAR FERREIRA Jorge Isaac
AGUILAR ROGEL Mariano
SÁNCHEZ DE LA PAZ Mauricio

## SAN VICENTE Y LAS GRANADINAS

**MASCULINO/ MASCULINE:**
SLATER Sherian
BENTICK James

## A todos...¡Muchas gracias!

Este documento es la culminación de muchas horas de trabajo, es la materialización del triunfo salvadoreño en la organización de los XIX Juegos.

Nuestro objetivo ha sido reunir todos los componentes del montaje de los Juegos, para entregárselos en su mano y que los disfrute con la misma emoción, como cuando el 23 de noviembre de 2002, los salvadoreños cantamos en la inauguración que el triunfo es una pasión.

La conjugación de muchos talentos permitió seleccionar entre un universo de 8000 fotografías, las 281 que le dan vida e ilustran esta memoria, para que en la retina del deporte Centroamericano y del Caribe, quede grabada la imagen esplendorosa de El Salvador.

Nuestro agradecimiento no tiene límites, porque la historia deportiva salvadoreña está escrita con letras de Oro, esas mismas con las que se trazó la ruta de los XIX Juegos, por ello: ¡A todos...Muchas gracias!

## To all of you...thanks a lot

This document is the culmination of a lot of hard work hours and the materialization of salvadoran success in the staging on of the XIX Games.

Our goal has been to join together all of the Games staging on in order to hand them out to you so you may enjoy'em with the same emotion as when on november 23rd of 2002, we salvadorans sung at the opening ceremony that the quest for triumph is a passion.

The meeting together of a lot of talents let us to select amongst a task universe of 8000 pictures the 281 chosen that live-up and ilustrate this work memoir, so that on the retina of Central American and Caribbean sport, may rest imprinted the splendorous image of El Salvador.

Our gratitude has no limits, because salvadoran sport history is now engraved with golden letters, the same with which was traced the way to the XIX Games because of it all: To all of you...thanks a lot!

XIX Juegos Deportivos Centroamericanos y del Caribe / Central American and Caribbean Games
